

# FORGING AHEAD

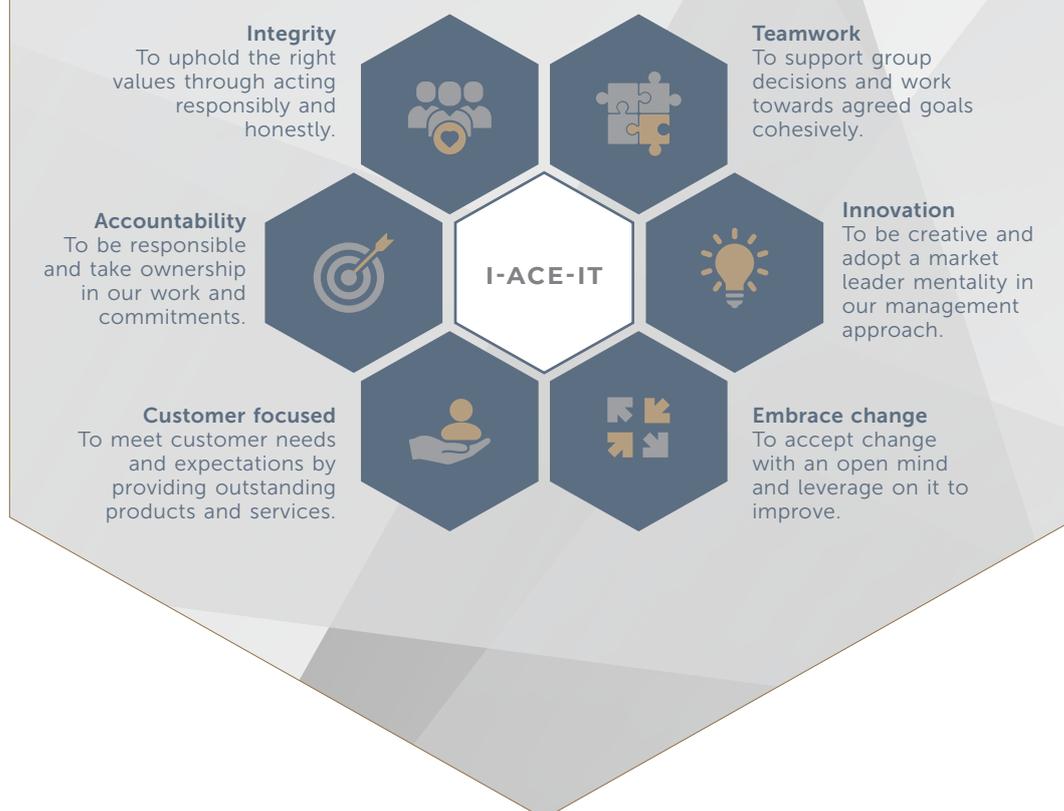

# VISION

To be a market leader by creating sustainable growth through **diversification, innovation** and **organization excellence**, contributing to all our stakeholders - our customers, our people, our shareholders, our environment and our society.

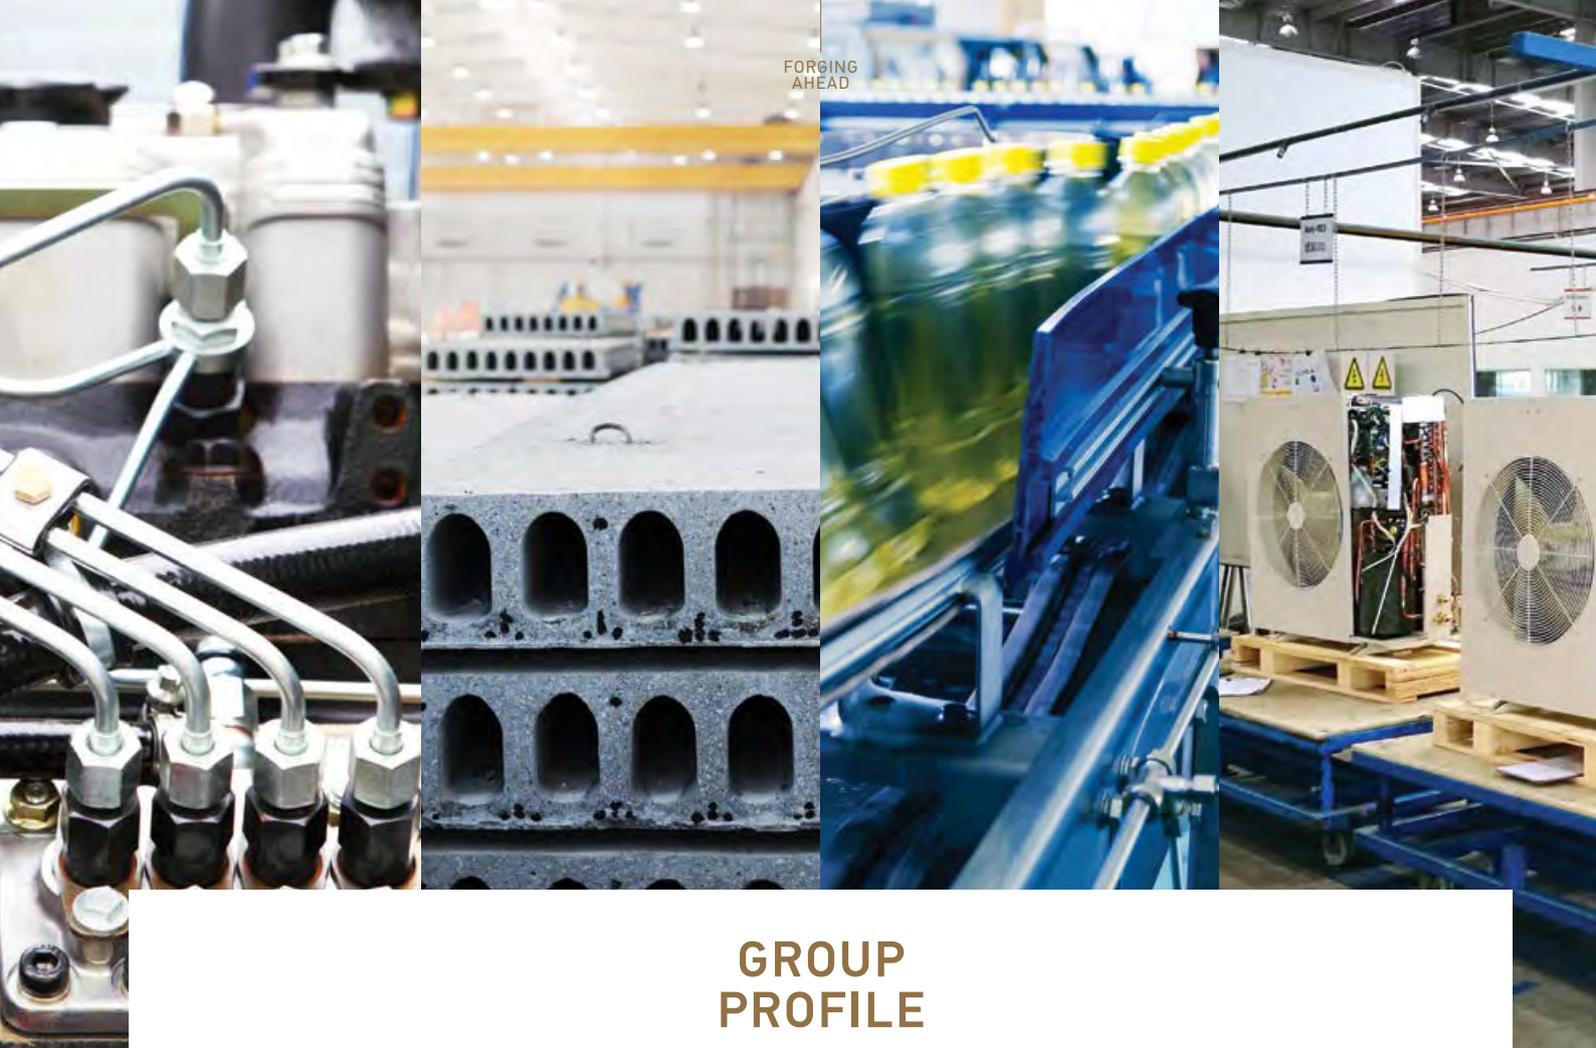

## INTRODUCTION

Achieving our vision will only be through the combined effort of each member of the Group, steered by our six core values. Together, these sum up our attitude towards tackling challenges in an ever-changing economic environment: **"I-ACE-IT"**.

## GROUP PROFILE

Listed on the Singapore Stock Exchange since 1998, Hong Leong Asia (HLA) is the Trade & Industry arm of Singapore conglomerate Hong Leong Group and one of the region's major players with operations in China and across Southeast Asia. With its head office based in Singapore and its management team, the Group combines best management practices with a deep understanding of Asian culture and local sensibilities. Its diverse management portfolio includes diesel engines, the building materials supply chain, rigid plastic packaging and air-conditioning systems.

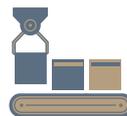

### DIESEL ENGINES UNIT

China Yuchai International Limited's principal operating subsidiary is one of China's largest engine manufacturers. It manufactures, assembles and sells a variety of light-, medium- and heavy-duty engines for trucks, buses, passenger vehicles, industrial equipment, and marine and agriculture applications, and also provides maintenance and retrofitting services.

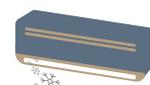

### BUILDING MATERIALS UNIT

The Building Materials Group is one of the largest suppliers of essential building materials to the construction industry in Singapore. It sells all grades of ready-mix concrete and is the largest producer of precast concrete elements for public housing construction. Its Malaysia subsidiary Tasek Corporation is the fourth largest cement producer.

### RIGID PLASTIC PACKAGING UNIT

Rex manufactures and distributes a wide range of rigid plastic packaging products for the industrial and consumer packaging markets. Its operational facilities based in China produce bottles, closures, jerry cans, pails and drums which are supplied to segments such as personal care, food & beverage, household, lubricants and chemicals.

### AIR-CONDITIONING SYSTEMS

Airwell is engaged in the design, manufacture and distribution of air-conditioning (AC) systems, such as central AC systems and floor heating used in residential, commercial and industrial applications. Its production facility is based in China, and its products are exported to Asia and Europe, marketed under the brands Airwell and Fedders.

## CHAIRMAN'S MESSAGE

### Dear Shareholders,

On behalf of the Board of Directors, I wish to present the Annual Report for the year ended 31 December 2019 ("FY2019").

### YEAR IN REVIEW

Business conditions were extremely challenging in 2019 and this is now compounded by the outbreak of COVID-19.

The year witnessed heightened tension, from military threats to trade disputes between China and the United States. While the trade tensions ended with a temporary truce in the form of a phase one deal, uncertainty remains. Globalization has turned into regional trade blocs with slower global economic growth. This has resulted in rate cuts, most notably with the Federal Reserve cutting interest rates three times during 2019, reversing nearly all of 2018's rate increases.

2019 also saw volatility in oil prices which began with spikes caused by the attack on Saudi oil production facilities, and gradually dipped due to weak economic data and alternative in shale oil and recently crashing further with the oil price war between Saudi Arabia and Russia.

Regional currencies weakened against the United States dollar pushing up costs of imported raw materials.

### DIESEL ENGINES ("YUCHAI")

Yuchai continues its journey on investing for growth and its future.

In line with the government's policies on sustainability, Yuchai aims to be among the first engine manufacturers to achieve new emission standards as and when set by the Chinese government. I am proud to add that Yuchai was among the first to sell and distribute National VI gas engines when they were made mandatory in mid-2019.

While non-gas National VI and Tier-4 diesel engines are still not mandatory nation-wide in China until mid-2021, Yuchai, having made considerable investments in improving emission standard of its engines, has already shipped more than 20,000 National VI compliant engines to its major OEM customers in 2019. This is further affirmation of our commitment to be an early adopter as a manufacturer of more environmentally-friendly engines.

Yuchai shipped  
**>20,000**  
National VI compliant engines to  
major OEM customers in 2019

The Singapore construction industry  
reached its five-year high at  
**\$33.4 billion**  
in 2019 with increased investments  
in public housing, infrastructure and  
private sector projects.

## CHAIRMAN'S MESSAGE

“Yuchai continues its journey on investing for growth and its future. In line with the government’s policies on sustainability, Yuchai aims to be among the first engine manufacturers to achieve new emission standards as and when set by the Chinese government.”

## CHAIRMAN'S MESSAGE

As a further demonstration of its commitment and dedication to embrace technology in its products, Yuchai has embarked on expanding its product range to include fuel cell, hybrid system, electrification, range extender and eCVT powertrain systems. To date, it has launched 4 new energy powertrain system platforms including integrated powertrain system and fuel cell system.

Yuchai has about 700 engineers involved in research and development, with several of them having qualifications at the Doctorate and Masters' degree levels. It has a dedicated research and development center in Nanning and more than 2,000 patents registered.

Yuchai has continued to expand its international foot print and now exports its engines globally, most notably to the Asian and African continents.

### BUILDING MATERIALS

The Singapore construction industry reached its five-year high at \$33.4 billion in 2019 with increased investments in public housing, infrastructure and private sector projects. This translated to a 9.5% year-on-year increase. As a result, demand for building materials in Singapore rose in 2019.

The Group's building material unit in Singapore benefited from this rising demand, particularly in the ready-mix concrete segment.

The Group continued to be amongst one of the top suppliers of ready-mix concrete, precast and cement in Singapore with strong order books.

As part of its strategy to have a ready and assured source of raw materials for its building materials business unit, the Group entered into an arrangement, in early 2020, wherein it has an off-take purchase agreement for its granite needs with an Indonesian quarry owner. The Group is also exploring similar upstream integration opportunities in its Malaysian operations.

The Group's Integrated Construction and Prefabrication Hub ("ICPH") at Pulau Punggol Barat is in the midst of construction and was initially targeted for completion by end 2021. However, as a result of the ongoing COVID-19 pandemic, building and construction activities have been hampered, resulting in a delay of the timeline. Barring no other unforeseen circumstances, the ICPH facility is now expected to be completed in the first half of 2022 and fully operational in the first half of 2023.

The Group continued to be amongst one of the **top suppliers** of ready-mix concrete, precast and cement in Singapore with strong order books.

### RIGID PLASTIC PACKAGING ("REX") & AIR-CONDITIONING SYSTEMS ("AIRWELL")

The economic slowdown in China affected the operations of the Rex and Airwell business units. The Group is exploring various options on the future directions of Rex and Airwell.

### SUSTAINABILITY

In its many years of experience in the industrial space and understanding its wider impact, the Group has reaped the benefits of the additional visibility that sustainability reporting provides, helping to further guide its sustainability goals and initiatives since it first began the journey four years ago. The learnings have been humbling and eye-opening, moreover, since the transition to the GRI standard last year, the Group looks forward to strengthening its sustainability plans to better align with its business objectives and growth strategy.

### ACTIONS ON COVID-19

The outbreak of COVID-19 brought to bear the need to safeguard employees' health and safety. To this end, I am proud to say that the Group has continually emphasized the importance to adherence to safety and health standards at its work place. To further enhance the safety and health of our employees, masks and hand sanitizers are made available to employees, twice daily temperature taking is put in place for all employees, employees are seated at least 1 metre apart, visitors to our work places are screened at the point of entry for fever and cough, contact tracing is facilitated where visitors are required to log in their contact details and where employees are required to be quarantined, paid leave is given.

Artist's Impression of ICPH

## CHAIRMAN'S MESSAGE

**“In view of an unpredictable business environment caused by the ongoing COVID-19 pandemic and the changing competitive landscape, we expect business conditions to be even more challenging in 2020...Meanwhile, the Group continues to explore investment opportunities to grow its business.”**

Additionally we have instituted Group-wide overseas travel bans, discouraged large group contact by organizing video and audio conferencing in lieu of physical meetings, begun to practise the habit of safe distancing measures, while strictly adhering to government directives and advisories.

We have also activated our Business Continuity Plan by segregating work groups in different locations including implementing work-from-home arrangements when necessary and have put in place a back-up site for our Building Materials business unit to mitigate challenges arising from any business disruptions.

### OUTLOOK

The outbreak of COVID-19 early this year has severely disrupted movements of goods, services and the populace. Many countries have already imposed restrictions including movement and border controls as the magnitude and severity of COVID-19 grew. While the development of vaccines is underway, various reports have suggested it would take quite some time to bring the outbreak under some form of control. Uncertainties remain which will result in more challenging conditions for the business communities.

While supply chains in China have gradually returned to normalcy, demand for industrial and consumer goods has dampened amid a slowdown in economic growth and outlook uncertainties. Asset replacements are being delayed and consumer spending turning cautious, more so in China as workers have lower disposable income from delays in returning to work. The seriousness and the impact of COVID-19 can be seen by the Federal Reserve Bank lowering its rate to near 0% on 15 March 2020.

The property overhang remains in Malaysia, which may affect recovery of the cement industry. The lack of

suitable sites and the difficulty in securing permits to operate batching plants as well as the shortage of skilled labour in Singapore and Malaysia will affect growth of the building materials industry in both countries.

### FORGING AHEAD

In view of an unpredictable business environment caused by the ongoing COVID-19 pandemic and the changing competitive landscape, we expect business conditions to be even more challenging in 2020.

While the Chinese government has been swift in their post-crisis support with the implementation of various policies, the outlook for economic recovery remains dampened due to the significant decline in external demand caused by the global spread of the virus.

The latest Circuit Breaker and Movement Control Order (MCO) measures imposed by the Singapore and Malaysia governments respectively, have adversely affected our Building Materials unit operations with only a few projects granted “essential” activity status. Almost immediately after, the episode of a major spike in the spread of COVID-19 in foreign worker dormitories further restricted activity which saw a nearly complete stop in the construction sector, including the shipment of precast carcass and raw materials in cement and aggregates. When the restriction orders are eventually lifted and even as our goods are ready for delivery, there is uncertainty in the readiness of our customers to resume their own operations and hence, we remain cautious on the pace of recovery.

The Group will continue in its efforts to (a) use alternative raw materials and alternative fuel in its cement plant for sustainability, (b) diversify its base of non-traditional sources of raw materials for its Singapore building material unit

as part of risk management, (c) explore vertical integration of its operations, (d) accelerate on its development and improvements of its diesel engines to be ahead of the competition, and (e) improve on its cost management to lower the cost of production.

Meanwhile, the Group continues to explore investment opportunities to grow its business.

### DIVIDENDS

Given the Group's and the Company's improved performance, the Board recommends a first and final dividend of one cent per share for FY2019.

### AWARDS AND ACCOLADES

Among the many achievements, we are proud to share the following awards and accolades won by Yuchai in 2019:

*No. 5 Research and Development Centre in Nanning*, China list of National Enterprise Technology Centre 2019 Ranking (a program managed by The National Development and Reform Commission);

*“Outstanding Company” award*, 40<sup>th</sup> Anniversary of China Association for Quality's Total Quality Management Program

### APPRECIATION

On behalf of the Board of Directors, I would like to express my thanks to our stakeholders including our shareholders, suppliers, customers and business associates for their continuing support. I would also thank my fellow Board members for their invaluable contributions, advice and guidance, and to the Management and staff for their dedication and commitment in the past year.

**KWEK LENG PECK**  
*Executive Chairman*  
30 April 2020

# 主席报告书

## 各位股东,

我谨代表董事会发表截至2019年12月31日的年度报告。

## 业务回顾

2019年的营商环境充满了挑战而目前更因为2019冠状病毒疫情(COVID-19)而恶化。

从中美的军事角力到贸易纠纷,这一年见证了加剧了的紧张局势。虽然贸易紧张局势以第一阶段协议的形式暂时休战,但不确定性依然存在。全球化已转换为经济增长较缓慢的区域贸易阵营。这导致了降息,最显著的是美国联邦储备局在2019年三次降息,几乎扳回了2018年所有调升的利率。

2019年油价也出现波动,开始是沙特阿拉伯石油生产设施遭到袭击后的猛升,以及由于经济数据疲软和页岩油替代因素而逐渐下滑,最近随着沙特阿拉伯和俄罗斯之间的油价战而进一步崩溃。

区域货币兑美元疲软推高了进口原材料的成本。

## 柴油发动机(“玉柴”)

玉柴继续为未来发展进行投资。

为配合政府的可持续性政策,玉柴的目标是成为首批达到中国政府制定的新排放标准的发动机制造商之一。我很自豪地补充,在2019年年中执行国六燃气排放标准发动机,玉柴是其中最早销售和分销国六燃气排放标准发动机的生产商之一。

虽然非燃气型排放标准的国六和四级柴油发动机在2021年年中之前仍不在中国全国强制使用,但玉柴在提高发动机排放标准方面做了大量的投资,2019年已经向主要原机械制造商客户运送了2万多台符合国六排放标准的发动机。这进一步肯定了我们要成为更环保发动机制造商的早期采用者的承诺。

**“玉柴继续为未来发展进行投资。为配合政府的可持续性政策,玉柴的目标是成为首批达到中国政府制定的新排放标准的发动机制造商之一。”**

为了进一步展示在产品中采用新技术的承诺和专注,玉柴已开始扩大产品范围以包括燃料电池、混合动力系统、电气化、旅程扩展器和eCVT动力总成系统。到目前为止已推出4个新能源动力总成系统平台,包括集成发电式动力总成系统与燃料电池系统。

玉柴约有700名工程师参与研发,其中数人拥有博士学位和硕士学位。在南宁设有专门的研发中心,注册专利超过2000项。

玉柴继续扩大国际足迹,现在已向全球出口发动机,其中最显著的是亚洲和非洲两大洲。

## 建筑材料

随着投资于公共住屋,基础建设和私人领域项目在2019年有所增加,新加坡建筑业达到334亿元的五年高点,同比增长了9.5%。因此,2019年新加坡对建筑材料的需求有所上升。

集团在新加坡的建筑材料业务受益于这不断增长的需求,特别是在预拌混凝土领域。

集团持续为新加坡最大的预拌混凝土,预制建材及水泥的供应商之一,拥有饱和的订单。

以确保为建筑材料业务提供现成与有保证的原材料来源,集团的战略之一一是于2020年初与印度尼西亚采石场者签订了花岗岩需求的承购协议。集团也正在探讨马来西亚业务中类似的上游整合机会。

集团在榜鹅西岛的综合建设和预制中心(“ICPH”)正在建设中,原本预计将于2021年底竣工,但是因为COVID-19疫

情的影响下,建筑工程受到阻碍导致了工程的延误。除非出现其他不可预见的情况,ICPH预料能在2022年首半年竣工并在2023年首半年全面投入运营。

## 硬质塑料包装(“Rex”)及空调系统(“Airwell”)

中国经济的放缓影响了Rex及Airwell业务的运作。集团正探讨两个业务未来方向的各种选项。

## 可持续性

在工业领域拥有多年经验并了解其更广泛的影响,集团从可持续发展报告提供的更多可见性中获益,自四年前开始可持续性报告以来,它进一步协助指导集团可持续发展目标和举措。这些学习是令人谦卑与大开眼界的,而且,自去年过渡到GRI标准以来,集团期待加强其可持续发展计划,以更好地与业务目标和增长战略紧密挂钩。

## 应对COVID-19的措施

COVID-19的爆发促成维护员工的健康和安全的迫切需要。为此,我自豪地指出,集团不断强调在工作场所遵守安全和健康标准的重要性。为了进一步提高员工的安全与健康,集团向员工提供口罩和洗手液,为所有员工每日测量两次体温,员工的座位至少相隔1米,进入工作地点的访客在入口处接受发烧和咳嗽筛查。为方便追踪接触者,来访者都需要登记其联系方式。当有员工需要被隔离,一律放有薪假。此外,我们还制定了全集团海外出行禁令,通过组织视频和音频会议代替实地会议来避免群聚,开始养成保持安全距离的习惯,同时严格遵守政府的指示和忠告。

# 主席报告书

**"鉴于COVID-19的持续流行和不断变化的竞争格局而导致商业环境的不可预测性,我们预计2020年的商业环境将更具挑战性... 集团继续探索投资机会以发展业务。"**

我们还启动了业务连续性计划,将不同工作组分部在不同地点,包括在有必要时居家办公的安排,并为我们的建筑材料业务设立后备地点,以舒缓因任何业务中断而产生的挑战。

## 展望未来

COVID-19的爆发扰乱了货物、服务和民众的流动。随着COVID-19疫情的规模和严重程度加大,各国已经实施各项限制措施,其中包括行动与边境管制。虽然疫苗正在研制的当儿,各种报告建议,要使疫情获得某种形式的控制还需要一段的时间。因此不确定性依然存在并给商界带来更具挑战性的环境。

尽管中国的供应链已逐渐恢复正常,但工业和消费品的需求在经济增长放缓和前景不明朗的情况下有所减弱。资产置换被推迟,消费者支出变得谨慎,在中国更是如此,因为工人延迟重返工作岗位导致了可支配收入的减少。COVID-19的严重性和影响可以在美国联邦储备银行于2020年3月15日将基准利率降至接近0%而显现。

马来西亚的房地产市场仍处停摆,这可能会影响水泥行业的恢复。缺乏合适的场地,难以获得经营混凝土配料厂的许可证,以及新加坡和马来西亚缺乏

熟练劳动力,将影响两国建筑材料业的发展。

## 向前迈进

鉴于COVID-19的持续流行和不断变化的竞争格局而导致商业环境的不可预测性,我们预计2020年的商业环境将更具挑战性。

尽管中国政府在危机后迅速出台各项支持政策,但由于病毒在全球传播造成国外需求大幅下降,经济复苏前景依然黯淡。

新加坡和马来西亚政府分别实施的最新阻断措施及行动管制令对我们的建筑材料部门运营产生了负面影响,只有少数项目获得了"必要"活动资格。紧接着,COVID-19在外籍客工宿舍中广泛传播,导致活动更进一步收紧,几乎使整个建筑领域陷入停摆的状态,包括预制混凝土架,水泥骨料原材料的运送。当限制令最终被解除时,即便我们能随时交付货物,但是我们的客户是否能恢复运作仍存在不确定性。因此,我们对复苏的速度仍然保持谨慎。

集团将继续努力:(甲)在其水泥厂使用替代原材料和替代燃料,以实现可持续性;(乙)作为风险管理的一部分而将新加坡建筑材料部原材料非传统来源多样化;(丙)探讨业务的纵向整合;(丁)加速柴油发动机的开发和改进,使其在竞争中处于领先地位和(戊)改进成本管理,以降低生产成本。

集团继续探索投资机会以发展业务。

## 股息

鉴于集团及公司的绩效有所改善,董事会建议在2019财年派发每股一分的股息。

## 奖项

在众多成就当中,我们很骄傲地分享玉柴在2019年获得的以下奖项:

2019中国国家企业技术中心排名(由国家发展和改革委员会管理的项目)获得南宁开发中心中的第五名;

中国质量协会全面质量管理项目40周年"优秀公司"奖。

## 感言

我谨代表董事会,感谢我们的利益相关者,包括我们的股东、供应商、客户和业务伙伴给予的持续支持。我还要感谢董事会其他成员作出的宝贵贡献、建议和指导,同时也要感谢管理层和工作人员在过去一年的努力与奉献。

## 郭令栢

执行主席

2020年4月30日

## CEO'S REVIEW

### Dear Shareholders,

I am pleased to present a review of our performance for the year ended 31 December 2019 ("FY2019").

#### MACROECONOMIC FACTORS

The trade tensions between the US and China had a cascading effect on the global economic environment. Growth slowed in countries where the Group operates. This caused, inter alia, increased cost in doing business, cautiousness in asset replacements and spending, subdued consumer demand and supply chain disruptions. Other macroeconomic factors that had an effect on the business environment include increased awareness in business sustainability and oil price volatility arising from political events.

#### FINANCIAL HIGHLIGHTS

The Group achieved a net profit attributable to the owners of the Company ("PATMI") of \$34.4 million in FY2019, a considerable improvement from the \$24.8 million (for continuing business only, disregarding the loss of \$30.8 million from discontinued operation) achieved a year ago. This translated to close to 39% year-on-year growth despite the Group incurring higher impairment losses in FY2019 compared to FY2018.

**"The Group achieved a net profit attributable to the owners of the Company ("PATMI") of \$34.4 million in FY2019, a considerable improvement from the \$24.8 million (for continuing business only, disregarding the loss of \$30.8 million from discontinued operation) achieved a year ago."**

On the back of an improved financial performance, net asset per share, at Group level, increased from 99.87 cents in FY2018 to 102.27 cents in FY2019, an increase of 2.40 cents per share. Earnings per share, on a weighted and on a fully diluted basis was 4.65 cents in FY2019, in contrast to loss per share of 1.37 cents in FY2018.

#### DIESEL ENGINES UNIT ("YUCHAI")

Yuchai is involved in the manufacture, assembly, sales and distribution of both on-road and off-road engines. It remains as one of China's leading independent diesel engine makers selling its products locally and internationally.

Statistics from the China Association of Automobile Manufacturers showed a decline in the demand of commercial

vehicles (excluding electric and gasoline vehicles) in 2019. Unit sales of truck and bus engines were down 4.7% and 2.6% respectively year-on-year.

Demand for internal combustion commercial vehicles in China can be influenced by inter alia, government policies in the form of subsidies as well as alternative transportation mode and electrification, the latter particularly for buses plying in cities.

Manufacturers of commercial vehicles continued to demand for lower prices for diesel engines in order to mitigate for losses incurred by their passenger cars business units. This pricing pressure was felt throughout the supply chain as diesel engines makers pressed for lower prices of component parts from their suppliers.

## CEO'S REVIEW

The Group achieved a net profit attributable to the owners of the Company ("PATMI") of

**\$34.4 million**

in FY2019

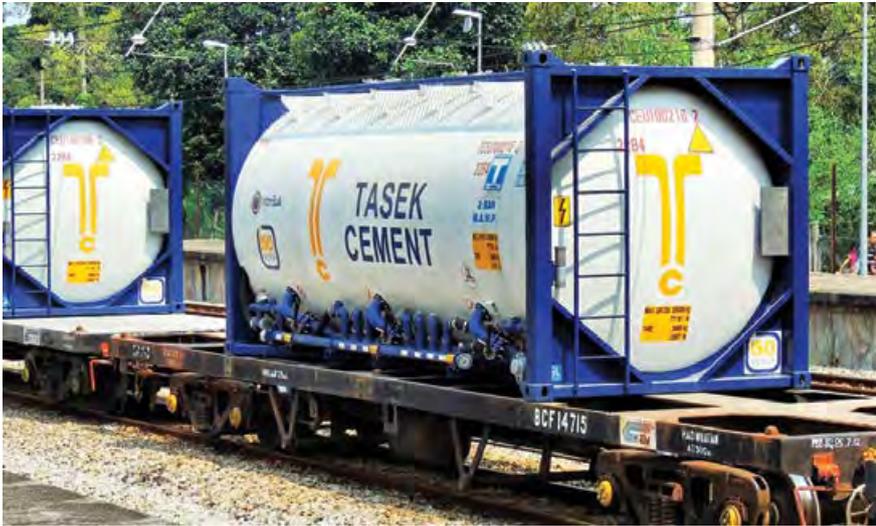

Sales of engines, made by Yuchai, to markets outside of China improved by

**>13%**

**year-on-year**

## CEO'S REVIEW

Other than commercial engines, Yuchai also manufactures and distributes off-road engines, which comprise, inter alia, engines used in agricultural machines, marine, power generators, forklifts and tractors. In contrast to the decline in commercial vehicles, Yuchai achieved more than 9% year-on-year growth in off-road engines sales. This was partly attributable to favourable government policies.

The need to invest in the development of National VI and Tier-4 engines, with their considerably higher emission standard, and which will become mandatory nation-wide in China in mid-2021, translated to more expenses in research and development.

Despite the declining market for automobiles, Yuchai sold 376,148 engines in FY2019, marginally more than the 375,731 engines sold in FY2018. Sales of engines, made by Yuchai, to markets outside of China improved by more than 13% year-on-year.

Net revenue reached \$3.5 billion, an increase of nearly 7% from a year ago. However profitability was affected by the need to invest in the development of higher emission standard National VI and Tier-4 engines. While the initial pricing of these engines was not attractive and thus eroded margins, it is necessary to gain an early foothold in this space. Gross margins were also affected by higher discounts demanded by customers.

### BUILDING MATERIALS UNIT ("BMG")

From the statistics published by the Singapore Building & Construction Authority, construction demand in Singapore rose by 9.5% year-on-year to more than \$33 billion in 2019. Both the private and public sectors contributed to the increase with the public sector contributing about 60% of the total construction demand. Continued investments in public housing and infrastructure projects as well as private sector industrial projects were contributory factors.

The stronger construction demand fueled a rising trend in raw material prices in binders, sand and granite. This had put some pressure on margins. However, the Group was able to mitigate this pressure through improved cost and expense management and increased efficiencies.

The financial performance of the integrated cement plant owned by Tasek Corporation Berhad suffered from the continued price competition and high production cost, the latter caused by higher electricity tariffs, plant maintenance and higher costs of imported material and spare parts largely due to the weakness of the Ringgit relative to US dollars. This was partly mitigated by improved performance by its ready-mix operations.

Despite some of these adverse developments, net revenue of BMG

rose more than 18% year-on-year to reach more than \$505 million in FY2019. BMG turned around from a loss incurred in FY2018 to a profit in FY2019.

Construction of the Integrated Construction and Prefabrication Hub ("ICPH") is now in progress. This highly automated ICPH, projected to be ready in 2023, will enable the Group to undertake more complex and higher value precast concrete jobs.

### RIGID PLASTIC PACKAGING

The economic slowdown in China and the flight of factories to outside of China, the latter largely a result of the China-United States trade war as well as increased enforcement by Chinese authorities on safety standards, softened demand for rigid plastic packaging goods. This weak demand was however mitigated by lower resin prices, and this had a positive effect on the performance of the Group's China operating units, which collectively achieved break-even in FY2019, in contrast to a loss a year ago.

### AIR-CONDITIONING SYSTEMS

Growth rate for air conditioners in China slowed to near zero from curbs on property prices, which weakened demand for real estate. This was compounded by price wars waged among the major air conditioner manufacturers in China. The Group's air conditioning systems unit continued to incur losses.

**TAN ENG KWEE**  
*Chief Executive Officer*  
30 April 2020

## 首席执行官回顾

### 各位股东,

我很荣幸在此与各位回顾本集团截至2019年12月31日的业绩表现（“2019财年”）。

### 宏观经济因素

美国与中国之间贸易紧张的局面对全球经济环境产生了连锁反应。集团所在国家的经济增长放缓。除其他外，这导致商业成本上升、谨慎于资产置换和消费、消费需求减弱和供应链被干扰。对商业环境产生影响的其他宏观经济因素，包括对企业可持续性意识的提高和政治事件引起的石油价格波动。

### 财务重点

本集团在2019财年取得归属股东的净利润（“PATMI”）为3,440万元，比一年前实现的2,480万元（来自持续经营的业务，不包含已终止经营的3,080万元亏损）有了显著的改善。尽管集团在2019财年的减值损失高于2018财年，但年比增长将近39%。

鉴于财务业绩的改善，集团的每股净资产从2018财年的99.87分，增至2019财年的102.27分，每股增长2.40分。2019

**“本集团在2019财年取得归属股东的净利润（“PATMI”）为3,440万元，比一年前实现的2,480万元（来自持续经营的业务，不包含已终止经营的3,080万元亏损）有了显著的改善。”**

财年，按加权和完全稀释计算的每股收益为4.65分，而2018财年每股亏损1.37分。

### 柴油发动机业务（“玉柴”）

玉柴从事道路用途与非道路用途发动机的制造、组装、销售和分销。它仍然是中国领先的独立柴油发动机制造商之一，产品在中国和国际市场销售。

中国汽车工业协会统计数据显示，2019年商用车（不包括电动和汽油车）的需求有所下降。卡车和公交客车发动机的销售额年比分别下降4.7%和2.6%。

中国对内燃发动机商用车的需求受到替代运输和电气化方式等政府政策与补贴的影响，后者尤其适用于在城市内行驶的公交客车。

商用车制造商为了减轻其汽车业务部门的损失，以继续要求降低柴油发动机的价格。由于柴油发动机制造商要求供应商降低零部件价格，整个供应链都感受到了定价压力。

除了商用发动机外，玉柴还制造和分销非道路用途的发动机，其中包括用于农业机械、船机、发电机、叉车和拖拉机的发动机。与商用车的下滑形成对比的是，玉柴的非道路用途发动机销量年比增长超过9%。这在一定程度上归咎于有利的政府政策。

由于排放标准的提高，加上中国将于2021年年中强制执行，投资于研制国六与四级发动机排放标准成需求，也因此转化为更高的研发费用。

## 首席执行官回顾

**"玉柴在 2019 财年售出了 376,148 台发动机, 略高于 2018 财年售出的 375,731 台发动机。玉柴生产的发动机在中国境外市场的销量同比增长超过 13%。"**

尽管汽车市场不断下滑,但玉柴在 2019 财年售出了 376,148 台发动机,略高于 2018 财年售出的 375,731 台发动机。玉柴生产的发动机在中国境外市场的销量同比增长超过 13%。

净销售收入达到 35 亿元,与去年同期增长近 7%。然而,盈利能力受到投资开发排放标准更高的国六和四级标准发动机的需求而受到影响。虽然这些发动机的初始定价不诱人因而削弱了利润,但集团有必要在这个领域尽早抢占据点。毛利润率也受到客户要求更高折扣的影响。

### 建筑材料业务 ("BMG")

根据新加坡建筑局公布的统计数据,2019 年新加坡的建筑需求同比增长 9.5%,超过 330 亿元。私营和公共领域都促成了增长,公共领域占建筑总需求的 60% 左右。持续对公共住房和基础设施项目以及私营领域的工业项目进行投资是促成的因素。

建筑需求旺盛,推动了粘合剂、沙石和花岗岩原料价格的上涨。这给利润率带来了一些压力。然而,集团成功通过改进成本和费用管理以及提高效率来减轻负面压力。

马来西亚大石公司拥有的综合水泥厂的财务业绩受到价格持续竞争和生产成本高涨的影响,生产成本高涨是因为电价、工厂维修和主要原于令吉相对于美元疲软所造成的较高进口材料和配件成本。其预拌混凝土业务表现有所改善,在一定程度上缓解了成本上升的劣势。

尽管出现了些不利发展状况,但 BMG 的净收入仍同比增长超过 18%,2019 财年达到超过 5.05 亿元,在 2019 财年转亏为盈。

综合建筑和预制中心 ("ICPH") 的建设正在进行中。这一高度自动化的 ICPH 设施预计在 2023 年竣工,将使集团能够从事更加复杂和高价值的预制混凝土作业。

### 硬质塑料包装业务

中国经济放缓和工厂迁出中国境外,而后者主要是因为中美贸易战以及中国当局对安全标准的执法力度加大,导致硬质塑料包装商品需求疲软。然而,树脂价格走低缓解了这种疲软的需求,这对集团中国运营部门的业绩产生了积极影响,与一年前的亏损相比,集团于中国的业务,在 2019 财年集体实现了收支平衡。

### 空调系统业务

由于中国实施房地产价格抑制导致房地产需求疲弱,中国空调系统需求的增长速度因此放缓至接近零的水平。再加上中国主要空调制造商之间的价格战更是雪上加霜,乃至集团的空调系统业务继续亏损。

# CORPORATE GOVERNANCE REPORT

Hong Leong Asia Ltd. (“**HLA**” or the “**Company**”) is committed to maintaining good corporate governance and business integrity in all its business activities, which is essential for the long-term sustainability of the Group’s businesses and the enhancement of shareholders’ value.

HLA has been placed on the SGX Fast Track programme since April 2018. This programme was launched by Singapore Exchange Regulation (SGX RegCo) in recognition of listed companies which have maintained good corporate governance standing and compliance track record. Companies under this programme will receive prioritised clearance on selected corporate action submissions to SGX RegCo.

The Company has complied with Rule 710 of the Listing Manual of Singapore Exchange Securities Trading Limited (“**SGX-ST**”) (“**Listing Manual**”) by describing in this report its corporate governance practices with specific reference to the updated principles and provisions in the revised Code of Corporate Governance 2018 (“**2018 Code**”). Where the Company’s practices differ from the principles and guidelines under the 2018 Code, the Company’s position and reasons in respect of the same are explained in this report.

The Group’s listed subsidiaries, Tasek Corporation Berhad (“**Tasek**”) and China Yuchai International Limited (“**CYI**”), including CYI’s listed subsidiary HL Global Enterprises Limited (“**HLGE**”), are listed on Bursa Malaysia Securities Berhad, the New York Stock Exchange and the Singapore Exchange respectively. The independent boards and board committees of these listed subsidiaries are responsible to uphold good corporate governance and oversee the effectiveness of their internal controls and risk management systems. Further information on the governance regime, corporate governance practices, and the assurances on the adequacy/effectiveness of the internal controls and risk management systems of these listed subsidiaries can be found in their respective annual reports and/or annual report on Form 20F filing.

## BOARD MATTERS

### PRINCIPLE 1: THE BOARD’S CONDUCT OF AFFAIRS

#### The Primary Functions of the Board

The Board oversees the Company’s business and its performance under its collective responsibility for the long-term success of the Company, working with the Senior Management to achieve the strategic objectives of the Company.

The Board’s primary functions are to provide leadership, set broad policies, provide guidance on and approve strategic objectives, ensure that necessary financial, operational and human resources are in place for the Company to meet its objectives, review the performance of the Company and its subsidiaries (the “**Group**”) and Management’s performance, and satisfy itself as to the adequacy and effectiveness of the framework and processes for internal controls (including financial, operational, compliance and information technology (“**IT**”) controls) and risk management for the safeguarding of shareholders’ interests and the Group’s assets. The Board assumes responsibility for good corporate governance and sets the Company’s corporate values and ethical standards through the Company’s policies with a view to ensuring that its obligations to shareholders and stakeholders are clearly understood and met.

#### Sustainability

The Board is committed to the Company’s strategic approach to integrating sustainability in its business and operations, and to advance the Company’s sustainability efforts and achievements. In this regard, the Board has delegated to the Audit and Risk Committee (“**ARC**”) the general oversight on sustainability issues and sustainability reporting. Since 2017, the Company published its annual Sustainability Reports which met SGX-ST’s sustainability reporting requirements. The Sustainability Committee comprising representatives from the Group’s key business units is responsible for identifying, evaluating, monitoring and managing the Group’s material environmental, social and governance (“**ESG**”) factors, and reports to the ARC. Details on the Company’s sustainability practices are presented in the Sustainability Report on pages 44 to 59 of this Annual Report 2019 (“**AR**”).

#### Directors’ Objective Discharge of Duties and Declaration of Interests (Provision 1.1)

All Directors, being fiduciaries, are required to objectively discharge their duties and responsibilities in the interests of the Company. This ability to exercise objectivity is one of the assessment criteria in the Nominating Committee’s (“**NC**”) annual evaluation of the Directors.

Directors who are in any way, directly or indirectly, interested in a transaction or proposed transaction, declare the nature of their interests in accordance with the provisions of the Companies Act, Chapter 50, and in the case of any conflicts of interests, abstain from participating in the deliberation and decision-making on such transactions, with abstention duly recorded in the minutes and/or the resolutions of the Board and/or the committees established by the Board.

# CORPORATE GOVERNANCE REPORT

## **Accountability of the Board and Management (Provision 1.1)**

The Board and Senior Management are committed to conducting business with integrity and consistent with high standards of business ethics, and in compliance with all applicable laws and regulatory requirements. The Company has established various corporate policies as necessary which provide a communicable and understandable framework for staff to observe the Company's principles on honesty, integrity, responsibility and accountability at all levels of the organisation and in the conduct of the Company's business in their relationships with the Company's stakeholders, including customers, suppliers and employees. Further details of these policies are described in the segment entitled 'Corporate Values and Conduct of Business' at the end of this report.

## **Board Orientation and Training (Provision 1.2)**

Every newly appointed Director receives a formal letter, setting out his general duties and obligations as a Director pursuant to the relevant legislations and regulations. The new Director will also receive an induction pack containing information and documents relating to the role, duties and responsibilities of a director and a member of the Board Committees, the Group's principal businesses, the Company's Board processes, corporate governance practices, relevant company policies and procedures as well as a Board and the Board Committees meeting calendar for the year with a brief of the routine agenda for each meeting.

The Company also conducts a comprehensive induction programme for newly appointed Directors and for existing Directors pursuant to their appointments to any of the Board Committees, which seeks to familiarise Directors with the Group's principal businesses, the Company's board processes, internal controls and governance practices, and in the case of appointments to any of the Board Committees, the role and areas of responsibilities of such Board Committees. The induction programme includes meetings with various key executives of the Management to allow the new Directors to be acquainted with the Management team and to facilitate their independent access to the Management team in future. The programme also includes site visits to the Group's key operations and briefings by the Management team on key areas of the Group's operations.

For a first time Director who has no prior experience as a director of a listed company, in addition to the induction as detailed above, he or she will be required to also attend certain specific modules of the Listed Entity Director ("LED") Programme conducted by the Singapore Institute of Directors ("SID") in order to acquire relevant knowledge of what is expected of a listed company director, this being a mandatory requirement under the Listing Manual. Completion of the LED Programme, which focuses on comprehensive training of company directors on compliance, regulatory and corporate governance matters, should provide the first time Director with a broad understanding of the roles and responsibilities of a director of a listed company under the requirements of the Companies Act, Chapter 50, the Listing Manual and the 2018 Code.

The Directors are also provided with updates and/or briefings from time to time by professional advisers, auditors, Management and the Company Secretaries in areas such as directors' duties and responsibilities, corporate governance practices, relevant legislations and regulations, risk management and financial reporting standards. The Directors are regularly kept informed by the Company Secretaries of the availability of appropriate courses, conferences and seminars such as those conducted by the SID, and the Directors are encouraged to attend such training at the Company's expense. The NC and the Board are kept informed of the trainings attended by the Directors during the year. As part of the NC's annual assessment of the skills set of the Board and the Board Committees, the NC would also recommend further training for the Directors in specific areas, if so required, to supplement the regular updates/briefings provided to the Directors from time to time.

An in-house seminar was conducted by invited external speakers in 2019, on the following topics:

- (a) Climate Change and Sustainability Development Goals (SDGs): Challenges and Opportunities for Businesses;
- (b) Are Businesses Well Prepared for Rising Heat & Sea Levels: Climate Change Scenario Planning;
- (c) Sustainability Reporting Best Practices: Materiality Study and External Assurance;
- (d) Sustainable Financing – Disclosure Strategy and Assurance Processes; and
- (e) Sustainability Reporting by SGX-ST listed companies.

The ARC members were also provided with regular briefings from the Company's external auditors on applicable Accounting Standards updates during the year.

# CORPORATE GOVERNANCE REPORT

All the Board members attended various training seminars and workshops in 2019 which accounted for more than 140 training hours in aggregate.

In addition to the training courses/programs and briefing updates, Directors are also at liberty to approach Management should they require any further information or clarification concerning the Group's operations.

### Board Approval (Provision 1.3)

The Board has in place an internal guide wherein certain key matters are specifically reserved for approval by the Board and these include the decisions over the strategic direction and policies of the Group and its financial objectives which have or may have material impact on the profitability or performance of the relevant business units; decisions to commence, discontinue or modify significantly any business activity or to enter into or withdraw from a particular market sector; corporate or financial restructuring; decisions over new borrowings or significant amendments to the terms and conditions of existing borrowings other than in the ordinary course of business; material acquisition and disposal of assets/business undertakings; adoption of key corporate policies and any other matters which require Board approval as prescribed under the relevant legislations and regulations as well as the provisions of the Company's Constitution. Management is fully apprised of such matters.

### Delegation by the Board (Provision 1.4)

The primary functions of the Board are either carried out directly by the Board or through committees established by the Board, namely, the ARC, the NC, the Remuneration Committee ("RC"), and the Hong Leong Asia Share Option Scheme 2000 ("SOS") Committee ("SOSC"), all collectively referred to hereafter as the Board Committees.

Specific written terms of reference for each of these Board Committees set out the required composition, authority and responsibilities of the Board Committees and provide for each Board Committee to submit at least an annual report of its activities to the Board. All terms of reference for the Board Committees are approved by the Board and reviewed periodically to ensure their continued relevance taking into consideration the changes in the governance and legal environment.

Board Committee	Composition
Audit and Risk Committee	Tan Chian Khong (chairman) Ernest Colin Lee Kwong Ka Lo @ Caroline Kwong Ng Sey Ming
Nominating Committee	Ernest Colin Lee (chairman) Kwek Leng Peck Kwong Ka Lo @ Caroline Kwong
Remuneration Committee	Ernest Colin Lee (chairman) Ng Sey Ming Tan Chian Khong
Hong Leong Asia Share Option Scheme 2000 Committee	Ernest Colin Lee (chairman) Kwek Leng Peck Ng Sey Ming Tan Chian Khong

The delegation of authority by the Board to the Board Committees enables the Board to achieve operational efficiency by empowering these Board Committees to decide, review and make recommendations on matters within their respective written terms of reference and/or limits of delegated authority, without abdicating the Board's overall responsibility.

Please refer to the sections on Principles 4, 5, 6, 7, 9 and 10 in this report for further information on the activities of the ARC, NC and RC. Information on the activities of the SOSC is set out in the Directors' Statement on pages 63 to 67 and the Financial Statements on pages 183 to 186 of the AR.

### Board and Board Committees (Provision 1.5)

Meetings of the Board and Board Committees are held regularly, with the Board meetings no less than four times a year. At the regular quarterly Board meetings, the agenda includes updates by the Senior Management on the performance and operations of each business unit of the Group, and the Group's periodic financial performance. Four Board meetings were held in 2019.

During the year, the Lead Independent Director ("Lead ID") held discussions with non-executive Directors ("NEDs") who are all also the independent Directors ("IDs") of the Company, without the presence of Management, as and when necessary.

# CORPORATE GOVERNANCE REPORT

The proposed meetings for the Board and all Board Committees for each new calendar year are set out in a schedule of meetings and notified to all Board members before the start of that calendar year. Additional meetings are convened as and when circumstances warrant. Records of all such meetings including key deliberations and decisions taken are maintained by the Company Secretaries. The Company's Constitution allows for the meetings of its Board and the Board Committees to be held *via* teleconferencing and video-conferencing. The Board and Board Committees may also make decisions by way of circulating written resolutions.

The attendance of the Directors at the annual general meeting of the Company ("**AGM**") and meetings of the Board and the Board Committees as well as the frequency of such meetings in 2019, are disclosed below. Notwithstanding such disclosure, the Board is of the view that the contribution of each Director should not be focused solely on his or her attendance at the AGM and at meetings of the Board and/or the Board Committees. A Director's contribution also extends beyond the confines of the formal environment of such meetings, through the sharing of views, advice, experience and strategic networking relationships which would further the interests of the Group.

The Directors also, whether individually or collectively, engage with the Senior Management/Management team to better understand the challenges faced by the Group and the inputs of the Directors, through such engagement, provide valuable perspective to the Management.

## Directors' Attendance at the AGM, and Meetings of the Board and Board Committees in 2019 (Provision 1.5)

Number of meetings held in 2019:	Board	ARC	NC	RC	SOSC	AGM
	4	5	2	2	2	1
Name of Director	Number of meetings attended in 2019					
Kwek Leng Peck	4	N.A.	2	2 <sup>^</sup>	2	1
Tan Eng Kwee	4	4 <sup>^</sup>	N.A.	N.A.	N.A.	1
Ernest Colin Lee	4	5	2	2	2	1
Kwong Ka Lo @ Caroline Kwong	4	5	2	N.A.	N.A.	1
Ng Sey Ming	4	5	N.A.	2	2	1
Tan Chian Khong	4	5	1 <sup>^</sup>	2	2	1

N.A. – Not applicable

Note:

<sup>^</sup> Attendance by invitation for all or part of the meeting.

## Directors' Multiple Board Representations and Time Commitments (Provision 1.5)

When considering the re-nomination of Directors for election/re-election, the NC also takes into account the competing time commitments faced by Directors with multiple board representations and/or other principal commitments. An analysis of the directorships (which includes directorships within corporate groups and executive appointments) held by the Directors is reviewed annually by the NC. Each Director is also required to confirm annually to the NC as to whether he or she has any issue with competing time commitments which may impact his or her ability to provide sufficient time and attention to his or her duties as a Director of the Company. Based on the analysis, the Directors' annual confirmation and the Directors' commitments and contributions to the Company which are also evident in their level of attendance and participation at Board and Board Committees' meetings, the NC is satisfied that all Directors are able to carry out and have been adequately carrying out their duties as Directors of the Company.

The NC noted that, excluding the directorship held in the Company, the number of listed company board representations currently held by:

- each ID did not exceed four, and
- each ED, Mr Kwek Leng Peck and Mr Tan Eng Kwee, did not exceed four, all being representations on the boards of related corporations of the Company including three listed subsidiaries of the Group.

The Board considers an assessment of the individual Directors' participation as described above to be more effective for the Company than prescribing a numerical limit on the number of listed company directorships that a Director may hold. It would not wish to omit from consideration suitable individuals who, despite the demands on their time, have the capacity to participate and contribute as members of the Board.

# CORPORATE GOVERNANCE REPORT

In addition to the current procedures for the review of the attendance records and analysis of directorships/principal commitments, a policy has also been put in place for Directors to consult the Board Chairman and the chairman of the NC prior to accepting any new listed company board appointments or principal commitments and notifying the Board of any changes in their external appointments. This would allow the Director to review his or her time commitments with the proposed new appointment and in the case of an ID, to also ensure that his or her independence would not be affected.

## **Complete, Adequate and Timely Information (Provision 1.6)**

Prior to each meeting, members of the Board and the Board Committees are provided with the meeting agenda and the relevant papers submitted by Management, containing where possible and practicable, complete, adequate and timely information such as reports on the operations and financial performances of the various business units respectively, reports from the Risk Committee, Sustainability Committee, internal auditors ("IA") and external auditors ("EA"), regulatory updates, and/or significant projects/events updates, to enable full deliberation on the issues to be considered at the respective meetings.

Management also provides all Directors with monthly reports of the Group's performance including analysis of the same. Any material variances between the results and the budget and year-on-year for the periods under review are explained in the monthly reports.

Management, the Company's auditors and professional advisers who can provide additional insight into the matters for discussion are also invited from time to time to attend Board and/or Board Committees' meetings. Directors have separate and independent access to Management.

Draft agendas for Board and Board Committee meetings are circulated to the Board Chairman and the chairmen of the Board Committees respectively, in advance, for them to review and suggest items for the agenda. The Board and the Board Committees are also furnished with routine reports, where applicable, from the various departments of the Company. Each of the chairmen of the ARC, NC, RC and SOSEC provides an annual report of the respective committees' activities during the year under review to the Board. The minutes of meetings of the Board Committees are circulated to all Board members.

## **Access to Management, Company Secretaries and Independent Professional Advisors (Provision 1.7)**

All Directors have direct and independent access to Management. To facilitate this access, all Directors are provided the contact details of the key management personnel and other senior management team members.

The Directors, whether as a group or individually, are entitled to take independent professional advice at the expense of the Company, in furtherance of their duties and in the event that circumstances warrant the same. The Company has in place internal guidelines allowing the Directors to seek independent professional advice.

The Company Secretaries' appointment and removal are subject to the Board's approval. At least one of the Company Secretaries attends all Board and Board Committee meetings and ensures that all Board procedures are followed. The Company Secretaries, together with Management, also ensure that the Company complies with applicable statutory and regulatory rules. Together with Management, the Company Secretaries also advise the Board Chairman, the Board and the Board Committees on corporate governance matters and assist to implement and strengthen corporate governance practices and processes, including ensuring adequate and timely information flows within the Board and the Board Committees and between the Directors and Management, facilitating the induction for newly appointed Directors and newly appointed Board Committee members, and assisting in the continuing training and development programmes for the Directors. On an ongoing basis, the Directors have separate and independent access to the Company Secretaries.

## **PRINCIPLE 2: BOARD COMPOSITION AND GUIDANCE**

### **Board Independence (Provisions 2.1, 2.2 and 2.3)**

The Board currently comprises six members, two of whom are executive Directors, while the other four members of the Board are NEDs. The NC has determined all four NEDs, being more than half of the Board, to be independent ("4 IDs"), thus providing for a strong and independent element on the Board capable of exercising objective judgment on the corporate affairs of the Company. No individual or small group of individuals dominates the Board's decision making. The Board concurred with the NC's determination of the independence of the 4 IDs, namely, Mr Ernest Colin Lee, Ms Kwong Ka Lo @ Caroline Kwong, Mr Ng Sey Ming and Mr Tan Chian Khong. No alternate Directors have been appointed in respect of any of the Directors.

When reviewing the independence of the 4 IDs, the NC has considered the applicable Rule 210(5)(d) of the Listing Manual and the guidelines for independence set out in Provision 2.1 of the 2018 Code. As part of the consideration, the NC also took into account their other directorships, declaration regarding their independence, disclosure of interest in transactions in which they have a direct/indirect interest (if any), their ability to avoid any apparent conflicts of interests especially by abstaining from deliberation and decision-making on such transactions, and their ability to maintain objectivity in their conduct as Directors of the Company.

# CORPORATE GOVERNANCE REPORT

In accordance with Rule 210(5)(d) of the Listing Manual, none of the 4 IDs are currently employed or have been employed at any time during the past three financial years by the Company or any of its related corporations. None of the 4 IDs have immediate family members who are currently employed or have been employed at any time during the past three financial years by the Company or any of its related corporations, and whose remuneration is determined by the RC. For purposes of determining independence, the 4 IDs have also provided confirmation that they are not related to the Directors and substantial shareholders of the Company. The NC is satisfied that there is no other relationship which could affect their independence. The Board concurred with the NC's determination of the independence of the 4 IDs. Each of the 4 IDs abstained from deliberation of their own independence.

Mr Ng Sey Ming, an ID, is a partner of a legal firm, Rajah & Tann Singapore LLP ("**R&T**") (with less than 5% stake) which rendered professional legal services to the Group from time to time. The amount of the fees paid to R&T for FY 2019 was more than \$200,000, which was largely for the legal services rendered by R&T to HL Cement (Malaysia) Sdn. Bhd. and Ridge Star Limited (both companies are wholly-owned subsidiaries of the Company) in relation to their unconditional voluntary take-over offer for Tasek. Mr Ng had abstained from the deliberation and decision-making in the engagement of R&T as solicitors for this transaction. The NC has determined, and the Board has concurred, that Mr Ng's independence is not affected by this relationship of the Group with R&T.

Of the 4 IDs, only Mr Ernest Colin Lee has served on the Board for more than nine years since his appointment to the Board on 3 April 2000. The Board members had individually provided their views on the independence of Mr Lee by taking into consideration factors such as whether he has expressed his individual viewpoints and debated issues constructively during meetings of the Board and Board Committees, whether he has constructively challenged and sought clarification from Management as and when necessary and whether he has avoided apparent conflicts of interest by abstaining from deliberation on matters in which he has an interest in. Having considered the feedback from the individual Board members, Mr Lee's other directorships, annual declaration regarding his independence, and his ability to maintain objectivity in his conduct as Director of the Company, the Board (with Mr Lee abstaining in respect of the deliberation of his own independence) has determined him to be independent notwithstanding that he has served on the Board beyond nine years as he has continued to demonstrate independence in character and judgment in the discharge of his responsibilities as Director of the Company. The Company has also benefitted from his years of experience in his field of expertise and his extensive knowledge and familiarity with the business of the Group.

The 4 IDs had also avoided apparent conflicts of interests especially by abstaining from deliberation on transactions in which they had a direct/indirect interest, and were able to maintain objectivity in their conduct as Directors of the Company. They have objectively raised issues and sought clarification as and when necessary from the Board, Management and the Group's external advisers on matters pertaining to their area of responsibilities whether on the Board or on the Board Committees.

### **Board Composition, Size and Diversity (Provision 2.4)**

The NC reviews the size and composition mix of the Board and Board Committees annually. At the recommendation of the NC, the Board had adopted in 2018 a formal Board Diversity Policy, setting out its policy and framework for promoting diversity on the Board. The Board recognises that a diverse Board is an important element which will better support the Company's achievement of its strategic objectives for sustainable development by enhancing the decision-making process of the Board through the perspectives derived from the various skills, business experience, industry discipline, gender, age, ethnicity and culture, geographical background and nationalities, tenure of service and other distinguishing qualities of the Directors.

When reviewing and assessing the composition of the Board and making recommendations to the Board for the appointment of Directors, the NC will consider all aspects of diversity to arrive at an optimum balanced composition of the Board.

The Board has adopted the NC's recommended target to achieve a level of at least 20% female representation on its Board by 2021. It further agreed that the new female Director to be appointed be preferably one with human resource ("**HR**") experience who could assist the Board in reviewing the Group's succession planning. In this regard, the NC will strive to ensure that:

- (a) if external search consultants are used to search for candidates for Board appointments, the brief will include a requirement to also present female candidates;
- (b) when seeking to identify a new Director for appointment to the Board, the NC will request for female candidates to be fielded for consideration;
- (c) female representation on the Board be continually improved over time based on the set objectives of the Board; and
- (d) at least one female Director be appointed to the NC.

The final decision on selection of Directors will be based on merit against an objective criterion that complements and expands the skills and experience of the Board as a whole, and after having given due regard to the overall balance and effectiveness of a diverse Board.

# CORPORATE GOVERNANCE REPORT

The Board currently comprises business leaders and professionals with financial (including audit and accounting), legal and business management backgrounds. The Board currently includes one female member, Directors with ages ranging from mid-40s to more than 70 years old, who have served on the Board for different tenures. The members of the Board with their combined business, management and professional experience, knowledge and expertise, provide the core competencies to allow for diverse and objective perspectives on the Group's business and direction. Further information on the individual Directors' background, experience and skills can be found in the 'Board of Directors' section in the AR.

Having considered the scope and nature of the operations of the Group, the Board is satisfied that the current composition mix and size of the Board provide for sufficient diversity and allow for informed and constructive discussion and effective decision making by the Board and Board Committees. The Board will however continue to review opportunities to refresh the Board with a view to expanding the skills, experience and diversity of the Board as a whole.

## **NEDs' Participation (Provision 2.5)**

NEDs are encouraged to participate actively at Board meetings in the development of the Group's strategic plans and direction, and in the review and monitoring of Management's performance against budgets. To facilitate this, they are kept informed of the Group's businesses and performance through monthly and quarterly reports from Management, and have unrestricted access to Management. They also sit on various Board Committees to provide unbiased and independent views, constructive input and the independent review and monitoring of performance of the Group and Management.

During the year, the Lead ID held discussions with NEDs who are all also the IDs of the Company, without the presence of Management as and when the need arose. The Lead ID collates the feedback from the NEDs and communicates the same to the Board and/or the Board Chairman as appropriate.

## **PRINCIPLE 3: CHAIRMAN AND CHIEF EXECUTIVE OFFICER ("CEO")**

### **Roles of Chairman and the CEO (Provisions 3.1 and 3.2)**

The roles of Chairman of the Board and the CEO are separate to ensure a clear division of responsibilities and increased accountability.

Mr Kwek Leng Peck, the Executive Chairman of the Board ("**Board Chairman**") plays an instrumental role in providing the Company with strong leadership and vision, assisting the Board to develop policies and strategies, and ensuring that these are implemented effectively. As the Board Chairman, with written terms of reference approved by the Board, Mr Kwek bears primary responsibility for the workings of the Board, by ensuring effectiveness in all aspects of its role including setting agenda for Board meetings with inputs from Management, ensuring that sufficient time is allocated for discussion of each agenda item at Board meetings, promoting an open environment within the Boardroom for constructive debate, encouraging the NEDs to speak freely and contribute effectively, and exercising control over the quality, quantity and timeliness of information flow between the Board and Management. As the Board Chairman, he also promotes and leads the Company in its commitment to achieve and maintain good corporate governance. At AGMs and other shareholder meetings, he plays a pivotal role in fostering constructive dialogue between shareholders, the Board and Management. As the Executive Chairman, he is the most senior executive in the Company and bears overall executive responsibility for the Group's business. He is assisted by the CEO, Mr Tan Eng Kwee and other members of the senior management team which comprises:

- Mr Ponnu Jeyasingam, Chief Operating Officer (Building Materials Unit)
- Mr Hoh Weng Ming, President (Diesel Engines Unit, China Yuchai International Limited)
- Mr Lian Ka Siew, Group Chief Operating Officer (Tasek Corporation Berhad)
- Mr Raymond Lim Nguang Seng, General Manager (Air-Conditioning Systems Unit)
- Mr Kwek Ken Wee, General Manager (Group HR)

Mr Tan Eng Kwee took over the role and responsibilities of the CEO with effect from 7 January 2019. The CEO who is a key management staff, bears executive responsibility for the performance of the Group and the achievement of the corporate goals set for the Group. There is a clear division of responsibilities between the Board Chairman and the CEO. The CEO is not related to the Board Chairman.

The Board considered Mr Kwek Leng Peck's role as an executive Board Chairman, the written terms of reference for the Board Chairman approved by the Board, and the strengths he brings to such a role by virtue of his in-depth knowledge of the Group's business. Through the appointment of Lead ID and the establishment of various Board Committees with power and authority to perform key functions without the undue influence from the Board Chairman, and the putting in place of internal controls for proper accountability and to allow for effective oversight by the Board of the Group's business, the Board ensures there is appropriate balance of power which allows the Board to exercise objective decision making in the interests of the Company. The Board is of the view that Mr Kwek's role as an executive Board Chairman would facilitate the Group's decision making and implementation process.

# CORPORATE GOVERNANCE REPORT

## **Lead Independent Director (Provision 3.3)**

In view that the Board Chairman is not an ID, the Board has appointed Mr Ernest Colin Lee as Lead ID on 26 February 2013 to serve as a sounding board for the Board Chairman and as an intermediary between the NEDs and the Board Chairman. The role of the Lead ID is set out under the written terms of reference of the Lead ID, which has been approved by the Board. The Lead ID is available to shareholders where they have concerns and for which contact through the normal communication channels with the Board Chairman or the key Management are inappropriate or inadequate. No query or request on any matter which requires the Lead ID's attention was received from the shareholders in 2019.

During the year, the Lead ID held discussions with the NEDs who are all also the IDs of the Company, as and when the need arose without the presence of Management or the Board Chairman, and the views expressed by the NEDs were communicated by the Lead ID to the Board Chairman and the Management, as appropriate.

## **PRINCIPLE 4: BOARD MEMBERSHIP**

### **NC Composition and Role (Provisions 4.1 and 4.2)**

Two out of the three members of the NC are independent. The NC chairman is also the Lead ID. Please refer to the 'Corporate Directory' section on page 19 of the AR, for the composition of the NC.

The NC's responsibilities as set out in its written terms of reference, approved by the Board, are to examine the Board size, review all Board and Board Committees composition and membership, board succession plans for the Directors (including the Board Chairman) and the key management personnel ("KMP"), determine each Director's independence annually and as and when circumstances require, evaluate performance of the Board as a whole, its Board Committees and the individual Directors, review appointments and re-appointments of Directors (including alternate directors, if any) and the reasons for resignations of Directors, review appointments and the reasons for resignations and terminations of the Executive Chairman and the KMP which includes the CEO and the CFO, review and confirm the induction programme for newly appointed Directors and for existing Directors in respect of their appointments to any of the Board Committees, and review the training and continuous professional development programme for the Directors. Two NC meetings were held in 2019. The Company Secretaries maintain records of all NC meetings including records of key deliberations and decisions taken.

For the financial year under review, the NC conducted a self-assessment of its own effectiveness in the discharge of its roles and responsibilities, which was facilitated through the use of a self-assessment checklist ("**NC Self-Assessment Checklist**").

The NC Self-Assessment Checklist covered, *inter alia*, the responsibilities of the NC under its terms of reference, and considered also the contribution of NC members to the deliberation and decision-making process at NC meetings.

Based on the self-assessment, the NC believes that it has fulfilled its responsibilities and discharged its duties as set out in its terms of reference.

### **Re-nomination of Directors and Determination of Independence (Provisions 4.3 and 4.4)**

The NC reviews annually the nomination of the relevant Directors for election/re-election as well as the independence of Directors. When considering the nomination of Directors for election/re-election, the NC takes into account their contribution to the effectiveness of the Board (which include their participations and candour at Board and Board Committees' meetings) as well as their time commitment especially for Directors who have multiple listed company board representations and/or other principal commitments, and also reviews their independence having regard to the provisions in the applicable Rule 210(5)(d) of the Listing Manual and the guidelines for independence set out in Provision 2.1 of the 2018 Code. The recommendation of the NC on the annual nomination of the Directors for election/re-election is submitted to the Board for decision and thereafter put to the shareholders for approval at the AGM.

The Constitution of the Company provides that not less than one-third of the Directors for the time being shall retire as Directors at each AGM of the Company. All new Directors appointed by the Board shall hold office until the next AGM, and be eligible for election at the said AGM. Excluding the new Directors who are seeking appointment at the AGM or who will be seeking election at the first AGM immediately after their initial appointment, the remaining Directors of the Company will retire about once in every two to three years.

In accordance with the Company's Constitution, Mr Kwek Leng Peck and Mr Ng Sey Ming will be retiring by way of rotation. They being eligible, and have offered themselves for re-election at the 2020 AGM. The NC has considered Mr Kwek's and Mr Ng's contribution and performance and recommended to the Board to nominate their re-election at the 2020 AGM. Detailed information on the Directors who are proposed to be re-elected at the 2020 AGM can be found under the sections on 'Board of Directors' and 'Additional Information on Directors Seeking Re-election' of the AR.

# CORPORATE GOVERNANCE REPORT

## **Criteria and Process for Nomination and Selection of New Directors (Provision 4.3)**

The NC interviews shortlisted candidates before formally considering and recommending them for appointment to the Board and where applicable, to the Board Committees. Searches for and selection of candidates to be considered for appointment as Directors is facilitated through recommendations from the Directors, Management or external parties including the Company's contacts in the related industries, finance, legal and accounting professions. Assistance may also be obtained from SID and professional executive search firms engaged to source for suitable candidates for the NC's consideration.

Shortlisted candidates would be required to furnish their curriculum vitae containing information on their academic/professional qualification, work experience, employment history and experience (if any) as directors of listed companies.

In reviewing and recommending to the Board any new Director appointments, the NC considers:

- (a) the candidate's track record, experience and capabilities or such other factors including age and gender, as may be determined by the NC to be relevant and which would contribute to the Board's collective skills;
- (b) any competing time commitments if the candidate has multiple listed company board representations and/or other principal commitments;
- (c) the candidate's independence, in the case of the appointment of an independent NED; and
- (d) the composition requirements for the Board and Board Committees after matching the candidate's skill set to the requirement of the relevant Board Committees (if the candidate is proposed to be appointed to any of the Board Committees).

## **Key Information on Directors (Provision 4.5)**

Please refer to the 'Board of Directors' section in the AR for key information on the Directors, including the date of their first appointment and last election/re-election to the Board (if applicable), their academic/professional qualification, directorships held in listed companies and principal commitments for both current and in the preceding five years, and other relevant information, in the notice of AGM, and additional information for Directors proposed for re-election at the 2020 AGM.

## **Succession Planning for the Board, the Board Chairman and KMP (Provision 4.1)**

The Board believes in carrying out succession planning for itself, the Board Chairman and the Senior Management team to ensure continuity of leadership. Board renewal is a continuing process and in this regard, the NC reviews annually the composition of the Board and Board Committees, which includes size and mix, and recommends to the Board the selection and appointment of new Directors, whether in addition to existing Board members or as replacement of retiring Board members, with a view to identifying any gaps in the Board's skills sets taking into account the Group's business operations. The Board will be able to function smoothly notwithstanding any resignation or retirement of any Director given the present number of members and mix of competencies on the Board. The NC also conducts annual review on the succession planning to ensure continuity of leadership for the Group's senior management.

As part of the succession planning for the Board and KMP, Mr Tan Chian Khong was appointed a Director on 1 March 2018 while Mr Tan Eng Kwee (the former CFO of the Company) was appointed a Director and CEO-Designate on 10 December 2018 which he assumed full responsibilities as the CEO of the Company on 7 January 2019. Mr Tan Chian Khong also chairs the ARC of the Company. The NC had considered Mr Tan Chian Khong's audit and business advisory experience and Mr Tan Eng Kwee's extensive operations, corporate, accounting and financial experience respectively and was of the view that their experience would provide further diversity to the core competencies of the Board.

In February 2020, Ms Leong Sook Han resigned as the CFO of the Company. The Company is currently in the process of recruiting a replacement to succeed Ms Leong and will make the necessary announcement in due course.

## **Board Development (Provision 4.5)**

The NC reviews the training and development of the Directors to ensure that Directors receive appropriate development on a continuing basis, to perform their roles on the Board and where applicable, the Board Committees. The Directors are provided with updates and/or briefings to assist them to properly discharge their duties. The briefings are conducted either internally with invited speakers, or externally, at the Company's expense. Further training for the Directors in specific areas are also being recommended by the NC, where required, based on the NC's review of the annual evaluation checklists from the Board and the Board Committees. A separate programme is established for new Directors, details of which are set out in the paragraph above under the subject heading "Board Orientation and Training".

The Board is kept apprised twice yearly on the list of training programmes attended by the Directors during the year.

# CORPORATE GOVERNANCE REPORT

## PRINCIPLE 5: BOARD PERFORMANCE

### Board Evaluation Process (Provision 5.1)

The Company has in place a formal process for assessment of the effectiveness of the Board as a whole, the various Board Committees and the contribution by each Director to the effectiveness of the Board and the Board Committees, where applicable. No external facilitator has been used. The NC assesses the Board's performance as a whole annually using objective and appropriate criteria which were recommended by the NC and approved by the Board. When assessing the overall Board performance, the NC takes into consideration the Board composition, the Directors' independence, feedback from individual Directors on areas relating to the Board's role on strategy and performance, the Board's process, governance (including oversight on risk management and internal controls) and the effectiveness of the Board Chairman. The results of the overall evaluation of the Board by the NC including its recommendations, if any, for improvements are presented to the Board.

The NC also undertook an evaluation of the performance of the NC, RC and ARC with the assistance of self-assessment checklists completed by these Board Committees as well as a report provided by the chairman of the SOSC.

The annual evaluation process for the Board Chairman's and the individual Director's performance comprises two parts: (a) review of background information concerning the Directors including their attendance records at Board and Board Committee meetings; and (b) NC's evaluation based on certain assessment parameters, which were recommended by the NC and approved by the Board.

When deliberating on the performance of a particular Director who is also a member of the NC, that member abstains from the discussions in order to avoid any conflict of interests.

The results of the individual evaluation of the Directors are also used by the NC, in its consultation with the Board Chairman (who is also a member of the NC), to review, where appropriate, the composition of the Board and Board Committees, and to support its proposals, if any, for appointment of new members and its recommendations for the election/re-election of retiring Directors. Comments from the Directors, if any, concerning the Board as a whole and the general performance of the Directors, are also presented to the Board.

### Board Evaluation Criteria (Provision 5.2)

The qualitative criteria used by the NC to evaluate the Board covers six key areas relating to Board composition, Directors' independence, the Board's review of the Company's strategy and performance, the Board's oversight on the Company's governance including risk management and internal controls, and the effectiveness of the Board Chairman and Board processes.

The quantitative criteria used to evaluate the overall Board performance comprise periodic performance indicators which include a comparison of the Group's performance (including segmental performance) for the financial period under review against the Group's performance for the corresponding period in preceding year and the budget, and also other indicators such as the Company's share price performance over a historical period.

### Individual Director Evaluation Criteria (Provision 5.2)

Factors taken into account in the assessment of a Director's performance include his or her abilities and competencies, his or her objectivity and the level of participation at Board and, where applicable, Board Committees' meetings including his or her contributions to Board processes and the business strategies and performance of the Group. The performance evaluation of each Director is taken into account in the NC's consideration with regard to his or her re-election as a Director.

## REMUNERATION MATTERS

### PRINCIPLE 6: PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

#### RC Composition and Role (Provisions 6.1, 6.2, 6.3 and 6.4)

The RC comprises three NEDs, all of whom including the chairman of the RC are independent.

The RC's principal responsibilities as set out in its written terms of reference approved by the Board are to review and recommend, for the endorsement of the Board, a framework of remuneration and the specific remuneration packages for each Board member and the Company's KMP.

The Company has in place a remuneration framework for the Directors and the KMP. The Company currently identifies its Executive Chairman, the CEO and the CFO as its KMP. On an annual basis, the RC reviews and recommends the specific remuneration packages for the Directors and the KMP including the annual increments, mid-year and year-end variable

# CORPORATE GOVERNANCE REPORT

bonuses, special bonus, if any, and share options for the KMP for the Board approval. The RC also considers the KMP's contracts of service to ensure that they do not contain any unfair or unreasonable termination clauses.

All the members of the RC also sit on the SOSC and the chairman of the RC is also the chairman of the SOSC. The RC has access to appropriate advice from the Head of HR, who attends all RC and SOSC meetings. There being no specific necessity, the RC did not seek expert advice from external remuneration consultants in 2019.

The Company Secretaries maintain records of all RC and SOSC meetings including records of key deliberations and decisions taken. Two meetings each of the RC and SOSC were convened during 2019.

For the financial year under review, the RC conducted a self-assessment of its own effectiveness in the discharge of its roles and responsibilities, which was facilitated through the use of a self-assessment checklist ("**RC Self-Assessment Checklist**"). The RC Self-Assessment Checklist covered, *inter alia*, the responsibilities of the RC under its terms of reference, and considered also the contribution of RC members to the deliberation and decision-making process at RC meetings.

Based on the self-assessment, the RC believes that it has fulfilled its responsibilities and discharged its duties as set out in its terms of reference.

## PRINCIPLE 7: LEVEL AND MIX OF REMUNERATION

### Remuneration of Directors and KMP (Provisions 7.1, 7.2 and 7.3)

The Company's remuneration policy for Directors comprises the following distinct objectives:

- to ensure that the procedure for determining remuneration for Directors is formal and transparent;
- to ensure that the level of remuneration is sufficient (without being excessive) to attract and retain Directors to exercise oversight responsibility over the Company; and
- to ensure that no Director is involved in deciding on his/her own remuneration.

In reviewing the remuneration packages of the Executive Chairman and the KMP, the RC, with the assistance of the Head of HR, considers the level of remuneration based on the Company's remuneration policy which comprises the following three distinct objectives:

- to ensure that the remuneration packages are competitive in attracting and retaining employees capable of meeting the Company's needs;
- to reward employees for achieving corporate and individual performance targets in a fair and equitable way; and
- to ensure that the remuneration reflects employees' duties and responsibilities.

The Company advocates a performance-based remuneration system that is flexible and responsive to the market, and the performance of the Group's business units and individual employees. In designing the compensation structure, the Company seeks to ensure that the level and mix of remuneration are competitive, relevant and appropriate in finding a balance between the current and longer-term objectives of the Company.

Based on the Remuneration Framework, the compensation packages for the KMP comprise a fixed component (in the form of a base salary, annual wage supplement, and where applicable fixed allowances determined by the Company's Human Resource policies), a variable component (comprising short-term incentives in the form of mid-year and year-end variable bonuses, and special bonus, and long-term incentives in the form of the grant of share options subject to a vesting schedule) and benefits-in-kind, where applicable. The variable components take into account amongst other factors, the KMP's performance, the Group's performance, the business unit's performance and industry practices. The Company exercises broad discretion and independent judgment in ensuring that the amount and mix of compensation are aligned with the interests of shareholders and promote the long-term success of the Company.

The mix of fix and variable reward is considered appropriate for the Group and for each individual role. The overall level of remuneration is not considered to be at a level which is likely to promote behaviour contrary to the Group's risk profile. The compensation structure is directly linked to corporate and individual performance, both in terms of financial, non-financial performance and the creation of shareholder wealth.

The Company currently has in place a long-term incentive scheme, which is the SOS. KMP who have a greater ability to influence the Group's outcomes have a greater proportion of overall reward at risk. It is put in place to increase the

# CORPORATE GOVERNANCE REPORT

Group's flexibility and effectiveness in its continuing efforts to reward, retain and motivate key good employees to achieve superior performance and to motivate them to continue to strive for the Group's long-term shareholder value. It also aims to strengthen the Group's competitiveness in attracting and retaining talented key management employees. The Company does not require the EDs and KMP to continue to hold their shares upon exercise of the options after the vesting period. Options granted under the SOS to EDs and KMP vest progressively over a period of three years. To-date, the Company has granted only Market Price Options and Incentive Price Options (both as defined in the SOS). Information on the SOS is set out in the Directors' Statement on pages 63 to 67 and the Financial Statements on pages 183 to 186 of the AR.

The SOS would be expiring in December 2020 and approval will be sought from the shareholders at the AGM in 2020 for a further extension of the SOS. The SOS was first approved by the shareholders at an extraordinary general meeting in 2000 for an initial period of ten years commencing on 30 December 2000. At the AGM in April 2010, the shareholders approved an extension of the duration of the SOS for a further period of ten years from 30 December 2010 to 29 December 2020.

The Company does not discourage Directors from holding shares in the Company. There is however no requirement under the Company's Constitution for Directors to hold shares in order to be qualified to act as a Director. The NEDs are eligible to participate in the SOS. The grant of options under the SOS to the NEDs is subject to the SOSC's recommendation and the Board's endorsement.

The letter of offer of options to eligible participants (including EDs and KMP) under the SOS includes a claw-back provision which gives the Company the right to recover or cancel the options (whether in whole or in part, before they are exercised) in the event of exceptional circumstances involving a misstatement of the financial results of the Company and the Hong Leong Asia Group for the financial year on which the grant is based, or any misconduct by an employee of the Company, resulting in financial loss to the Group.

When reviewing the structure and level of Directors' fees, which comprise base director's fee and additional fees for services rendered under the various Board Committees, the RC takes into consideration the Directors' respective roles and responsibilities in the Board and Board Committees and the changes in the business, corporate governance practices and regulatory rules. The RC also compared the Company's fee structure against industry practices. Other factors taken into consideration in the fee review includes the frequency of Board and Board Committee meetings, corporate performance for the financial year under review as well as the corporate and economic outlook in the new financial year, and the interval since the last fee review and changes. The RC is mindful that the remuneration for IDs should not be excessive so as to compromise or reasonably be perceived to compromise their independence. No Director is involved in deciding his or her own remuneration.

Each of the Directors receives a base Director's fee with the Executive Chairman receiving an additional fee for serving as the Board Chairman. The Lead ID also receives an additional fee to reflect his expanded responsibility. Directors who serve on the various Board Committees (other than the SOSC) also receive additional fees in respect of each Board Committee that they serve on, with the chairmen of the Board Committees receiving a higher fee in respect of their service as chairman of the respective committees.

The structure of fees paid or payable to Directors of the Company for FY 2019 is as follows:

Appointment	Fees per annum (\$)
Board of Directors	50,000 (Base fee)
	<b>Additional Fees:</b>
Board Chairman	20,000
Audit and Risk Committee (ARC)	
- ARC Chairman	58,000
- ARC Member	38,000
Nominating Committee (NC)	
- NC Chairman	18,000
- NC Member	12,000
Remuneration Committee (RC)	
- RC Chairman	18,000
- RC Member	12,000
Lead Independent Director	10,000

# CORPORATE GOVERNANCE REPORT

## PRINCIPLE 8: DISCLOSURE OF REMUNERATION

### Disclosure of Remuneration (Provisions 8.1(a) and 8.3)

The compensation packages for employees including the Executive Chairman and the KMP comprise a fixed component (in the form of a base salary and fixed allowances), a variable component (comprising short-term incentives in the form of mid-year and year-end variable bonuses, and special bonus, if any, and longer-term incentives in the form of the grant of share options subject to a vesting schedule) and benefits-in-kind, where applicable, taking into account amongst other factors, the individual's performance, the Group's performance, the business unit's performance and industry practices. During the year, there were no termination, retirement and post-employment benefits granted to any Director or KMP.

The Company's remuneration policies, level and mix of remuneration, as well as the link between the remuneration paid to Directors and the KMP, and performance are as set out under Principle 7 above.

Information on the SOS is set out under Principle 7 above and in the Directors' Statement on pages 63 to 67 and the Financial Statements on pages 183 to 186 of the AR.

### Directors' Remuneration for FY 2019 (Provision 8.1(a))

The remuneration of each Director including a breakdown (in percentage terms) earned through base salary, variable bonuses/allowances, fees, share option grants and other benefits for FY 2019 is set out below:

	Total Remuneration (nearest thousand)	Base Salary <sup>(1)</sup>	Variable Bonuses/ Allowances <sup>(1)</sup>	Board/ Board Committee Fees <sup>(2)</sup>	Share Option Grants <sup>(3)</sup>	Other Benefits	Total
	\$'000	%	%	%	%	%	%
<b>Executive Directors</b>							
Kwek Leng Peck <sup>(4)</sup> (Executive Chairman)	1,162	42.7	32.9	18.8	0	5.6	100
Tan Eng Kwee <sup>(3, 4 &amp; 5)</sup> (CEO)	960	45.8	24.4	20.0	1.4	8.4	100
Philip Ting Sii Tien @ Yao Sik Tien <sup>(6)</sup> (former CEO)	1	0	0	100	0	0	100
<b>Non-executive Directors</b>							
Ernest Colin Lee	134	0	0	100	0	0	100
Kwong Ka Lo @ Caroline Kwong	100	0	0	100	0	0	100
Ng Sey Ming	100	0	0	100	0	0	100
Tan Chian Khong	120	0	0	100	0	0	100

**Notes:**

- The salary and variable bonuses/allowances are inclusive of employer's central provident fund contributions.
- These fees comprise Board and Board Committee fees (excluding ARC fees) for FY 2019, which are subject to approval by shareholders as a lump sum at the 2020 AGM, and the ARC fees for FY 2019 that had already been approved by shareholders at the 2019 AGM.
- This relates to options granted during FY 2019. The fair value of the options as at the date of grant ranges from \$0.14 to \$0.17 for each share under option taking into account the vesting schedule using the Black-Scholes Option Pricing Formula.
- Remuneration of these Directors includes remuneration paid or payable by subsidiary(ies) of the Company.
- Mr Tan Eng Kwee assumed full responsibilities as the CEO after Mr Philip Ting's departure from the Company on 6 January 2019.
- Mr Philip Ting resigned as a Director and the CEO of the Company on 6 January 2019.

### Remuneration of KMP (not being a Director or CEO) for FY 2019 (Provisions 8.1(b) and 8.3)

The Board does not believe it to be in the interest of the Company to disclose the FY 2019 remuneration of its former CFO, Ms Leong Sook Han, being identified as the only Company's KMP (not being a Director), having regard to the highly competitive human resource environment.

# CORPORATE GOVERNANCE REPORT

**Remuneration of Director's, CEO's or Substantial Shareholder's Immediate Family Members for FY 2019 (Provision 8.2)**

During FY 2019, there were no employees of the Company who were substantial shareholders of the Company or were immediate family members of a Director, the CEO or a substantial shareholder of the Company.

**PRINCIPLE 9: RISK MANAGEMENT AND INTERNAL CONTROLS****Risk Management (Provision 9.1)**

The Group's approach to risk management is to proactively identify, evaluate and manage significant risks inherent in the business to facilitate a balanced, responsible and informed risk taking. Risk management activities are aligned to the Group's strategic objectives and priorities while protecting the interest of the Board and shareholders.

An Enterprise Risk Management ("ERM") framework has been established by Management to formalise and document the internal processes to enable significant strategic, financial, operational, compliance and IT risks within the relevant Group companies to be identified, assessed, monitored, managed and evaluated. The Board determines the Group's levels of risk tolerance and risk policies, and oversees management in the design, implementation and monitoring of the risk management and internal control systems. Strong emphasis is placed on creating risk awareness, promoting accountability and setting the appropriate tone at the top. Risk management training is conducted to communicate and enhance the Group's risk culture.

A risk management oversight and reporting structure has been established to enable the management team to effectively carry out their roles and responsibilities under the ERM framework. The risk committees (consisting of cross functional personnel), at both corporate and business unit levels, implement and maintain risk management policies and initiatives across the Group. The risk management processes at the key business units are driven by their respective risk committees, with regular reporting to the corporate risk committee (comprising members of senior management and headed by the CEO), who in turn reports to the ARC. The key steps in the risk management process are risk identification, risk assessment, risk treatment and risk monitoring. On an ongoing basis, Management reviews the Group's business operations to identify key risk areas and risk mitigating strategies so as to ensure that risks are adequately managed within the Group's risk tolerance limits.

Reports on risk management issues are presented by the ERM Manager to the ARC on a regular basis. The IA's role includes independent review of the Group's risk management policies and systems.

# CORPORATE GOVERNANCE REPORT

A summary of the Group's top risks and risk mitigation plans is set out below:

No.	Risk Category	Risk Name	Risk Description	Risk Mitigation Plans
1	Operational	Business continuity planning (Global / Country wide)	Ability to handle major global / country wide disruption and resume operations within the optimum timeframe and minimise losses.	<ul style="list-style-type: none"> <li>Maintain sufficient debt headroom and cash runway to sustain the Group's businesses over prolonged period of disruption affecting all companies.</li> <li>IT disaster recovery plan and remote work arrangement capabilities are in place. However, the Group may not be able to resume full business operations, within a short duration of time after a major global / country wide disruption, due to the lack of fully equipped sites (hot sites).</li> </ul>
2	Strategic	Concentration risk - China	Majority of the Group's businesses are based in China.	<ul style="list-style-type: none"> <li>Regular review of business strategies and performance of business units in China.</li> <li>Evaluate new investments opportunities in other geographical regions besides China, when the opportunities arise.</li> </ul>
3	Strategic	Change in government policies	The Group is affected by changes in government policies in the countries and markets that it operates in. The ability to respond effectively and adapt its business strategies to changes in government policies and regulation is crucial to the Group's performance.	<ul style="list-style-type: none"> <li>Stay updated on new and potential changes in government policies.</li> <li>Assess impact of policy changes and review business strategies where necessary.</li> <li>Monitor market conditions and key external indicators which may affect the Group's businesses.</li> </ul>
4	Strategic and Operational	Margin pressure risk	Keen market competition resulting in increased margin pressure for the Group's businesses.	<ul style="list-style-type: none"> <li>Review of product and operational costs.</li> <li>Monitor competitors' pricing and continue to strengthen quality and service level to meet customers' requirements.</li> <li>Develop new sales strategies and implement marketing activities to maintain price advantage.</li> </ul>
5	Operational	Land and permit risk	Some of the Group's businesses are subject to strict land controls and land use regulation, and dependent on operating permits issued by the authorities.	<ul style="list-style-type: none"> <li>Work closely with authorities to stay updated on new government regulations, policies and changes in political landscape which may affect land use decisions.</li> <li>Review strategies and land requirements, and formulate long term plan for land acquisitions.</li> <li>Ensure compliance with regulations to obtain permits and licenses for business continuity.</li> </ul>
6	Strategic	Portfolio and investment risk	Balancing risks and returns in making investments decisions and maintaining an appropriate investment mix for the Group.	<ul style="list-style-type: none"> <li>Perform due diligence work to identify risks and assist management in making informed decisions on investment proposals. Major investment proposals are tabled and approved by the Board of Directors.</li> </ul>

# CORPORATE GOVERNANCE REPORT

## Internal Controls

The Directors recognise that they have overall responsibility to ensure proper financial reporting for the Group and the adequacy and effectiveness of the Group's system of internal controls including financial, operational, compliance and IT controls, and risk management policies and systems. The Group's separately listed subsidiaries, namely Tasek and CYI, including CYI's listed subsidiary HLGE, have separate boards and audit and risk committees which are responsible for the oversight of their respective groups' internal control and risk management systems and the ARC relied on the board of directors and the various board committees of these listed subsidiaries to provide oversight on the adoption and implementation of appropriate corporate governance practices, internal control and risk management systems. These listed subsidiaries, which operate under the governance regime of their respective stock exchanges, provide the relevant assurances on the effectiveness and adequacy of their internal controls and risk management systems in their respective annual reports.

The internal controls structure of the Group has been designed and put in place by management of the Group's business units to provide reasonable assurance against material financial misstatements or loss, for the safeguarding of assets, for the maintenance of proper accounting records, for the provision of financial and other information with integrity, reliability and relevance, and in compliance with applicable laws and regulations. However, no internal controls system can provide absolute assurance in view of inherent limitations of any internal controls system against the occurrence of human and system errors, poor judgment in decision-making, losses, fraud or other irregularities.

## Assurances from the KMP (Provision 9.2)

Written assurance was received from the Executive Chairman, the CEO, both being also identified as the Company's KMP, and the Corporate Controller (in the absence of the CFO), not being identified as the Company's KMP, that:

- (i) the Group's financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and
- (ii) the system of internal controls and risk management systems in place are adequate and effective to address in all material respects the financial, operational, compliance and IT risks within the current scope of the Group's business operations.

The written assurance provided by the Executive Chairman, the CEO and the Corporate Controller on the proper maintenance of financial records so as to give a true and fair view of their operations and finances and the Group's risk management and internal controls systems are supported by written assurances provided by the senior management team of the Group's listed subsidiaries/key business units.

The ARC reviewed the adequacy and effectiveness of the Group's key internal controls that address the Group's financial, operational, compliance and IT controls, and risk management systems, with the assistance of the IA and EA and Management, who provide regular reports during the year to the ARC in addition to the briefings and updates provided at the ARC meetings. The management action plans are initiated to address the deficiencies identified by IA and EA, especially in the Group's China operations.

Based on the work performed by IA and the risk committees during the financial year, as well as the statutory audit by the EA, Ernst & Young LLP ("EY"), and the written assurance from the Executive Chairman, the CEO and the Corporate Controller, the Board, with the concurrence of the ARC, is of the opinion that the system of internal controls and risk management systems in place as at 31 December 2019 are adequate and effective to address in all material aspects the financial, operational, compliance and IT risks within the current scope of the Group's business operations.

The Board wishes to highlight that the majority of the Group's businesses are located in China, which is a challenging control environment to operate in.

The Board noted that CYI, a subsidiary listed on the New York Stock Exchange, had in its FY 2019 annual report filing on Form 20F on 30 April 2020, disclosed that its Independent Public Accountants, EY, had concluded in their opinion, that CYI maintained, in all material respects, effective internal control over financial reporting as of 31 December 2019, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

# CORPORATE GOVERNANCE REPORT

As part of internal audit program for FY 2019, audit findings identified control weaknesses at some of the Group's subsidiaries. Management action plans based on IA's recommendations were developed to address these weaknesses. EY, during the audit of the financial statements of the Group, have also identified certain deficiencies in internal controls, which have been reported to the ARC and are currently in the process of being rectified by Management. Management has assessed and determined that the deficiencies do not have significant financial impact on the financial statements of the Group for FY 2019.

Management will continue to review and strengthen the Group's control environment, and further refine its internal policies and procedures. Management continues to devote resources and expertise towards improving the level of governance and internal controls.

## **PRINCIPLE 10: AUDIT AND RISK COMMITTEE**

### **Composition of ARC (Provisions 10.2 and 10.3)**

The ARC comprises four NEDs, all of whom including the chairman of the ARC are independent. Three members including the ARC chairman, namely Mr Tan Chian Khong, Mr Ernest Colin Lee and Ms Caroline Kwong possess the relevant audit, accounting or related financial management expertise and experience whilst the remaining member, Mr Ng Sey Ming possesses a legal background.

Based on the terms of reference of the ARC, a former partner or director of the Company's existing external auditing firm or corporation ("EA") should not act as a member of the ARC: (a) within a period of two years commencing on the date of his or her ceasing to be a partner or director of the EA; and (b) in any case for as long as he or she has any financial interest in the EA. Mr Tan Chian Khong had ceased to be a partner of EY, the EA of the Company, in June 2016 and has no financial interest in EY. Besides Mr Tan, none of the remaining ARC members were former partners or directors of or have any financial interest in the Company's existing EA. Please refer to the 'Board of Directors' section in the AR for the academic/professional qualification and experience of the members of the ARC.

With the current composition, the ARC believes that it has the relevant accounting or related financial management expertise and experience to discharge its functions within its written terms of reference which has been approved by the Board.

### **Powers and Duties of the ARC (Provisions 10.1 and 10.5)**

The ARC is authorised by the Board to review or investigate any matters it deems appropriate within its terms of reference and has direct and unrestricted access to the EA, the IA, Management and any officer and employee of the Group. It may invite any Director, Management, any officer or employee of the Group, the EA and IA to attend its meetings. It is also authorised to engage any firm of accountants, lawyers or other professionals as it sees fit to provide independent counsel and advice to assist in the review or investigation on such matters within its terms of reference as it deems appropriate, at the Company's expense.

The principal responsibility of the ARC is to assist the Board in maintaining a high standard of corporate governance, particularly by providing an independent review of the adequacy and effectiveness of the Group's financial reporting process (including reviewing the accounting policies and practices of the Company and the Group on a consolidated basis) and key internal controls, including financial, operational, compliance, IT and risk management controls. Other duties within its written terms of reference include:

- to review significant financial reporting issues and judgements so as to ensure the integrity of the Company's and the Group's financial statements, and of announcements on the Company's and the Group's financial performance and recommend changes, if any, to the Board;
- to review the adequacy and effectiveness of the Group's risk management and internal controls including financial, operational, compliance and IT controls and report to the Board;
- to assess the role and effectiveness of the IA function in the overall context of the Group's risk management and internal control systems;
- to review annually the scope and results of the external audit and the independence and objectivity of the EA, and in this regard to also review the nature and extent of any non-audit services provided by the EA to the Group;
- to make recommendations to the Board on the nomination for the appointment, re-appointment and/or removal of the EA, and to approve the remuneration and terms of engagement of the EA;

# CORPORATE GOVERNANCE REPORT

- to review interested person transactions (“IPTs”) to ensure that they are entered on normal commercial terms and are not prejudicial to the interests of the Company or its minority shareholders;
- to oversee the establishment and operation of the whistle-blowing process in the Group;
- to provide oversight of the risk management framework for the purpose of guiding and providing direction to build up risk management capability within the Group; and
- to provide oversight on the Group’s compliance relating to sustainability governance and reporting including reviewing the framework put in place by Management for the identification, assessment, management and monitoring of the material ESG factors, and setting of the targets and key performance indicators for the achievement of the Group’s sustainability strategy.

The ARC held five meetings during the year and carried out its duties as set out within its terms of reference. For details of the activities performed by the ARC during the year, please refer to the ‘Directors’ Statement’ section on pages 69 and 70 of the AR. The Company Secretaries maintain records of all ARC meetings including records of key deliberations and decisions taken. The ARC meets with the IA and EA, each separately without the presence of Management, at least once annually.

The ARC members continually keep themselves abreast of changes to accounting standards and issues which have a direct impact on financial statements.

For the financial year under review, the ARC conducted a self-assessment of its own effectiveness in the discharge of its roles and responsibilities, which was facilitated through the use of a self-assessment checklist (“**ARC Self-Assessment Checklist**”).

The ARC Self-Assessment Checklist covered, *inter alia*, the responsibilities of the ARC under its terms of reference, and also considered the contribution of ARC members to the ARC’s deliberation and decision-making process.

Based on the self-assessment, the ARC believes that it has fulfilled its responsibilities and discharged its duties as set out in its terms of reference.

### **ARC’s Commentary on significant financial reporting matters**

In the review of the financial statements for the FY 2019, the ARC had discussed with both the Management and the EA the accounting principles that were applied and their judgement of items that might affect the integrity of the financial statements. The following significant matters impacting the financial statements were discussed with Management and the EA:

Significant Matters	How did the ARC address these matters
Impairment of property, plant and equipment	<p>The ARC received reports from the Management on the assessment of the recoverable amounts of property, plant and equipment.</p> <p>The ARC had discussed with the Management and the external auditors and assessed the indicators of impairment and also reviewed the appropriateness of the valuation methodologies and reasonableness of the key assumptions used in determining the fair value of the property, plant and equipment.</p>
Impairment of investments in subsidiaries	<p>The ARC held discussions with the Management and the external auditors to review the reasonableness of the Management’s assumptions in estimating the recoverable amount of the investments in certain loss-making subsidiaries. This resulted in the recognition of an impairment loss of \$8.1 million in the Company’s income statement for FY 2019.</p>
Allowance for inventory obsolescence	<p>The ARC reviewed the significant assumptions and estimates used by Management in their assessment of the measurement and valuation of inventory including the amount of the allowance for inventory obsolescence required to be recorded.</p> <p>The ARC noted that about 92% of the inventory relates to CYI. From discussion with Management, the ARC noted that CYI performed an assessment of the measurement and valuation of inventory.</p>

## CORPORATE GOVERNANCE REPORT

Capitalisation of development costs

The ARC reviewed the significant assumptions and estimates used by Management in the capitalisation of development expenditure.

The ARC noted that about 75% of the intangible assets relates to development expenditure capitalised by CYI. From discussion with Management, the ARC noted that CYI obtained an understanding from management on the recognition criteria and basis for capitalisation and performed an assessment of the appropriateness of development expenditure capitalised in accordance with CYI's R&D capitalisation policy.

The above significant matters were also areas of focus for EA who have included these as key audit matters in their audit report set out in this AR.

### External Auditors (Provisions 10.1(d) and 10.1(e))

Taking cognizance that the EA should be free from any business or other relationships with the Group that could materially interfere with their ability to act with integrity and objectivity, the ARC undertook a review of the independence of EY and gave careful consideration to the Group's relationships with them during 2019. In determining the independence of EY, the ARC reviewed the Group's relationships with them and considered the nature and volume of the provision of the non-audit services in 2019 and the corresponding fees. The ARC is of the opinion that the nature and amount of such non-audit services and fees, which had not exceeded 50% of the aggregate audit fees paid/payable to EY in 2019, did not impair or threaten the audit independence. EY's confirmation of their audit independence was further noted. Based on the review, the ARC is of the opinion that EY is, and is perceived to be, independent for the purpose of the Group's statutory financial audit. For details of the fees paid and/or payable by the Group to EY in respect of audit and non-audit services for FY 2019, please refer to note 25 of the Notes to the Financial Statements on page 178.

In reviewing the nomination of EY for re-appointment for the financial year ending 31 December 2020, the ARC had considered the adequacy of the resources, experience and competence of EY, and had taken into account the Audit Quality Indicators relating to the experience of the engagement partner and key team members' experience in handling the audit of multi-listed entities under different jurisdictions. The size and complexity of the audit of the Group, the level of audit fee, and the number and experience of the supervisory and professional staff assigned were taken into account. The ARC had also considered the audit team's ability to work in a co-operative manner with Management whilst maintaining integrity and objectivity and to deliver their services professionally and within agreed time-lines.

EY has confirmed that they are registered with the Accounting and Corporate Regulatory Authority. The Company is thus in compliance with Rule 712 and Rule 715 (read with Rule 716) of the Listing Manual in relation to the appointment of the Group's auditors.

On the basis of the above, the ARC has recommended to the Board the nomination of EY for re-appointment as EA of the Company at the 2020 AGM.

### Interested Person Transactions ("IPTs")

On 30 May 2003, the Company obtained shareholders' approval for the Company, its subsidiaries and its associated companies not listed on SGX-ST or an approved exchange, over which the Company, its subsidiaries and/or interested persons ("IPs") have control, to enter into transactions within the categories of IPTs set out in the Company's circular to shareholders dated 5 May 2003, with such persons within the class or classes of IPs as described in the said circular, provided that such transactions are entered into in accordance with the review procedures set out in the said circular (the "IPT Mandate"). The IPT Mandate was last renewed at the AGM held on 26 April 2019. As such IPTs may occur at any time, and to allow the Group to undertake such transactions in an expeditious manner, shareholders' approval will be sought at the 2020 AGM for the renewal of the IPT Mandate.

The ARC has confirmed that an independent financial adviser's opinion is not required for the renewal of the IPT Mandate as the methods and procedures for determining the transaction prices of the IPTs conducted under the IPT Mandate have not changed since the IPT Mandate was obtained on 30 May 2003, and such methods and procedures continue to be sufficient to ensure that these IPTs will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority shareholders.

# CORPORATE GOVERNANCE REPORT

Particulars of IPTs required to be disclosed under Rule 907 of the Listing Manual are as follows:

Name of IP	Nature of Relationship	Aggregate value of all IPTs in FY 2019 (excluding transactions less than \$100,000 and transactions conducted under the IPT Mandate pursuant to Rule 920)	Aggregate value of all IPTs conducted in FY 2019 under the IPT Mandate pursuant to Rule 920 (excluding transactions less than \$100,000)
		\$'000	\$'000
Hong Leong Investment Holdings Pte. Ltd. ("HLIH") group of companies	Subsidiaries of HLIH which are the related corporations of the Company	Provision of the following services by IPs to the Group:  (i) Group advisory and trademark services:  (ii) Corporate secretarial services:	Nil
		105	
		349	
		<hr/> Total	
		454	

The above IPTs were carried out on normal commercial terms and were not prejudicial to the interests of the Company and its minority shareholders.

### Whistle-blowing Policy (Provision 10.1(f))

HLA has in place a whistle-blowing policy where staff of the Group or other persons can raise in confidence, whether anonymously or otherwise, concerns on possible improprieties in matters relating to accounting, financial reporting or other matters such as improper business conduct, fraud or any unlawful practices. The ARC has the responsibility of overseeing this policy which is administered by the Head of IA. Under these procedures, arrangements are in place for independent investigation of such matters raised (where appropriate) and for appropriate follow up action to be taken.

A dedicated whistle-blowing email account at hla999@hla-grp.com has been set up to receive complaints and information from all employees of the Group or other persons in order to facilitate and encourage the reporting of such matters. Details on the dedicated channels of communication (email and postal address) have also been made available on the Company's website and intranet.

The whistle-blowing policy is reviewed by the ARC from time to time to ensure that it remains current.

### Anti-fraud, Anti-bribery and Anti-corruption Policy

HLA has adopted an Anti-fraud, Anti-bribery and Anti-corruption Policy. This policy sets out the responsibilities of the Group functions and business units in observing and upholding the Company's position on fraud, bribery and corruption, and it applies to the Group, its affiliates, agents, consultants, business partners as well as officers and employees of the Group (collectively, the "Employees"). It provides guidance to the Employees on matters relating to the prevention, detection and reporting of fraudulent or corrupt conduct through the Company's whistle-blowing channel. The Anti-fraud, Anti-bribery and Anti-corruption Policy is posted to the Company's website and incorporated into the existing Code of Business Conduct and Ethics which Employees are required to confirm compliance with on a regular basis.

### Internal Audit (Provisions 10.4 and 10.5)

The IA function is independent of the activities it audits. The Head of IA's primary reporting line is to the ARC chairman with an administrative line of reporting to the CEO of the Company. The appointment, resignation and dismissal of the Head of IA is reviewed and approved by the ARC. The ARC also provides input on the annual performance appraisal of the Head of IA and the ARC chairman is consulted on all bonus payments and salary adjustments for this position. The ARC meets the Head of IA at least once annually without the presence of Management. The Head of IA has unfettered access to the ARC, the Board and Management as well as the Group's documents, records, and properties except for those under the Group's separately listed subsidiaries.

# CORPORATE GOVERNANCE REPORT

IA operates within the framework stated in its IA Charter which is approved by the ARC, and reviewed on an annual basis. The standards of the IA Charter are consistent with the International Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors. The Head of IA, Mr Vincent Lo, and IA team members are members of the Institute of Internal Auditors of Singapore and/or chartered member of professional bodies.

## **Role and Activities of IA**

The primary role of the IA is to assist the Board and the ARC to evaluate the reliability, adequacy and effectiveness of the internal controls and risk management processes of the Group (other than the Group's separately listed subsidiaries which have their own IA functions). IA's coverage extends to the review and testing of controls in areas of key risks which include sales and channels operations, procurement, inventory management, information systems and compliance with company policies and procedures.

The ARC approved the annual IA plan and received regular reports during 2019 on the progress of the audit work under the IA plan. Copies of IA reports are extended to relevant members of Management. IA reports are also provided to the external auditors. Processes are in place such that recommendations raised in IA reports are followed up to ensure that they are dealt with within a reasonable time frame, taking into account the severity and nature of the control weaknesses identified. The ARC is apprised regularly on the implementation by Management of the recommendations of IA.

The Company has a well-established IA function with formal procedures for the IA to report their audit findings to the ARC and to Management. The IA attends outside training programmes to keep abreast of developments. As the IA team members are members of the Institute of Internal Auditors of Singapore and/or chartered member of professional bodies, the team receives regular updates on the latest development of IA policies and practices, accounting pronouncements, risk-based audit information and other audit related knowledge from time to time. The ARC reviewed the effectiveness and adequacy of the IA function including its resources through a review of the IA activities on a regular basis as well as its annual assessment of the IA function. The assessment was facilitated through the use of an evaluation framework modeled on the framework recommended in the Guidebook for Audit Committees in Singapore. The evaluation framework covers IA organisation, resources and continuing training, audit plans, work scope, quality of reports and recommendations, IA Charter and IA internal control assessment. Based on the assessment, the ARC is satisfied that the IA function has adequate resources and appropriate standing within the Group to perform its functions properly, and the ARC has continually emphasized the importance of ensuring that the IA function is adequately staffed, especially to handle the review and testing of controls in key risk areas in the Group's operations in China. CYI has its own IA team and the other two China operations of the Group are not material.

## **SHAREHOLDER RIGHTS AND ENGAGEMENT**

### **PRINCIPLE 11: SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS**

Being committed to good corporate practices, the Company treats all shareholders fairly and equitably. To facilitate the exercise of shareholders' rights, the Company ensures that all material information relating to the Group and its financial performance is disclosed in an accurate and timely manner *via* SGXNET.

#### **General Meetings (Provisions 11.1, 11.2 and 11.3)**

All shareholders are entitled to attend and vote at general meetings in person or by proxy. The rules for the appointment of proxies, including information that the voting will be conducted by way of poll, are set out in the notice of general meetings. In accordance with the Company's Constitution, shareholders who are not relevant intermediaries may appoint not more than two proxies each to attend, speak and vote at general meetings in their absence. In the case of shareholders who are relevant intermediaries, more than two proxies each may be appointed. The proxy forms must be deposited at such place or places specified in the notice or documents accompanying the notice convening the general meetings at least seventy-two (72) hours before the time set for the general meetings. However, with the stricter preventive measures that have been put in place by Singapore authorities prior to the release of this report to deal with the spread of COVID-19 in Singapore, the Company would advise shareholders to take note of further notices which may be issued by the Company from time to time to inform shareholders of changes pertaining to the scheduling and the conduct of the Company's AGM in 2020.

The Company provides for separate resolutions at general meetings on each substantial issue, including treating the election/re-election of each Director as a separate subject matter. Detailed information on each item in the AGM agenda is provided in the explanatory notes to the notice of AGM.

At general meetings of the Company, shareholders are given the opportunity to communicate their views and encouraged to ask the Directors and Management questions regarding matters affecting the Group. The Board Chairman, the chairmen of all the Board Committees, certain members of the Senior Management team together with the EA were present at the

# CORPORATE GOVERNANCE REPORT

last 2019 AGM and subject to COVID-19 related advisories and directives of the Singapore authorities, will endeavor to be present at the 2020 AGM to assist the Board in addressing queries raised by the shareholders. All Directors attended the 2019 AGM.

## **Voting at General Meetings (Provision 11.4)**

Shareholders are given the opportunity to vote at general meetings either in person or in absentia by way of appointed proxy(proxyes). However, as the authentication of shareholder identity information and other related integrity issues still remain a concern, the Company has decided, for the time being, not to implement voting in absentia by electronic means. However, with the ongoing COVID-19 situation, shareholders should take note of further notices which may be issued by the Company from time to time to inform shareholders of changes pertaining to the conduct of the Company's AGM in 2020.

Pursuant to Rule 730A(2) of the Listing Manual, all resolutions to be proposed at the 2020 AGM and at any adjournment thereof shall be put to the vote by way of poll.

In support of greater transparency and to allow for a more efficient voting system, the Company has been conducting electronic poll voting instead of by show of hands since its 2014 AGM and would continue to do so in respect of all resolutions to be proposed at the 2020 AGM. With electronic poll voting, shareholders present in person or represented by proxy at the meeting will be entitled to vote on a 'one-share, one-vote' basis. The voting results of all votes cast in respect of each resolution will also be instantaneously displayed on-screen at the meeting. The detailed results setting out the number of votes cast for and against each resolution and the respective percentages would be announced *via* SGXNET after the 2020 AGM. The detailed procedures for the electronic poll voting would be explained at the AGM. An external firm which is independent of the firm appointed to undertake the electronic poll voting process, will be appointed as scrutineers for the AGM voting process.

## **Minutes of General Meetings (Provision 11.5)**

The Company also maintains minutes of its general meetings, which include the key comments and queries raised by shareholders and the responses from the Board, Management and/or the EA. The minutes of general meetings are available on the Company's website, and the Company will also furnish the general meeting minutes to any shareholder upon request.

## **Dividend Policy (Provision 11.6)**

The Company has formalized a dividend policy which aims to pay dividends to shareholders at least once a year, balancing returns to shareholders with prudent capital management and consistent with the Company's overall governing objective of maximising shareholder value over time. Before proposing any dividends, the Board will consider a range of factors, including the Group's results of operations, long-term and short-term capital requirements, current balance sheet, future investment plans and the general business conditions and other macro environment factors. The Board will review the dividend policy from time to time and reserves the right to modify, amend and update the policy.

The Company aims to maintain a strong capital position to ensure market confidence, to support its on-going business and to meet the expectations of its stakeholders.

## **PRINCIPLE 12: ENGAGEMENT WITH SHAREHOLDERS**

The Board provides shareholders with periodic financial results in accordance with the timelines prescribed in the Listing Manual. The unaudited financial results for the first, second and third quarters of 2019 were released to shareholders within 45 days of the end of each quarter. However, the unaudited financial results for full year 2019 were released on 31 March 2020, pursuant to extension obtained from SGX-ST, due to delay in finalizing the Group's financial statements as the Company's key subsidiaries in China faced logistical difficulties and significant delays in employees returning to their offices as city lockdowns, quarantine measures and other actions were taken by local governments in China to reduce the movement and concentration of people amidst the COVID-19 outbreak.

Following the recent amendments to Rule 705(2) of the Listing Manual of SGX-ST, which took effect on 7 February 2020, the Company will cease to release announcements of the Group's unaudited financial statements for each quarter of its financial year. Going forward, the Company will release announcements pertaining to the unaudited financial statements of the Group on a semi-annual basis, in respect of the first half of its financial year and for the full financial year. Results for the first half year ("**1H**") are released to shareholders within 45 days of the end of 1H whilst the annual results are released within 60 days from the financial year end. In presenting the Group's annual and 1H results, the Board aims to provide shareholders with a balanced and understandable assessment of the Group's performance and financial position with a commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which it operates.

# CORPORATE GOVERNANCE REPORT

For the financial year under review, the CEO and the former CFO provided assurance to the ARC and the Board on the integrity of the quarterly unaudited financial statements. The CEO and the former CFO also received similar representation letters from the various business units within the Group. The Board in turn provided a negative assurance confirmation in respect of the unaudited financial statements for the first, second and third quarters in accordance with the regulatory requirements.

The Company ensures that shareholders are notified of all material information in an accurate and timely manner. Should there be an inadvertent disclosure made to a select group, the Company will release the same information as promptly as possible *via* SGXNET. The Company notifies its investors in advance of the date of release of its financial results *via* SGXNET. The Company's periodic financial results are announced within the mandatory period. The financial statements and other presentation materials presented at the Company's general meetings, including material and price-sensitive information, are disseminated and publicly released *via* SGXNET on a timely basis. All shareholders of the Company receive the annual report of the Company and the notice of AGM, which notice is also advertised in the press and released *via* SGXNET.

## Shareholder Communication (Provisions 12.1 and 12.2)

The Company has in place an investor relations ("IR") policy (available on the Company's website) which outlines the principles and framework for the Company to provide investors, analysts and other IR stakeholders with balanced, clear and pertinent information on matters pertaining to and/or affecting the Group. Shareholders and investors can contact the Company or access information on the Company at its website at [www.hlasia.com.sg](http://www.hlasia.com.sg) which provides, *inter alia*, information on the Board of Directors, key Management team, and the Group's key business units, Annual Reports, corporate announcements, press releases and financial results as released by the Company on SGXNET, and contact details of its IR.

Shareholders are also encouraged to attend the Company's general meetings where the Board Chairman and the chairmen of the respective Board Committees will be present to engage shareholders in dialogues and to address their queries.

## PRINCIPLE 13: ENGAGEMENT WITH STAKEHOLDERS

HLA has grown and diversified its portfolio within the manufacturing space over the decades, which has provided many opportunities to ingrain the importance of proactive and thoughtful engagement with its stakeholders. The stakeholders have been identified as those who are impacted by the Group's business and operations and those who similarly impact the Group's business and operations. The six key stakeholder groups identified are customers, employees, government agencies, local communities, shareholders and suppliers.

The Company acknowledges that success and long-term value across its operations would not be possible without the senior management teams' dedication and careful attention towards managing supplier, customer, government agency and community relationships. This has only strengthened with a combined knowledge across various industries, which has allowed the Group's businesses to both gain vital knowledge and adopt tested, effective policies and measures to evolve supplier collaboration, improve products' standards and enhance customer service. To achieve such standards, the Group's senior management teams adopt industry-specific to create supportive environments and set codes of ethical business conduct that allow employees to thrive and in turn, help cultivate long-term working relationships with all stakeholders that support our business activities.

Into the fourth year of its Sustainability Reporting journey, the Company works towards integrating new learnings in the process to better align with its six key stakeholder groups on value creation. This involves the continuous review of ESG issues and up-to-date practices surrounding to assess the evolving impact on every stakeholder group, reviewed and endorsed by the Board annually.

More details on HLA's approach to stakeholder engagement and materiality assessment are disclosed on pages 44 to 59 of this AR.

The Company has in place arrangements through a variety of channels including the Company's corporate website to engage with the stakeholders.

## Corporate Values and Conduct of Business

The Board and Key Management are committed to conducting business with integrity and consistent with high standards of business ethics, and in compliance with all applicable laws and regulatory requirements. The Company has in place an internal code of business and ethical conduct crystallising the Company's business principles and practices with respect to matters which may have ethical implications. The code provides a communicable and understandable framework for staff to observe the Company's principles such as honesty, integrity, responsibility and accountability at all levels of the organisation and in the conduct of the Group's businesses in their relationships with customers, suppliers and amongst employees, including situations where there are potential conflicts of interests.

# CORPORATE GOVERNANCE REPORT

The code which incorporates the Anti-fraud, Anti-bribery and Anti-corruption Policy provides guidance on issues such as:

- conflicts of interest and the appropriate disclosures to be made;
- the Company's stance against corruption and bribery;
- compliance with applicable laws and regulations;
- compliance with the Company's policies and procedures, including those on internal controls and accounting;
- safeguarding and proper use of the Company's assets, confidential information and intellectual property rights, including the respect of the intellectual property rights of third parties;
- competition and fair dealing in the conduct of the Company's business, in its relationships with customers, suppliers, competitors and towards its employees; and
- prevention, detection and reporting of fraudulent or corrupt conduct through the Company's whistle-blowing channel.

In line with the Board's commitment to maintain high ethical standards which are integral to our corporate identity and business, the Company also has the following corporate policies and procedures in place:

- (i) Whistle-blowing Policy, which provides guidance to the Group's officers, employees and non-employees of the Group that may have any legitimate bona fide concerns about any possible improprieties in financial reporting or any other matters, the same may be raised without fear of reprisals in any forms, discriminating or adverse consequences; and
- (ii) Policy on transactions with IPs which provides guidance to the Group's officers and employees to conduct IPTs on an arm's length basis and on normal commercial terms consistent with its usual business practices and policies, not prejudicial to the interest of the Company and its minority shareholders and on terms which are not more favourable to the IP than those extended to other unrelated third parties under similar circumstances.

## **Internal Code on Dealing in Securities**

The Company has in place an internal code on securities trading which sets out the implications of insider trading and provides guidance and internal regulation with regard to dealings in the Company's securities by its Directors and officers. These guidelines prohibit dealing in the Company's securities (a) on short-term considerations, (b) while in possession of unpublished material price-sensitive information in relation to such securities, and (c) during the period commencing two weeks before the announcement of the Company's financial statements for each of the first three quarters of its financial year and one month before the date of announcement of the Company's full year financial statements (when the Company was announcing its quarterly financial statements), and during the period commencing one month before the date of announcement of the Company's 1H and full year financial statements (when the Company ceased the announcement of quarterly financial statements in 2020). The Directors and employees of the Company are notified in advance of the commencement of each "closed period" relating to dealing in the Company's securities.

## **Rights Issue**

In FY 2018, the Company had pursuant to a renounceable non-underwritten rights issue raised net proceeds of \$201.1 million. On 13 March 2020, the Company announced that \$42.9 million of the net proceeds had been utilised in accordance with the intended uses as stated in the Offer Information Statement dated 3 October 2018. Since then, no further utilisation of the rights proceeds has been made, and other than previously announced, the remaining unutilized funds have been used in the interim to repay short-term revolving facilities and the balance has been deposited with financial institutions pending future deployment. The Company will make periodic announcements *via* SGXNET on the further deployment of the rights proceeds.

# SUSTAINABILITY REPORT

## STATEMENT BY THE BOARD OF DIRECTORS

We are in the fourth year of our sustainability-reporting journey. As we progress, we have set in place a process to systematically review our business practices to assess the impact on stakeholders who may be affected by its activities, or whose actions can affect the ability of the Group<sup>1</sup> to conduct its activities. Sustainability is essential to our operations and being a valued and respected corporate citizen, our focus on sustainability will create long-term value for our stakeholders.

The Board has set the strategy and direction for sustainability management through upholding high standards of governance across our value chain, promoting ethical and responsible business practices, prudent financial management, maintaining high standards of health and safety, managing environmental impact, efficient utilisation of resources, and engaging communities we operate in.

The Board drives the Group's sustainability direction and the Sustainability Committee assists the Board in carrying out all its sustainability efforts to continually identify, evaluate, monitor, manage and address environmental, social and governance ("ESG") factors material to our businesses. As sustainability is a journey that takes constant effort, we look forward to your continued support in creating a sustainable future for generations to come.

## MESSAGE FROM CHIEF EXECUTIVE OFFICER ("CEO")

We are pleased to publish the HLA's Sustainability Report, which is prepared in accordance with the Global Reporting Initiative ("GRI") Standards: Core option, and the Sustainability Reporting Guide of Singapore Exchange. Monitoring our sustainability practices has been beneficial as it helps us to quantify the actions that we have taken as a form of measuring the level of the Group's sustainable development.

We remain committed towards our responsibilities in addressing the ESG issues around us. During the year, the Management and Heads of Departments ("HODs") of respective business units continue to initiate, drive and monitor the sustainability practices, which have been embedded into our daily operations. We believe in striking a balance between achieving operational profitability and concurrently managing ESG risks and opportunities in order to sustain long-term business continuity.

We periodically review our approach to ensure that relevant sustainability challenges are appropriately addressed across our value chain. This includes enhancing our approach in engaging with various stakeholders, minimising environmental footprints from our operations, and improving the workplace health and safety of our employees.

Despite challenging business environment faced by the building materials industry in Malaysia, our Malaysian business unit held its annual dinner for its employees in November 2019 in appreciation of their invaluable contributions and continued commitments. 43 employees, who have served the unit for periods ranging from 10 to 40 years, received their long service awards.

Whenever feasible and practical, we continue to explore the use of alternative raw materials in our production processes as one of the ways to address environmental issues.

Our diesel engines business unit continues to receive awards during the year in recognition of its research and development in green technology and product innovation, which resulted in the production and sale of better emission standard, higher efficiency and more energy saving engines.

Due to the outbreak of COVID-19, we have taken various measures to safeguard our employees' health and safety, as well as activated our Business Continuity Plan to mitigate any challenges from any business disruption<sup>2</sup>.

This report is a compilation of our efforts in 2019 and our aspirations for 2020. We welcome your feedback on this report as we continue our journey to improve our reporting and sustainability practices. Please send in your comments or questions to [sustainability@hla-grp.com](mailto:sustainability@hla-grp.com).

<sup>1</sup> The reporting entity is Hong Leong Asia Ltd. ("HLA") and "the Group" refers to the business units in building materials and diesel engines segments, which are the principal business segments of the Group.

<sup>2</sup> Refer to the Chairman's Message in the Annual Report for details of the sustainability efforts on COVID-19.

# SUSTAINABILITY REPORT

## ABOUT THIS REPORT

This report has been prepared in accordance with the GRI Standards: Core option, and complies with the SGX requirements on sustainability reporting.

Information contained in this report reflects the sustainability progress of the Group’s building materials and diesel engines units from 1 January 2019 to 31 December 2019, unless otherwise specified. The 2018 Sustainability Report was issued in March 2019. We will continue to publish our progress on an annual basis.

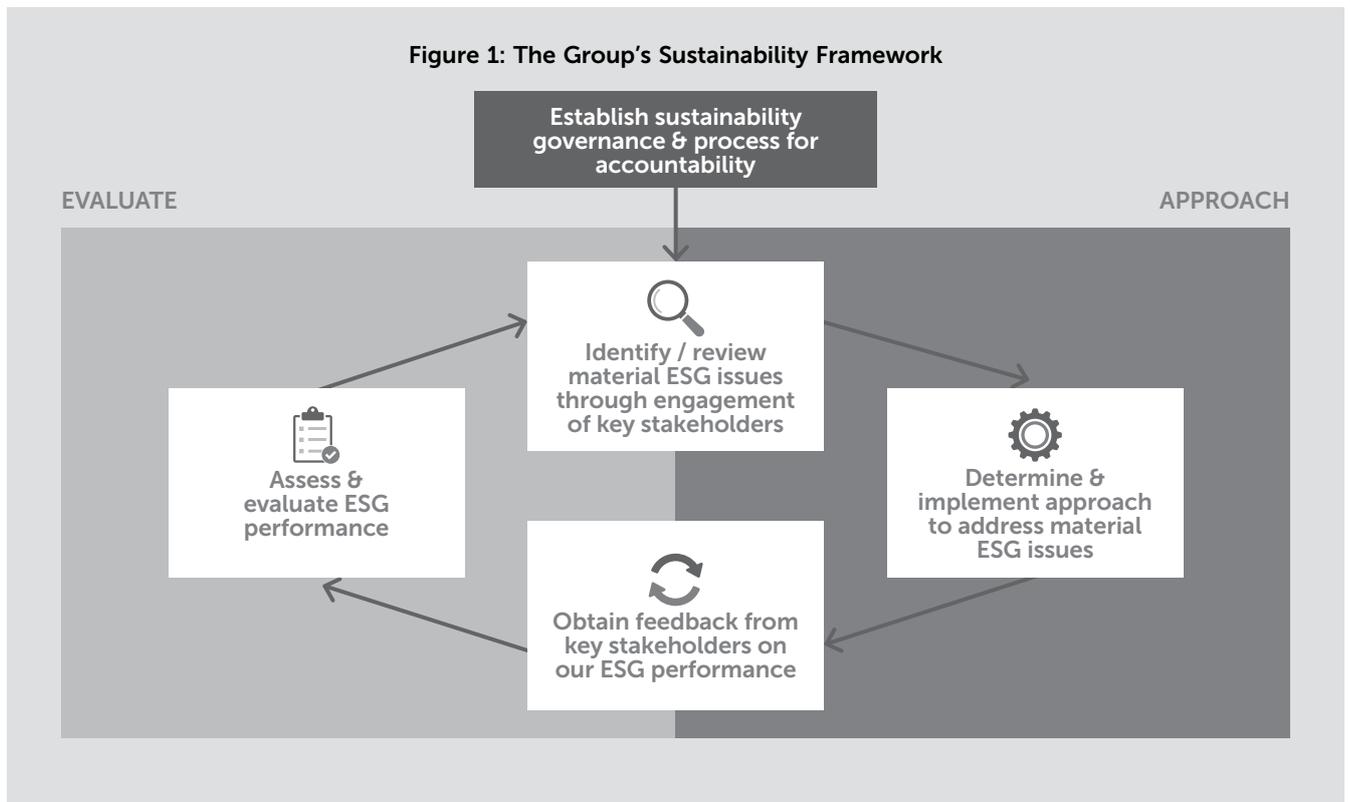

A historical comparison to the previous years has also been presented where possible. We seek to continue to assess and improve our data collection systems over time.

There is no significant change to the organization’s size, structure, ownership, or supply chain during the year.

## SUSTAINABILITY FRAMEWORK AND GOVERNANCE

As a means to ensure reliability, adequacy and effectiveness of the internal controls and risk management processes over our sustainability practices and reporting aspects, the Group has developed a framework to formalise the oversight procedures (Figure 1).

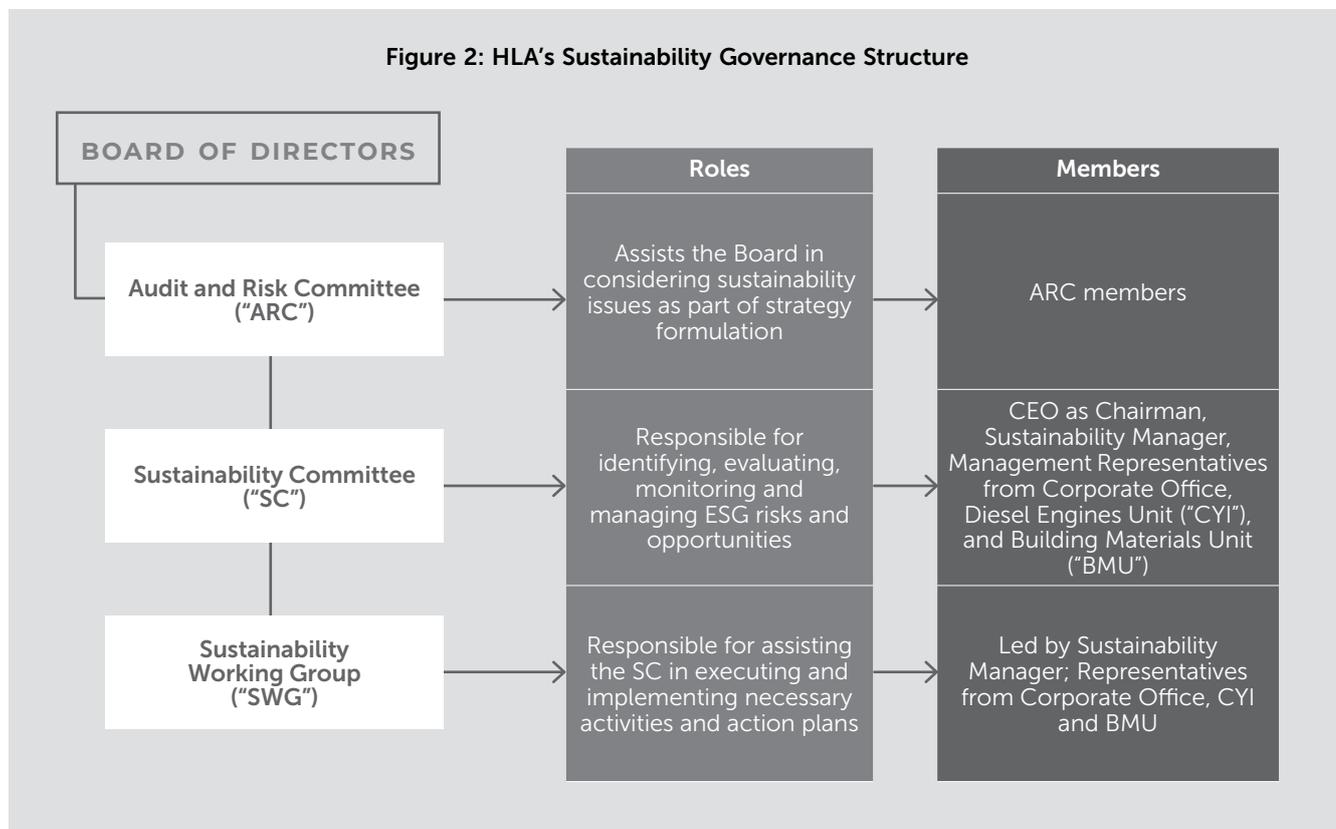

The Sustainability Committee is tasked to identify the material ESG issues and manage them, including target setting and reporting. The Management, led by the CEO, manages the internal control and risk management processes of the Group’s operations.

On a quarterly basis, the Sustainability Committee provides a progress update on performance to the Audit and Risk Committee (“ARC”), and makes recommendations to improve the sustainability of its businesses. The ARC evaluates and reviews the process and performance annually and ensures that all requirements for sustainability compliance are met before reporting to the Board. The ARC also assists the Board in considering sustainability issues as part of its strategy formulation of the Group (Figure 2).

# SUSTAINABILITY REPORT

Figure 2: HLA's Sustainability Governance Structure

## THE GROUP'S KEY STAKEHOLDERS AND MATERIALITY ASSESSMENT PROCESS

### KEY STAKEHOLDERS

The main purpose of any business is to create value for its shareholders. Value is commonly generated by providing products and services to customers, and this is supported by employees and suppliers of the business. The impact of the business on these stakeholders and the local communities affected is often managed by regulations from the government. The Group's business is typical of such a model. Therefore, our key stakeholders are identified as shareholders, customers, employees, government agencies, suppliers and the local communities.

Understanding issues affecting our relationships with our key stakeholders is important for the business to create value. As our business segments are diverse in industry and geography, a significant amount of input on material issues is obtained from the management teams of the business units. They have the most interaction with our key stakeholders on the ground and are therefore in the best position to assess the material ESG issues that need to be addressed by the Group Management.

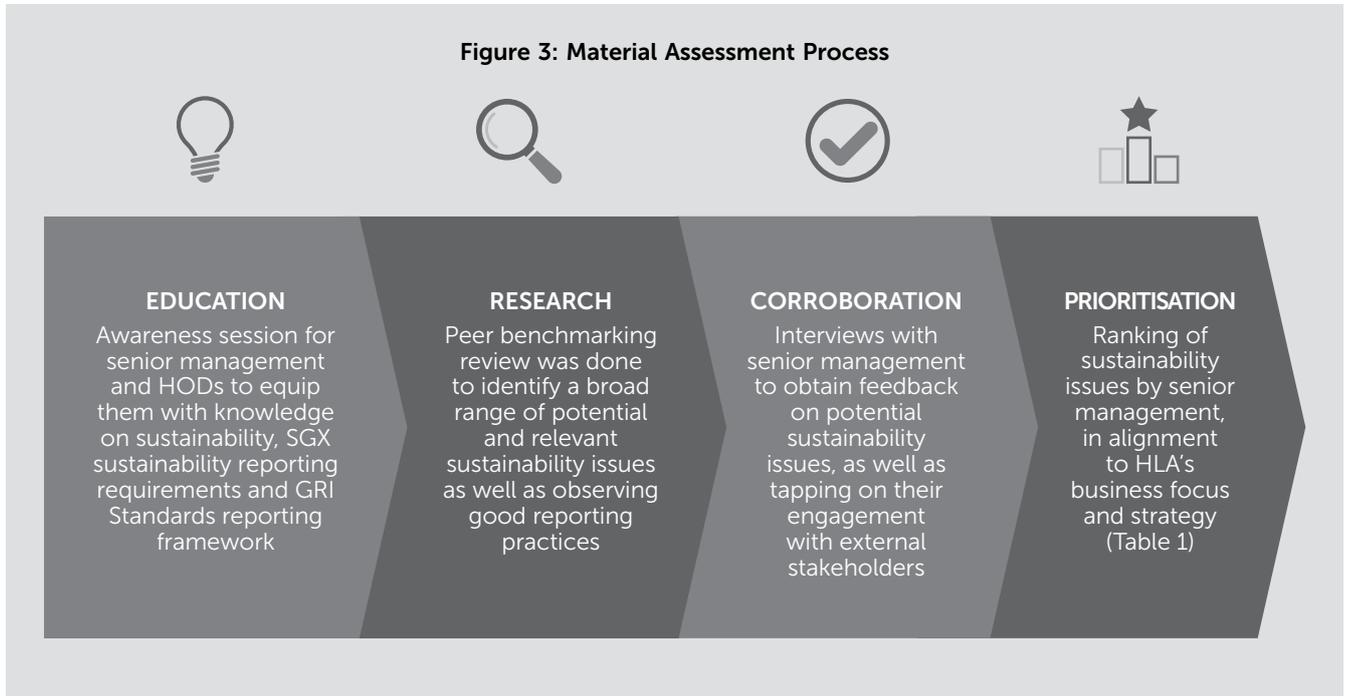

### MATERIALITY ASSESSMENT

In 2016, with the assistance of external consultants, the Group conducted and formalised the process of our first sustainability materiality assessment (Figure 3), and derived the results of the key ESG concerns of our key stakeholders.

With the adoption of the new GRI Standards in 2018, the Group took the opportunity to reassess the material issues, using the same Material Assessment Process. Our focus remains on stakeholders' inclusiveness and sustainability context just as when the initial materiality assessment was conducted.

# SUSTAINABILITY REPORT

**Figure 3: Material Assessment Process**

To facilitate the exercise, the management of each business units was first informed on the requirements of the GRI Standards, along with the updated sustainability reporting peer-benchmarking review. Interviews were also conducted with representatives of the business units on the potential relevant items to internal stakeholders. A universe of relevant sustainability issues was established through the benchmarking reviews and management-representative interviews, on which HODs voted for the priority sustainability issues to the Group. The HODs have the insights to both internal and external key stakeholders through their regular engagements and have the capacity to represent them.

From a pool of twenty two relevant sustainability issues, eight issues were identified as material and significant to the Group's operations and were reported in accordance with the GRI Standards reporting framework.

This year, the Sustainability Committee reviewed the ESG issues and validated that the eight material issues identified and determined in 2018 remain unchanged for the current reporting period (Table 1). Our Sustainability Report centres on the management's approach towards addressing our material ESG issues within the boundaries of the key stakeholder impacts, including gaps identified and our plans to address them.

# SUSTAINABILITY REPORT

**Table 1: Key stakeholders, their respective impacts, sustainability concerns and boundaries**

Key Stakeholders	Boundary, Impact & Significance	Material Sustainability Issues
<b>CUSTOMERS</b>	Our customers are the reason for our business existence. Our customers' feedback and concerns are important inputs for our business decisions.	<ul style="list-style-type: none"> <li>• Customer Satisfaction</li> <li>• Product &amp; Service Quality</li> </ul>
<b>EMPLOYEES</b>	Our employees are the backbone of the Group's success. The sustainability of our business is reliant upon their running of our day-to-day business.	<ul style="list-style-type: none"> <li>• Employee Health &amp; Safety</li> <li>• Fair Employment</li> <li>• Business Succession Plan</li> </ul>
<b>GOVERNMENT AGENCIES</b>	Beyond meeting regulatory requirements, we recognize the importance of building working relationships with government agencies and strive to engage them both positively and regularly.	<ul style="list-style-type: none"> <li>• Dust Emissions Management</li> <li>• Employee Health &amp; Safety</li> <li>• Energy &amp; Carbon Footprint</li> <li>• Regulatory Compliance</li> <li>• Ethical Business Conduct</li> </ul>
<b>LOCAL COMMUNITIES</b>	Local communities are directly affected by our business operations. With such immediate reach, we strive to create positive impact on the local communities through our business.	<ul style="list-style-type: none"> <li>• Dust Emissions Management</li> <li>• Regulatory Compliance</li> </ul>
<b>SHAREHOLDERS</b>	Shareholders are owners of our company, and their views are crucial in determining the future directions of the Group.	<ul style="list-style-type: none"> <li>• Ethical Business Conduct</li> <li>• Regulatory Compliance</li> <li>• Employee Health &amp; Safety</li> <li>• Customer Satisfaction</li> <li>• Business Succession Plan</li> </ul>
<b>SUPPLIERS</b>	We recognise the part we play in influencing the business practices of our suppliers. Right collaborations with our suppliers help to create a more sustainable value chain for the Group.	<ul style="list-style-type: none"> <li>• Regulatory Compliance</li> </ul>

## OUR BUSINESS ENVIRONMENT

### ETHICAL BUSINESS CONDUCT

#### *Management Approach*

To ensure the accountability of the Group to its shareholders, we conduct business with the highest ethical standard and have zero tolerance towards fraud, corruption, bribery and money laundering. Our commitment is reiterated through HLA's "I – ACE – IT" corporate values<sup>3</sup> and Code of Business Conduct ("COBC"). We expect our employees to be exemplary in maintaining high level of professionalism and ethical behaviour when conducting the Group's operations.

The COBC is available to our employees, who are required to agree with it on joining the Group and make annual declarations that they have abided by the COBC during the year. The policy governs aspects including avoiding potential conflicts of interests, compliance with legal and regulatory provisions and ensuring proper internal controls within the organisation. Any breaches or misconduct with the COBC may result in termination of the employee. This policy is managed and reviewed periodically by the Human Resource ("HR") Department and approved by CEO.

<sup>3</sup> Refer to the cover page of the Annual Report for more information on our "I – ACE – IT" corporate values, and Corporate Governance Report on Corporate Value and Conduct of Business.

# SUSTAINABILITY REPORT

Our suppliers and business partners are also expected to adhere to the Group's ethical requirements when we enter into a contract with them. We have in place whistle-blowing procedures<sup>4</sup> where employees or any other persons can raise, in confidence, concerns about possible improprieties in matters relating to financial reporting, or other malpractices and misconduct. The ARC has the responsibility of overseeing this, supported by the Head of Internal Audit. There is a mechanism in place to provide appropriate protection to the whistle-blower against any reprisals if disclosures are made in good faith. More information about the HLA's Whistle-blowing Policy can be found in the Corporate Governance Report<sup>4</sup>.

## **Performance**

We take every credible whistle-blowing report very seriously. In 2019, despite our best efforts in reinforcing the zero-tolerance policy on unethical behaviour within the organisation, there was one confirmed incident of unethical business conduct raised through the whistle-blowing channel. Resultantly, after due investigation, an employee of a business unit had his services terminated and the matter was referred to the relevant enforcement agency. In the upcoming year, we plan to reinforce awareness programmes on this important subject, in particular to the employees of the said business unit. In line with the new Malaysian law on liability of corporations and directors regarding corrupt practices concerning employees, which will take effect in June 2020, policies and procedures on the subject matter will be strengthened to ensure that a more robust framework is in place to handle unethical conduct of employees. We plan to adopt similar framework throughout the Group including those of our plastic packaging and air-conditioning business units.

In upholding high standards of ethics and integrity across our value chain, we continue to increase our efforts in driving the awareness of COBC to our suppliers. During the year, they have been reminded of the various business units' whistle-blowing channels and ethical conduct policy.

There have been no cases of legal actions for non-competitive behaviour, anti-trust and monopoly practices in 2019.

## **REGULATORY COMPLIANCE**

### **Management Approach**

Compliance with government and local authority regulatory requirements is critical in maintaining the business units' licence to operate. This responsibility principally lies with the heads of each of the business units, and is delegated to the respective HODs to ensure that regulations within their scope of work are complied.

They liaise with the relevant government agencies and coordinate periodic inspections as required. The HODs will then report to the head of the business unit for an annual evaluation, or as and when there are regulatory changes.

Through the COBC for Suppliers, the Group communicates to our business partners and vendors the importance for them to comply with regulations when dealing with us.

### **Performance**

Save as disclosed, the Group did not incur any material fines and sanctions related to environmental and social aspects during the year. The Group's building materials division received a notice of non-compliance of regulations from the local regulatory body pertaining to certain sale transactions conducted prior to 2018 due to administrative oversight. The business unit concerned had since taken the necessary corrective actions and put in place policies and procedures to prevent recurrence. Appeal had been submitted to the regulatory body to reconsider the penalty imposed on the business unit, on the basis that the non-compliance relates to failure to submit proper documentation without any financial loss to the government agency. The outcome of the appeal is pending at the date of this report. The business unit will continue to engage with the regulatory body to seek an amicable solution on this matter.

The Group understands the importance of adhering to the regulations of each jurisdiction that we operate in, and we will continue to work hard to ensure full compliance with rules and regulations.

---

<sup>4</sup> Refer to the Corporate Governance Report in the Annual Report for further details on the Group's whistle-blowing policy and procedures.

# SUSTAINABILITY REPORT

## UNDERSTANDING OUR CUSTOMERS' NEEDS

### *Management Approach*

Our customers are diverse across geography in the building materials and diesel engines industries, spanning mainly across China, Malaysia and Singapore. Therefore, the management teams of the business units, who know the customers best, set their own individual benchmarks on delivering quality products and services to achieve a high level of customer satisfaction, the latter primarily influenced by the quality of the product supplied and the associated services rendered.

**Our customers are diverse  
across geography in the building  
materials and diesel engines industries,  
spanning mainly across China, Malaysia  
and Singapore**

Gaining customers' confidence and trust in our products is key to the Group's continued success and growth. The ability to produce quality products to meet our customers' requirements begins with ensuring that our supply chain is well managed. Our business units have each established a pre-qualification process for significant tenders to include criteria such as only selecting suppliers which comply with local regulations and preference is given to those with relevant certifications on quality management systems. Major suppliers are evaluated at least once a year for quality of goods and services provided and ad hoc visits to our suppliers' sites are part of the evaluation, especially for new suppliers. When necessary, we also performed due diligence on our suppliers and those who do not meet the minimum benchmarks set are counselled or issued warning letters to improve; and those found with serious lapses terminated.

Throughout our manufacturing process, we have established strict standard operating procedures on quality assurance and control, using the ISO 9001 standard on quality management systems, to safeguard the level of quality of our outputs.

Our Sales & Marketing teams are proactive in engaging our customers to ensure that the products as well as pre and post order services meet or exceed our customers' requirements. This close interaction allows our Sales & Marketing teams, together with the Project teams, to address any issues promptly. The Marketing Department of each business unit conducts formal surveys to obtain an understanding of our customers' satisfaction with our products and services. Depending on the business units, some surveys are performed either monthly, at the end of each project, or annually. Through these surveys, we are able to assess the success of our previous strategies and identify areas for improvement.

Feedback on the need of new products and features is captured in these surveys, which are evaluated by the Management and the Research & Development ("R&D") personnel of the business unit for further action. For the diesel engines unit, the R&D team continually innovates to improve the safety and environmental aspects of the design of our engines. Customers are provided with detailed user manual and after-sales service is an integral part of our business operation. We also conduct maintenance training for Original Equipment Manufacturers and large customers as preventive measures for machine failures and reminders on safety. For the building materials unit, the R&D teams conduct various tests on the use of new or alternative materials or mixing formulas to produce products that meet the demand and requirements of customers.

### *Performance*

From the surveys conducted with the customers of our various business units in 2019, we are pleased to report that all of the Group's business units surpassed the internal benchmarks set for customer satisfaction.

The high quality of service provided by our Sales & Marketing teams and good coordination with the Operation teams in production and delivery have been highlighted by our customers in the surveys. We are pleased to say that our employees are able to react promptly and deal with our customers professionally on any issues relating to our products and services. Notwithstanding, there were some constructive feedbacks received from our customers on our ready-mixed concrete operation to enhance on delivery intervals, to consider supplying at night, at certain project sites and increase frequency on truck maintenance. To address these issues, we have worked with our cartage contractors on improving the monitoring process of truck availability and productivity. When available and feasible, we would also look into setting up more site plants to meet customers' demand, reduce delivery lead-time and fulfil orders placed after normal operation hours. On our cement business, there were customers' feedbacks on the plant not being able to fulfil orders during certain periods such as when the plant was under maintenance or when there was sudden surge in demand. We are working to enhance our production planning, order allocation and delivery systems to address the feedback.

# SUSTAINABILITY REPORT

We pride ourselves on being able to deliver quality products and services to our customers and for the need of the nations. Through R&D in green technology and product innovation, our diesel engines unit has built a series of engine products with better emission standard, higher efficiency and more energy saving. In 2019, the business unit won the 2019 China Agricultural Machinery Industry Product Gold Award from the Ministry of Agriculture and Rural Affairs for one of its engine products. It has also been awarded the 2019 National Quality Benchmark Award, 2019 Guangxi Industrial Enterprise Quality Management Benchmark Award, and the 2018-2019 Advance Unit Award by Guangxi Quality Management Equipment Supervision Association in recognition of its continuous improvements in engine production quality control systems.

**DIESEL ENGINES**

and Information  
Technology

**BUILDING MATERIALS**  
2019 \*Green Building  
Product Leader,  
Singapore Green  
Building Council

*\*Awarded for select ready-mix  
concrete products*

As for our building materials unit, certain ready-mixed concrete products under the product brand of I-Envirocrete were awarded the top green building product rating by the Singapore Green Building Council based on the assessment criteria of The Singapore Green Building Product Certification Scheme.

During the year, the Group did not receive any reports regarding any incidents from the users of our products or visitors to our sites. The Group endeavours to improve on our customer satisfaction year- on-year and will continue to work with our customers and suppliers to increase the value creation for all parties.

## LOOKING AFTER OUR PEOPLE

### FAIR EMPLOYMENT PRACTICES

#### *Management Approach*

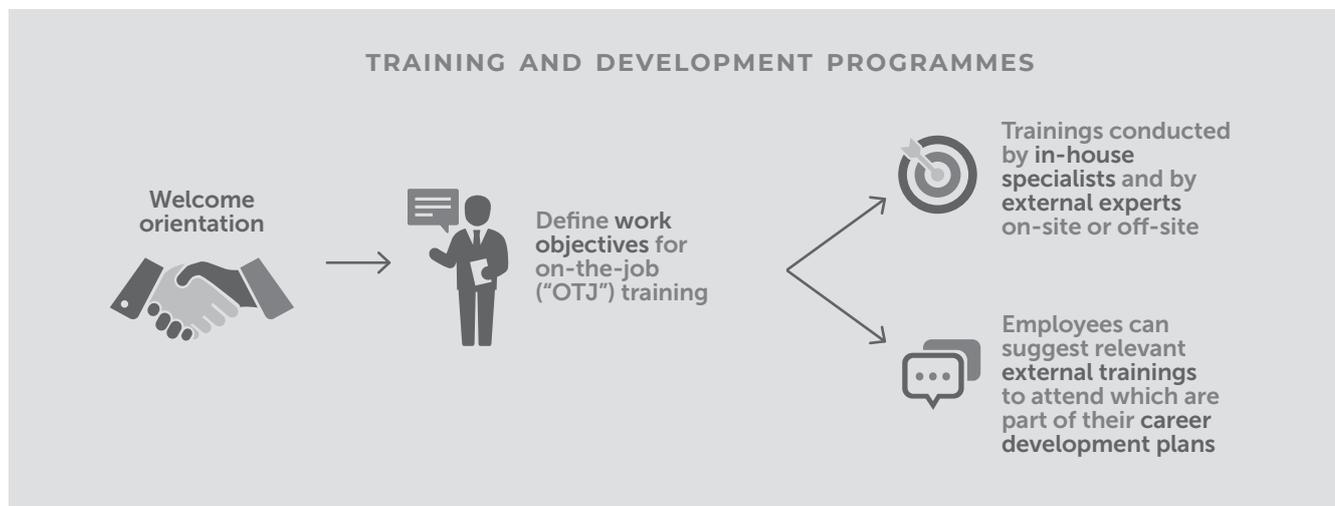

Employees are essential to our value chain and to the success of the Group. As a responsible corporate citizen, we treat all our employees equally and provide opportunities to qualified individuals based on their merits, competency, experience and other relevant qualities for their development within the organisation. We hope to retain high-performing employees to progress with the business, and keep our people motivated, as motivated employees tend to achieve more.

We recognise the importance of working diversity as it promotes innovation and sustainability, which are significant to respond to the evolving needs of customers and markets. We are committed to building a workforce and workplace that nurtures inclusion, equality and respect for all. Our COBC for Employees clearly states our commitment to respecting everyone in our culturally diverse workforce. This document is agreed by the employees at the beginning of their employment and is acknowledged annually. We do not practice discrimination in our recruitment, training and career opportunities.

We strive to maintain healthy relations with our employees. Dialogue between management and employees is integral to our work practices; employees are encouraged to voice any concerns and feedback in a timely manner to the Management either directly or through their supervisors, HODs, unions or during annual appraisals. For more serious grievances, our employees can use the whistle-blowing channel.

The HR Department along with the senior management teams of the business units are responsible for creating a positive working environment for our employees. Part of the growth of our employees is linked to the organisation's business succession plan. Key positions and employees are identified by the senior management to ensure that there is proper succession planning. The Group has a formal process in place to ensure a smooth transition and continued business operations as part of our business succession plan.

# SUSTAINABILITY REPORT

We acknowledge that the sustainability of our business is highly dependent on strong human capital. Training and development programmes are essential to increase the work knowledge and skills of employees at each level and in building a pool of employees who can develop into management roles as part of the business' succession plan. This process also contributes to the long-term growth of our business.

  
**+210**  
employees  
year-on-year  
from 2018 to  
2019 in our  
diesel engines  
business unit

Training begins when an employee joins a business unit within the Group and is given a welcome orientation. Thereafter, their supervisors will go through with them their work objectives and provide on-the-job ("OTJ") training for their respective positions. Other than OTJ training, there are trainings conducted by in-house specialists and by external experts on-site or off-site. Our employees can also suggest to their supervisors on the external trainings they would like to attend, are relevant to their work or which are part of their career development plans.

### *Performance*

As at the end of 2019, the Group employed 8,290 full-time staff (Table 2), of whom approximately 87% are covered by collective bargaining agreements. The headcount in the respective business units has remained stable during the year at less than 5% variance from the previous year.

For our diesel engines business unit in China, as at 31 December of the respective years, there is an increase of 210 employees year-on-year, from 6,721 employees in 2018 to 6,931 employees in 2019. The increase was primarily due to the changes in production capacity and operation requirements. More employees with the necessary skill sets and knowledge were also recruited during the year as the unit continues to innovate and use advance technology and artificial intelligence in its manufacturing operations.

The turnover rate in 2019 was relatively lower as the Group operated at an optimal size for the business growth. The business units monitored labour productivity along with business growth plans to make adjustments to new headcount, on top of replacement positions.

During the year, we organised more than 2,500 training sessions, equivalent to 400,000 hours<sup>5</sup>, in our diesel engines and building materials business units. The training encompassed inter alia, areas such as health and safety, laws and regulations, quality management systems, risk management, anti-bribery management system, scheduled waste management, specialised technical skills for production and operation personnel, energy management, financial and enterprise resource planning systems and process control improvements.

In the coming year, we will continue to invest in human capital by providing professional trainings in various skill sets for staff development. Business succession planning is an ongoing process. We will endeavour to develop and identify a pool of qualified personnel for important positions within the Group to ensure smooth running of our operations or to undertake new business opportunities.

<sup>5</sup> Training sessions and hours disclosed in 2018 Sustainability Report were for building materials business unit only.

## Health and Safety

### Management Approach

One of the common vital ESG issues of the manufacturing industry is the safety of employees as there are heavy machineries and equipment used in the operations. Employees operating the equipment need to be well trained in using them, and employees on-site are made aware of the risk and safe zones.

All the business units have their dedicated Safety, Health & Environment (“SHE”) Department. Their works include ensuring compliance with local rules and regulations, identification of health and safety risks and the corresponding mitigating actions, conducting regular on-site inspections, as well as organising and providing health and safety trainings for our employees.

New employees are given basic safety trainings upon joining the business units as part of the induction programme which includes on-site training where applicable. There are further OTJ trainings as and when necessary, and refresher training courses are conducted periodically particularly for technical, engineering and operations personnel. Employees working at high-risk areas typically undergo health checks before starting at their positions, and yearly health reviews conducted. Common health hazards, which may occur in the Group’s manufacturing industries, include respiratory diseases and hearing loss. Wearing the correct personal protective equipment (“PPE”) is a major part in mitigating both health and safety risks. Any employee caught not wearing the appropriate PPE is first given a warning. Repeated offenders face disciplinary actions including termination of employment.

For each major work site and work step, a risk assessment of the severity and likelihood of an injury is performed. Using the risk prioritisation matrix, work steps with a higher severity and likelihood of injury are required to implement risk controls. This includes assessing risk of developing occupational diseases such as respiratory diseases and hearing loss. The SHE Department works with the teams involved in the work steps to reduce the risk level to an acceptable level such that with appropriate PPE and safety training, that work steps are safe enough for our employees to operate.

<sup>6</sup> The rates of new employee hires and employee turnover are calculated using the total employee numbers at the end of the reporting period.

# SUSTAINABILITY REPORT

Our employees are encouraged to speak up and report whenever they observe any risks, hazards or offenders as we want all our employees to have a "Safety First" mind set and the assurance that the Group is committed to providing a safe environment for them to work. In the event of any safety incidents, regardless of whether anyone was injured, or whether the party is an employee, contractor or visitor, SHE Department will conduct investigation on the cause and details of the incident, and report to the Management together with recommendations for prevention of the incidents.

## *Performance*

In 2019, our cement plant and precast concrete facilities which have in place a sound management system for occupational health and safety, have successfully migrated from OHSAS 18001 certification to the new ISO 45001 certification. This is a demonstration of our continuing efforts and commitment on the health and safety of our employees, and any persons working on site, including visitors, suppliers and subcontractors.

Our diesel engines business unit has not recorded any reportable work-related incident<sup>7</sup> in 2018 and 2019. The number of incidents reported in Table 3 below refers to incidents happened in our building materials business unit. The number of injury incidents and injury rate for employees have reduced in 2019. Our contractors continued to report to us any injuries sustained at any of our work sites. Together with our contractors, we took preventive actions by implementing stringent measures to improve workplace safety and this joint effort has seen both the number of injury incidents and injury rate for contractors reduced in 2019 compared to 2018.

Health and safety remains a key focus area for the Group and we continue to make great efforts to increase awareness of our practices through training and regular communication to employees and contractors.

**Table 3: HLA Statistics on Reportable Incident**

Year	Employees				Contractors			
	Number of Injuries	Hours Worked	Injury Rate (per mil hours)	Fatalities	Number of Injuries	Hours Worked	Injury Rate (per mil hours)	Fatalities
2019	11	20,057,840	0.55	0	2	1,327,973	1.51	0
2018 <sup>7</sup>	12	20,041,142	0.60	0	4	1,620,579	2.47	0

## CARING FOR THE PHYSICAL ENVIRONMENT

### ENERGY & CARBON FOOTPRINT<sup>8,9,10</sup>

#### *Management Approach*

As a manufacturer, we understand the impact of our environmental footprint and have continuously put in effort to make certain changes within the Group. We remain committed in doing our part to make our manufacturing process cleaner and greener.

The more significant components of our environmental impact are the Group's energy consumption, carbon emissions and dust emissions. As such, we have put in place key indicators to measure and monitor the performance efficiency of our business units in these areas. There are systems in place to track and alert the relevant personnel in the event that the indicator exceeds our internal benchmarks.

The Production and Electrical & Energy Departments work together to manage our energy consumption. Devices are used to track and monitor consumption. Usage trends are compared to the production levels and any anomalies are reported to the Management for further investigation and prompt remedial actions.

<sup>7</sup> Reportable incident refers to work-related accident, workplace accident, dangerous occurrence and occupational disease that require statutory reporting to the relevant local authorities as mandated by the local regulations. The number of injury incidents for 2018 had been restated to be in line with the reporting basis of 2019.

<sup>8</sup> Source of default net calorific values for fuels used: 2006 IPCC Guidelines for National Greenhouse Gas Inventories.

<sup>9</sup> Source of Scope 1 emissions factors: 2006 IPCC Guidelines for National Greenhouse Gas Inventories, GHG Protocol and Cement Sustainability Initiative database.

<sup>10</sup> Source of Scope 2 emissions factors: 2006 IPCC Guidelines for National Greenhouse Gas Inventories, Singapore Energy Statistics, and International Energy Agency's CO2 Emissions from Fuel Combustion Highlights.

# SUSTAINABILITY REPORT

The Group's cement manufacturing business unit is the largest consumer of energy within the Group as it requires a significant amount of energy in its manufacturing process. Coal is the main source of energy used to fire up the kiln for making clinker, a key input into the making of cement. The calcination process of clinker manufacturing is a significant contributor to the cement unit's greenhouse gas ("GHG") emission.

The Management at the cement plant is aware of the environmental impact and had established the Industrial Ecology Department ("IED") in 2016. The IED is tasked to explore alternative raw materials and fuel sources to manufacture cement, with the intention to decrease the quantity of clinker produced thereby reducing carbon emissions from calcination and to be part of the circular economy by using the by-products generated by other industries. We have been using ISO 14064 to measure our GHG emissions as a means to evaluate existing and new approaches towards managing our emissions.

Since the establishment of the IED at our cement plant in 2016, the business unit has tried and used numerous alternative raw materials such as fly ash and copper slag, as well as alternative fuels including waste oil, refuse-derived fuels, saw dust and soap sludge. The alternative raw materials reduce the amount of limestone required in clinker production which in turn reduces carbon dioxide emissions, while the use of alternative fuels involve burning industrial waste which would otherwise require separate treatment before dumping into the landfills.

Our diesel engines business unit is committed to use clean and green energy in its operation, and we have been harvesting solar energy from the solar panels installed at the roofs of our factory buildings. The use of this zero carbon emission energy amounted to approximately 10% of the total annual electricity consumption by the business unit.

**Our diesel engines business unit is committed to use clean and green energy in its operation, and we have been harvesting solar energy from the solar panels installed at the roofs of our factory buildings**

### *Performance*

Our cement manufacturing business unit has adopted the Guidelines on Environmentally Sound Co-Processing of Scheduled Waste in Cement Industry developed by the Department of Environment of Malaysia and the cement industry players.

With this co-processing, we use scheduled wastes generated by other industries as alternative raw materials or fuels as a source to natural mineral resources and fossil fuels. This contributes positively to the environment by reducing the need to have more landfills and separate treatment for the waste. While there is a reduction in the use of alternative materials as alternative fuels as stated in "Others" fuel type (Table 4), primarily due to suitability and availability of such materials as well as processing issues, the use of scheduled wastes as alternative raw materials in our cement manufacturing process has grown from 10,000 metric tons in 2017 to about 24,000 metric tons in 2019. The business unit plans to install more facilities in the plant for co-processing in the coming years.

The decrease in overall energy consumption, Scope 1 and Scope 2 emissions intensities in 2019 (Table 4) is mainly due to the decrease in clinker production of our cement manufacturing business unit and higher quantity of blended cement produced using alternative raw materials, thus reduced clinker consumption.

We will continue to look into managing our electricity consumption more effectively in the coming year as it not only contributes significantly to the operational expenses of our building materials units but is also a major source of greenhouse gas emissions.

# SUSTAINABILITY REPORT

Table 4: HLA's Energy and Carbon Footprint, by Fuel Type and Business Unit

## ENERGY CONSUMPTION (NON-RENEWABLE)

	Unit measurement	2019	2018	2017 <sup>11</sup>
<b>By Business Unit</b>

<b>Total Energy Consumption</b>	TJ	<b>8,405</b>	<b>8,474</b>	<b>8,769</b>
<b>Overall Energy Intensity</b>	TJ/S\$ million	<b>2.07</b>	<b>2.24</b>	<b>2.39</b>
<b>Scope 1 Emissions (By Business Unit)</b>				
BMU	tCO <sub>2</sub>	1,759,408	1,841,504	1,740,384
Diesel Engine	tCO <sub>2</sub>	33,038	27,425	26,841
<b>Scope 1 Total Emissions</b>	tCO <sub>2</sub>	<b>1,792,446</b>	<b>1,868,929</b>	<b>1,767,225</b>
<b>Scope 1 Emissions Intensity</b>	tCO <sub>2</sub> /S\$ million	<b>442</b>	<b>494</b>	<b>481</b>

## ELECTRICITY CONSUMPTION (BY BUSINESS UNIT)

	Unit measurement	2019	2018	2017 <sup>11</sup>
BMU	MWh	242,499	256,899	230,672
Diesel Engine	MWh	264,493	244,376	268,553
<i>Electricity Generated from Solar Energy</i>	%	9.3	9.9	9.1
<b>Total Electricity Consumption</b>	MWh	<b>506,992</b>	<b>501,275</b>	<b>499,225</b>
<b>Overall Electricity Intensity</b>	MWh/S\$ million	<b>125</b>	<b>132</b>	<b>136</b>
<b>Scope 2 Emissions (By Business Unit)</b>				
BMU	tCO <sub>2</sub>	167,691	176,737	158,581
Diesel Engine	tCO <sub>2</sub>	184,997	169,728	188,249
<b>Scope 2 Total Emissions</b>	tCO <sub>2</sub>	<b>352,688</b>	<b>346,465</b>	<b>346,830</b>
<b>Scope 2 Emissions Intensity</b>	tCO <sub>2</sub> /S\$ million	<b>87</b>	<b>92</b>	<b>94</b>

<sup>11</sup> For consistency of presentation, the energy consumption and revenue data for 2017 had been restated to exclude the consumer products unit which had been deconsolidated from the Group in 2018.

# SUSTAINABILITY REPORT

## Dust Emissions

### *Management Approach*

Dust emissions is a by-product of our building materials business units as there is grinding and mixing of clinker, cement, concrete and other raw materials in the production process. The dust emitted from our operations could affect the local communities around our work sites, and hence the heads of the plants are tasked to ensure dust emission mitigation actions are efficient and effective at all times, and to work towards an internal benchmark that meets or exceeds the requirement set by the local government.

Specific to our cement manufacturing business unit in Malaysia, the unit has established multi-department collaborations to implement and review the different fuel and raw material combinations as well as dust emissions mitigating technologies to control dust emissions more effectively in compliance with the more stringent dust emissions regulations, which came into effect in 2019.

The cement plant is equipped with online real time continuous dust emission monitoring system, which is linked to the local Authority's monitoring system with emission readings transmitted at regular intervals. Any dust emissions exceeding the internal limit set by the plant will trigger an alert to the Production Department for investigation and prompt remedial action. The neighbouring communities have a direct communication channel with the plant's SHE Manager such that any inconvenience caused by our plant to the communities are addressed in a timely manner.

### *Performance*

With the new revised mandatory regulations, which came into effect in 2019, limiting the dust emissions from 100 mg/Nm<sup>3</sup> to 50 mg/Nm<sup>3</sup>, our cement manufacturing business unit completed the first phase of upgrading the dust collectors from electrostatic precipitator to a European filter technology. The existing and upgraded dust filtering systems have been performing well during the year, meeting the dust emissions below the 50 mg/Nm<sup>3</sup> level. In rare occasions of a spike in dust emission due to unexpected break down of certain plant processes, the operation personnel took prompt actions to rectify the issue and notified the regulators accordingly.

The cement manufacturing business unit will proceed with the second phase of upgrading in 2020 to continuously improve the dust filtering system to ensure that it is operating optimally at all times, in addition to strengthening the plant maintenance effort to reduce down time.

Other than the cement manufacturing business unit, we also placed equal emphasis across our ready-mixed concrete batching operations and precast plants, to ensure that our processes and maintenance of equipment to control dust emissions were working as required, and we will continue to do so in the coming years.

## MOVING FORWARD

Since we started the sustainability reporting in 2016, we have successfully created a sustainable development culture within the Group and with our other stakeholders. We are committed to embedding sustainability considerations in all aspects of our operations across all business units. We endeavour to continuously advance in our sustainability reporting to track the sustainable growth of our businesses, and improve our processes by setting targets and achieving them.

This report is made in accordance with a resolution passed by the Board of Directors at its meeting held on 31 March 2020.

# DIRECTORS' STATEMENT

The directors present their statement to the members of Hong Leong Asia Ltd. (the "Company") together with the audited consolidated financial statements of the Company and its subsidiaries (the "Group") and the balance sheet and statement of changes in equity of the Company for the financial year ended 31 December 2019.

In our opinion:

- (i) the consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company set out on pages 76 to 212 are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2019 and the financial performance, changes in equity and cash flows of the Group and the changes in equity of the Company for the year ended on that date in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International); and
- (ii) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

## Directors

The directors of the Company in office at the date of this statement are as follows:

Kwek Leng Peck  
Tan Eng Kwee  
Ernest Colin Lee  
Kwong Ka Lo @ Caroline Kwong  
Ng Sey Ming  
Tan Chian Khong

## Directors' interests

Except as disclosed in this statement, no director who held office at the end of the financial year had interests in shares, share options, warrants and/or debentures of the Company, or of its related corporations, either at the beginning or at the end of the financial year.

According to the register of directors' shareholdings kept by the Company under Section 164 of the Act, particulars of interests of directors who held office at the end of the financial year (including those of their spouses and children below 18 years of age) in shares and/or share options in the Company and in related corporations are as follows:

# DIRECTORS' STATEMENT

## Directors' interests (cont'd)

The directors' interests in the Company as at 31 December 2019 disclosed above remained unchanged as at 21 January 2020.

Except as disclosed under the section on "Share options" in this statement, neither at the end of nor at any time during the financial year was the Company a party to any arrangements whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

## Share options

### By the Company

#### (a) **Hong Leong Asia Share Option Scheme 2000 (the "HLA Share Option Scheme")**

The HLA Share Option Scheme was approved by the shareholders at the extraordinary general meeting of the Company held on 30 December 2000 for an initial duration of 10 years (from 30 December 2000 to 29 December 2010). At the annual general meeting ("AGM") of the Company held on 29 April 2010, the shareholders approved the extension of the duration of the HLA Share Option Scheme for a further period of 10 years from 30 December 2010 to 29 December 2020. Other than the extension of the duration of the HLA Share Option Scheme, all other rules of the HLA Share Option Scheme remain unchanged.

The HLA Share Option Scheme is administered by a committee comprising the following members:

Ernest Colin Lee – Chairman  
Kwek Leng Peck  
Ng Sey Ming  
Tan Chian Khong

The HLA Share Option Scheme provides the Company with the flexibility of granting options to participants at Market Price (as defined in the HLA Share Option Scheme) and/or with a discount (either up-front or on a deferred basis) to the Market Price. All options granted to date are Market Price Options and Incentive Price Options which are at Market Price under the HLA Share Option Scheme.

As the HLA Share Option Scheme remains an integral part of the Company's long-term incentive scheme, the Company will be seeking shareholders' approval at its annual general meeting to be held on 18 June 2020, for a further extension of the duration for 10-year period from 30 December 2020 to 29 December 2030 (please refer to the Letter to Shareholders dated 27 May 2020 for more details on the proposed further extension of the HLA Share Option Scheme.

# DIRECTORS' STATEMENT

## Share options (cont'd)

### By the Company (cont'd)

#### (a) **Hong Leong Asia Share Option Scheme 2000 (the "HLA Share Option Scheme") (cont'd)**

Under the HLA Share Option Scheme,

Market Price Options (as defined in the HLA Share Option Scheme) granted to:

- (i) Group Employees and Parent Group Employees (both as defined in the HLA Share Option Scheme) may be exercised one year after the date of the grant and will have a term of ten years from the date of the grant; and
- (ii) Group Non-Executive Directors, Parent Group Non-Executive Directors and Associated Company Employees (all three as defined in the HLA Share Option Scheme) may be exercised one year after the date of the grant and will have a term of five years from the date of the grant.

Incentive Price Options (as defined in the HLA Share Option Scheme) granted to:

- (i) Group Employees and Parent Group Employees may be exercised two years after the date of the grant and will have a term of ten years from the date of the grant; and
- (ii) Group Non-Executive Directors, Parent Group Non-Executive Directors and Associated Company Employees may be exercised two years after the date of the grant and will have a term of five years from the date of the grant.

The aggregate number of ordinary shares in the capital of the Company ("Shares") over which options may be granted under the HLA Share Option Scheme on any date, when added to the number of Shares issued and issuable in respect of all options granted under the HLA Share Option Scheme shall not exceed 15% of the total number of issued Shares excluding treasury shares, if any, on the day preceding the relevant date of grant. The aggregate number of Shares which may be offered by way of grant of options to Parent Group Employees and Parent Group Non-Executive Directors collectively under the HLA Share Option Scheme shall not exceed 20% of the total number of Shares available under the HLA Share Option Scheme.

# DIRECTORS' STATEMENT

## Share options (cont'd)

### By the Company (cont'd)

#### (b) Options granted under the HLA Share Option Scheme

- (i) During the financial year, the following options were granted to Group Employees under the HLA Share Option Scheme:

Date of grant	Exercise price per Share	Number of Shares under options	Exercise period
3/6/2019	\$0.53	350,000	3/6/2020 to 2/6/2029

- (ii) Details of Market Price Options granted to the directors of the Company who held office at the end of the financial year are as follows:

Name of director	Aggregate Shares under option granted since commencement of the HLA Share Option Scheme to end of financial year	Aggregate Shares under option exercised since commencement of the HLA Share Option Scheme to end of financial year	Aggregate Shares under option lapsed/ cancelled since commencement of the HLA Share Option Scheme to end of financial year	Aggregate Shares under option outstanding as at end of financial year
Kwek Leng Peck	2,150,000	1,680,000	170,000	300,000
Tan Eng Kwee	200,000	–	–	200,000
Ernest Colin Lee	150,000	150,000	–	–

There was no issuance of new Shares or transfer of existing Shares to the directors during the financial year.

- (iii) None of the participants were regarded by the directors as controlling shareholders of the Company.
- (iv) None of the participants were granted options representing 5% or more of the total number of Shares under option available under the HLA Share Option Scheme.
- (v) None of the Parent Group Employees were granted options representing 5% or more of the total number of Shares under option available under the HLA Share Option Scheme to all Parent Group Employees and Parent Group Non-Executive Directors. A total of 1,080,000 Shares under option were granted to Parent Group Employees since the commencement of the HLA Share Option Scheme to the end of the financial year under review.
- (vi) Except for options granted to persons in their capacity as Group Employees or Group Non-Executive Directors or Parent Group Employees, no other options have been granted by the Company to any other categories of persons since the commencement of the HLA Share Option Scheme.

#### (a) **China Yuchai International Limited ("CYI") Equity Incentive Plan ("CYI Equity Plan")**

The CYI Equity Plan was approved by the shareholders at the annual general meeting of CYI held on 4 July 2014. It is administered by CYI's Compensation Committee comprising the following members:

Kwek Leng Peck – Chairman  
Neo Poh Kiat  
Raymond Ho Chi-Keung

The CYI Equity Plan contains the following key terms:

- (i) only awards of share options, restricted stock and stock payments (the "Awards") may be granted to employees of CYI or a subsidiary of CYI ("CYI Group Employees");
- (ii) the maximum aggregate number of shares that may be issued under the CYI Equity Plan shall not exceed 1,800,000 ordinary shares of US\$0.10 each ("Ordinary Shares") subject to adjustment under the CYI Equity Plan;
- (iii) the maximum aggregate number of Ordinary Shares with respect to one or more Awards that may be granted to any one eligible person during any calendar year is 300,000;
- (iv) CYI's Compensation Committee shall administer the CYI Equity Plan and it has full power and authority to (a) select grantees from eligible individuals to receive the Awards and determine the time when Awards will be granted; (b) determine the number of Awards and the number of Ordinary Shares covered by each Award; (c) determine the terms and conditions of each Award; (d) approve the forms of agreement for use under the CYI Equity Plan; (e) establish, adopt, or revise any rules and regulations as it may deem necessary or advisable to administer the CYI Equity Plan; and (f) take any and all other action as it deems necessary or advisable for the operation or administration of the CYI Equity Plan and the Awards;
- (v) the price per Ordinary Share at which a holder may subscribe for the Ordinary Shares issuable upon the exercise of the option granted pursuant to the CYI Equity Plan shall be determined by CYI's Compensation Committee and shall not be less than:
  - the Fair Market Value of the Ordinary Shares on the date the option is granted; and
  - the par value of the Ordinary Shares;
- (vi) Options granted under the CYI Equity Plan shall become exercisable ("vest") in the manner and subject to such conditions provided by CYI's Compensation Committee and set forth in the written Award agreement with respect to such options; and
- (vii) the CYI Equity Plan shall terminate automatically ten years after its effective date unless terminated earlier. Awards outstanding at the time of the CYI Equity Plan's termination may continue to be exercised in accordance with their terms and shall continue to be governed by and interpreted consistent with the terms of the CYI Equity Plan.

### By Subsidiary (cont'd)

#### (b) Options granted under the CYI Equity Plan

No option was granted under the CYI Equity Plan during the financial year under review. As at the end of the year, there were a total of 470,000 unissued Ordinary Shares under option granted pursuant to the CYI Equity Plan. Details of the options to subscribe for Ordinary Shares in CYI are as follows:

Date of grant	Exercise price per Ordinary Share	Balance at 1 January 2019	Options granted	Options exercised	Options cancelled/lapsed	Balance at 31 December 2019	Exercise Period
29/7/2014	US\$21.11	470,000	–	–	–	470,000	29/7/2015 to 28/7/2024

The above options are subject to a vesting period of three years from the date of grant with one-third of the options vesting on each 12-month anniversary of the date of grant.

The persons to whom these options have been granted have not been granted any right to participate by virtue of the options, in any share issue of any other company.

Except as disclosed above, during the financial year, there were:

- (i) no options granted by the Company or its subsidiaries to any person to take up unissued shares of the Company or its subsidiaries; and
- (ii) no shares issued by virtue of any exercise of option to take up unissued shares of the Company or its subsidiaries.

## Audit and Risk Committee

The Audit and Risk Committee ("ARC") comprises four members who are independent. The members of the ARC at the date of this statement are:

Tan Chian Khong – Chairman  
Ernest Colin Lee  
Kwong Ka Lo @ Caroline Kwong  
Ng Sey Ming

The ARC performs the functions of an audit and risk committee under its terms of reference including those specified in the Act, the Listing Manual of Singapore Exchange Securities Trading Limited ("Listing Manual") and the Code of Corporate Governance 2018.

The ARC held five meetings during the financial year. In the performance of its functions, the ARC met with the Company's internal and external auditors to discuss the scope of their work, the results of their examination and their evaluation of the Group's system of internal controls.

# DIRECTORS' STATEMENT

## **Audit and Risk Committee (cont'd)**

The ARC also reviewed the following:

- assistance provided by the Company's officers to the internal and external auditors;
- quarterly and annual financial statements of the Group and of the Company prior to their submission to the directors of the Company for approval; and
- interested person transactions (as defined in Chapter 9 of the Listing Manual)

The ARC has full access to management and is given the resources required by it to discharge its functions. It has full authority and the discretion to invite any director or executive officer or third party advisor to attend its meetings. The ARC also reviews the nature and level of audit and non-audit fees, and recommends the appointment/re-appointment of external auditor.

The ARC is satisfied with the independence and objectivity of the external auditor and has recommended to the directors that the auditor, Ernst & Young LLP, be nominated for re-appointment as auditor at the forthcoming AGM of the Company.

In appointing the auditors for the Company and its subsidiaries, the Company has complied with Rules 712 and 715 (read with Rule 716) of the Listing Manual.

## **Auditor**

Ernst & Young LLP have expressed their willingness to accept re-appointment as auditor of the Company.

On behalf of the Board of Directors

**Kwek Leng Peck**  
Executive Chairman

**Tan Eng Kwee**  
Director

# INDEPENDENT AUDITOR'S REPORT

For the financial year ended 31 December 2019

## Independent Auditor's Report to the Members of Hong Leong Asia Ltd.

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of Hong Leong Asia Ltd. (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 31 December 2019, the statements of changes in equity of the Group and the Company and the consolidated income statement, consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the Act) and Singapore Financial Reporting Standards (International) (SFRS(I)) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2019 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

# INDEPENDENT AUDITOR'S REPORT

For the financial year ended 31 December 2019

## Independent Auditor's Report to the Members of Hong Leong Asia Ltd.

### Key Audit Matters (cont'd)

#### ***Impairment of property, plant and equipment***

As at 31 December 2019, the carrying amount of the Group's property, plant and equipment is \$951.8 million. Given the magnitude of the amount and the significant management judgements involved in the impairment assessment, we have identified this as a key audit matter.

We carried out procedures to understand management's process for identifying impairment triggers, and considered management's impairment assessment of property, plant and equipment. For those with impairment indicators, our audit procedures included, amongst others, assessing the appropriateness of the recoverable amount determined by management and the valuation method used.

For recoverable amounts determined based on fair value less cost to sell, we involved our internal valuation specialists to assist us in evaluating the appropriateness of the valuation methodology, which also included an assessment on the fair value based on the market comparable approach. We tested the reasonableness of certain key assumptions used in the valuation such as market rental rate, vacancy rate and discount rates.

For recoverable amounts determined based on value-in-use calculations, we evaluated the reasonableness of the key assumptions used by management in the underlying cash flow forecasts, which include the discount rate, long-term growth rates, budgeted revenue and expected margins by comparing against historical performance and macroeconomic information. We also involved our internal valuation specialists to assist us in reviewing the reasonableness of the discount rates used.

We further assessed the adequacy of the disclosures on the key assumptions and their sensitivity analysis in Note 38 Significant accounting judgements and estimates and Note 6 Impairment assessment of intangible assets and property, plant and equipment to the financial statements.

#### ***Allowance for inventory obsolescence***

As at 31 December 2019, the carrying amount of inventories amounted to \$594.2 million, net of allowance for inventory obsolescence of \$28.1 million.

The assessment process in determining allowance for inventory obsolescence involved significant estimation of the net realisable value of the inventory as this is dependent on expected future market and economic conditions. Accordingly, we have identified this as a key audit matter.

We observed the inventory count performed by management at certain locations and observed the physical condition of the finished goods inventories at balance sheet date. We also assessed reasonableness of the allowance policy based on historical sales performance of the products in their life cycle, the outlook of the industries and the costs incurred historically and anticipated to sell the inventories. We further tested the ageing of the inventories and the computation of the obsolescence allowance.

We also assessed the adequacy of the Group's disclosures concerning this in Note 38 Significant accounting judgements and estimates and Note 14 Inventories to the financial statements.

# INDEPENDENT AUDITOR'S REPORT

For the financial year ended 31 December 2019

## Independent Auditor's Report to the Members of Hong Leong Asia Ltd.

### Key Audit Matters (cont'd)

#### *Impairment of investment in subsidiaries*

As at 31 December 2019, the carrying amount of investment in subsidiaries amounted to \$212.4 million, representing 41.2% of the total assets of the Company.

Management has considered that the continued losses suffered by certain subsidiaries, in particular those in the air-conditioning systems segment, provide indication that the investments in such subsidiaries may not be recoverable. Management has undertaken an impairment assessment and estimated the recoverable amount of the investments in subsidiaries based on fair value less cost to sell. Based on the estimated recoverable amount, impairment loss of \$8.1 million was recorded during the year. Given the magnitude of the amount and the significant management judgements involved in the impairment assessment, we have identified this as a key audit matter.

Our audit procedures included, amongst others, reviewing management's assessment of the valuation of major non-movable assets of the relevant subsidiary. We involved our internal valuation specialists to assist us in evaluating the appropriateness of the valuation methodology, which also included an assessment on the fair value based on the market comparable approach. We tested the reasonableness of certain key assumptions used in the valuation such as market rental rate, vacancy rate and discount rates.

Further, we considered the adequacy of the disclosures in respect of the impairment assessment of investments in subsidiaries in Note 38 Significant accounting judgements and estimates and Note 7 Investment in subsidiaries to the financial statements.

#### *Capitalisation of development costs*

As at 31 December 2019, the carrying amount of the Group's intangible assets amounted to \$145.6 million, of which \$108.6 million pertained to development costs that were capitalised by the diesel engines segment. There was significant management judgement involved in determining whether the development costs met the recognition criteria for capitalisation. This included assessing the technical feasibility, intention and ability to complete the development project and the ability to measure the costs reliably.

Our audit procedures included, amongst others, obtaining an understanding from management on the recognition criteria and basis for capitalisation. We tested the key assumptions made by management in the capitalisation assessment by checking that the engine prototypes developed to date have met the national emissions standards and authorisation of the stage of the project by appropriate personnel. We enquired and discussed with the engineers in the research and development department to obtain an understanding on the status and technical aspects of the project. For costs capitalised, on a sampling basis, we checked to underlying documents.

We also assessed the adequacy of the Group's disclosures concerning this in Note 38 Significant accounting judgements and estimates and Note 5 Intangible assets to the financial statements.

# INDEPENDENT AUDITOR'S REPORT

For the financial year ended 31 December 2019

## Independent Auditor's Report to the Members of Hong Leong Asia Ltd.

### Other Information

Management is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

# INDEPENDENT AUDITOR'S REPORT

For the financial year ended 31 December 2019

## Independent Auditor's Report to the Members of Hong Leong Asia Ltd.

### Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Tan Swee Ho.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 1. Corporate information

Hong Leong Asia Ltd. (the "Company") is a limited liability company incorporated and domiciled in Singapore and is listed on Singapore Exchange Securities Trading Limited ("Singapore Exchange"). The registered office of the Company is located at 16 Raffles Quay, #26-00 Hong Leong Building, Singapore 048581.

The principal activities of the Company have been those relating to investment holding.

The principal activities of the subsidiaries are those relating to the manufacturing and distribution of diesel engines and related products, building materials, rigid plastic packaging products, air-conditioning systems, consumer products (discontinued operation – See Note 7(e)), and of investment holding and dealing.

The consolidated financial statements relate to the Company and its subsidiaries (referred to as the "Group") and the Group's interests in associates and joint venture entities.

The immediate and ultimate holding companies are Hong Leong Corporation Holdings Pte Ltd and Hong Leong Investment Holdings Pte. Ltd. respectively. These companies are incorporated in Singapore.

Related corporations relate to companies within the Hong Leong Investment Holdings Pte. Ltd. group.

## 2. Summary of significant accounting policies

### 2.1 Basis of preparation

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (International) (SFRS(I)).

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollars (SGD or \$) and all values in the tables are rounded to the nearest thousand (\$'000), except when otherwise indicated.

### 2.2 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Group has adopted all the new and revised standards which are effective for annual financial periods beginning on or after 1 January 2019. Except for the impact arising from the adoption of SFRS(I) 16 described below, the adoption of these standards did not have any material effect on the financial performance or position of the Group and the Company.

#### SFRS(I) 16 Leases

SFRS(I) 16 supersedes SFRS(I) 1-17 *Leases*, SFRS(I) INT 4 *Determining whether an Arrangement contains a Lease*, SFRS(I) INT 1-15 *Operating Leases - Incentives* and SFRS(I) INT 1-27 *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the balance sheet.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.2 Changes in accounting policies (cont'd)

#### SFRS(I) 16 Leases (cont'd)

Lessor accounting under SFRS(I) 16 is substantially unchanged from SFRS(I) 1-17. Lessors will continue to classify leases as either operating or finance leases using similar principles as in SFRS(I) 1-17. Therefore, SFRS(I) 16 does not have an impact for leases where the Group is the lessor.

The Group adopted SFRS(I) 16 using the modified retrospective method of adoption with the date of initial application of 1 January 2019. Under this method, the standard is applied retrospectively with the cumulative effect of initially applying the standard recognised at the date of initial application. The Group elected to use the transition practical expedient to not reassess whether a contract is, or contains a lease at 1 January 2019. Instead, the Group applied the standard only to contracts that were previously identified as leases applying SFRS(I) 1-17 and SFRS(I) INT 4 at the date of initial application.

The effect of adoption of SFRS(I) 16 on the Group as at 1 January 2019 is as follows:

	31 December 2018	Group SFRS(I) 16 adjustments	1 January 2019
	\$'000	\$'000	\$'000
<b>Non-current assets</b>			
Property, plant and equipment	893,959	(5,126)	888,833

<b>Total equity and liabilities</b>	<hr/> 4,817,438	<hr/> 27,992	<hr/> 4,845,430

The Group has lease contracts for various items of property, plant and equipment. Before the adoption of SFRS(I) 16, the Group classified each of its leases (as lessee) at the inception date as either a finance lease or an operating lease. Refer to Note 2.25 for the accounting policy prior to 1 January 2019.

Upon adoption of SFRS(I) 16, the Group applied a single recognition and measurement approach for all leases except for short-term leases and leases of low-value assets. Refer to Note 2.25 for the accounting policy beginning 1 January 2019. The standard provides specific transition requirements and practical expedients, which have been applied by the Group.

#### Leases previously accounted for as finance leases

The Group did not change the initial carrying amounts of recognised assets and liabilities at the date of initial application for leases previously classified as finance leases (i.e., the right-of-use assets and lease liabilities equal the lease assets and liabilities recognised under SFRS(I) 1-17). The requirements of SFRS(I) 16 were applied to these leases from 1 January 2019.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.2 Changes in accounting policies (cont'd)

#### SFRS(I) 16 Leases (cont'd)

##### Leases previously accounted for as operating leases

The Group recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets. The right-of-use assets were recognised based on the amount equal to the lease liabilities, adjusted for any related prepaid and accrued lease payments previously recognised. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

The Group also applied the available practical expedients wherein it:

- Used a single discount rate to a portfolio of leases with reasonably similar characteristics.
- Relied on its assessment of whether leases are onerous immediately before the date of initial application.
- Applied the short-term leases exemptions to leases with lease term that ends within 12 months of the date of initial application.
- Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.
- Used hindsight in determining the lease term where the contract contained options to extend or terminate the lease.

Based on the above, as at 1 January 2019:

- Right-of-use assets of \$138,874,000 were recognised and presented separately in the balance sheet. This included previous land use rights of \$105,405,000 and leasehold land of \$5,126,000 that were reclassified to right-of-use assets.
- Additional lease liabilities of \$33,099,000 were recognised. This included previous finance lease liabilities of \$1,314,000 that were reclassified from loans and borrowings.
- Prepaid expenses of \$351,000 and trade and other payables of \$3,793,000 related to previous operating leases were derecognised.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.2 Changes in accounting policies (cont'd)

#### SFRS(I) 16 Leases (cont'd)

The lease liabilities of the Group as at 1 January 2019 can be reconciled to the operating lease commitments as at 31 December 2018, as follows:

	<b>Group</b> \$'000
Operating lease commitments as at 31 December 2018	34,603
Less:	
Commitments relating to short-term leases	(471)
Commitments relating to leases of low-value assets	(9)
Commitments that does not contain leases	(1,210)
Lease consideration revisions	(2,756)
	30,157
Weighted average incremental borrowing rate as at 1 January 2019	3.9%
Discounted operating lease commitments as at 1 January 2019	28,343
Less:	
Prepayment adjusted to lease liabilities	(351)

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.2 Changes in accounting policies (cont'd)

#### SFRS(I) 16 Leases (cont'd)

Based on the above, as at 1 January 2019:

- Right-of-use assets of \$101,000 were recognised and presented separately in the balance sheet.
- Additional lease liabilities of \$101,000 were recognised.

The lease liabilities of the Company as at 1 January 2019 can be reconciled to the operating lease commitments as at 31 December 2018, as follows:

	<b>Company</b>
	\$'000
Operating lease commitments as at 31 December 2018	1,319
Less:	
Commitments relating to leases of low-value assets	(3)
Commitments that does not contain leases	(1,210)
	<hr/> 106
Weighted average incremental borrowing rate as at 1 January 2019	3.0%
Discounted operating lease commitments as at 1 January 2019	101
Lease liabilities as at 1 January 2019	<hr/> <hr/> 101

### 2.3 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

<b>Description</b>	<b>Effective for annual periods beginning on or after</b>
Amendments to SFRS(I) 3: <i>Definition of a Business</i>	1 January 2020
Amendments to SFRS(I) 1-1 and SFRS(I) 1-8: <i>Definition of Material</i>	1 January 2020
Amendments to SFRS(I) 10 and SFRS(I) 1-28 <i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture</i>	Date to be determined

The directors expect that the adoption of the standards above will have no material impact on the financial statements in the year of initial application.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.4 Basis of consolidation and business combinations

#### (a) *Basis of consolidation*

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- Derecognises the carrying amount of any non-controlling interest;
- Derecognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in profit or loss;
- Re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

#### (b) *Business combinations*

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contract by the acquiree.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.4 Basis of consolidation and business combinations (cont'd)

#### (b) *Business combinations (cont'd)*

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in accordance with SFRS(I) 9 either in profit or loss or as a change to other comprehensive income. If the contingent consideration is classified as equity, it is not remeasured until it is finally settled within equity.

In business combinations achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

The Group elects for each individual business combination, whether non-controlling interest in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another SFRS(I).

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. The accounting policy for goodwill is set out in Note 2.13(a). In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

### 2.5 Transactions with non-controlling interests

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

### 2.6 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's balance sheet, investments in subsidiaries are accounted for at cost less impairment losses.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.7 Joint arrangements

A joint arrangement is a contractual arrangement whereby two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

A joint arrangement is classified either as joint operation or joint venture, based on the rights and obligations of the parties to the arrangement.

To the extent the joint arrangement provides the Group with rights to the assets and obligations for the liabilities relating to the arrangement, the arrangement is a joint operation. To the extent the joint arrangement provides the Group with rights to the net assets of the arrangement, the arrangement is a joint venture.

#### Joint ventures

The Group recognises its interest in a joint venture as an investment and accounts for the investment using the equity method. The accounting policy for investment in joint venture is set out in Note 2.8.

The Group has not entered into any joint operation arrangement.

### 2.8 Associates and joint ventures

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies.

The Group accounts for its investments in associates and joint ventures using the equity method from the date on which it becomes an associate or joint venture.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities represents goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the associate or joint venture's profit or loss in the period in which the investment is acquired.

Under the equity method, the investment in associates or joint ventures are carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net assets of the associates or joint ventures. The profit or loss reflects the share of results of the operations of the associates or joint ventures. Distributions received from joint ventures or associates reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the associates or joint venture, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and associate or joint venture are eliminated to the extent of the interest in the associates or joint ventures.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.8 Associates and joint ventures (cont'd)

When the Group's share of losses in an associate or joint venture equals or exceeds its interest in the associate or joint venture, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate or joint venture.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in associate or joint ventures. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the associate or joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value and recognises the amount in profit or loss.

The financial statements of the associates and joint ventures are prepared as the same reporting date as the Company. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

Upon loss of significant influence or joint control over the associate or joint venture, the Group measures the retained interest at fair value. Any difference between the fair value of the aggregate of the retained interest and proceeds from disposal and the carrying amount of the investment at the date the equity method was discontinued is recognised in profit or loss.

If the Group's ownership interest in an associate or a joint venture is reduced, but the Group continues to apply the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be required to be reclassified to profit or loss on the disposal of the related assets or liabilities.

### 2.9 Foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

#### (a) *Transactions and balances*

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.9 Foreign currency (cont'd)

#### (b) *Consolidated financial statements*

For consolidation purpose, the assets and liabilities of foreign operations are translated into SGD at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

In the case of a partial disposal without loss of control of a subsidiary that includes a foreign operation, the proportionate share of the cumulative amount of the exchange differences are re-attributed to non-controlling interest and are not recognised in profit or loss. For partial disposals of associates or jointly-controlled entities that are foreign operations, the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

Exchange differences arising on monetary items that form part of the Group's net investment in foreign operations are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

### 2.10 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment other than freehold land are measured at cost less accumulated depreciation and any accumulated impairment losses.

The cost includes the cost of replacing part of the property, plant and equipment and borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying property, plant and equipment. The accounting policy for borrowing costs is set out in Note 2.26. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

When significant parts of property, plant and equipment are required to be replaced in intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.10 Property, plant and equipment (cont'd)

Freehold land has an unlimited useful life and therefore is not depreciated. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Buildings and leasehold land	:	Over the period of the lease ranging from 3 to a maximum of 70 years
Leasehold improvements	:	3 to 50 years
Plant and machinery	:	3 to 30 years
Office furniture, fittings and equipment	:	3 to 20 years
Motor and transport vehicles	:	3.5 to 15 years

Construction-in-progress is not depreciated as it is not yet available for use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in profit or loss in the year the asset is derecognised.

### 2.11 Investment property

Investment property is a property owned by the Group that is held to lease to third parties and earn rentals, rather than for use in the production or supply of goods or services, or for administrative purposes, or in the ordinary course of business.

Investment property is initially measured at cost, including transaction costs, and subsequently carried at cost less accumulated depreciation and impairment losses. Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful life of the investment property. The estimated useful life is 30 years. Depreciation method, useful life and residual value of investment property are reassessed at each reporting date.

Investment property is derecognised when either it has been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gain or loss on the retirement or disposal of an investment property is recognised in profit or loss in the year of retirement or disposal.

Transfers are made to or from investment property only when there is a change in use.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.12 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the balance sheet and is amortised to income statement over the expected useful life of the relevant asset by equal annual instalments. Where the grant relates to an expense item, it is recognised as income on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

#### Deferred grants

Grants received for investment in machinery and equipment used for the development of diesel engines are recorded as deferred income and taken to income over the same period over which the machinery and equipment are being depreciated.

### 2.13 Intangible assets

#### (a) Goodwill

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit is less than the carrying amount, an impairment loss is recognised in profit or loss. Impairment losses recognised for goodwill are not reversed in subsequent periods.

Where goodwill forms part of a cash-generating unit and part of the operation within that cash-generating unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative fair values of the operations disposed of and the portion of the cash-generating unit retained.

Goodwill and fair value adjustments arising on the acquisition of foreign operation on or after 1 January 2005 are treated as assets and liabilities of the foreign operations and are recorded in the functional currency of the foreign operations and translated in accordance with the accounting policy set out in Note 2.9.

Goodwill and fair value adjustments which arose on acquisitions of foreign operation before 1 January 2005 are deemed to be assets and liabilities of the Company and are recorded in SGD at the rates prevailing at the date of acquisition.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.13 Intangible assets (cont'd)

#### (b) *Other intangible assets*

Intangible assets acquired separately are measured initially at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial acquisition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in profit or loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year-end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with indefinite useful lives or not yet available for use are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

#### (i) Trademarks

Trademarks acquired are assessed as either finite or indefinite. Trademark with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that trademark may be impaired. The amortisation expense and impairment loss are recognised in profit or loss in the expenses category consistent with the function of the trademarks.

Trademarks with indefinite useful lives are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.13 Intangible assets (cont'd)

#### (b) *Other intangible assets (cont'd)*

##### (ii) Research and development costs

Research costs are expensed as incurred. Deferred development costs arising from development expenditures on an individual project are recognised as an intangible asset when the Group can demonstrate the technical feasibility of completing the intangible asset so that it will be available for use or sale, its intention to complete and its ability to use or sell the asset, how the asset will generate future economic benefits, the availability of resources to complete and the ability to measure reliably the expenditures during the development.

Following initial recognition of the deferred development costs as an intangible asset, it is carried at cost less accumulated amortisation and any accumulated impairment losses. Amortisation of the intangible asset begins when development is complete and the asset is available for use. Deferred development costs is amortised over the estimated useful lives of the period of expected pattern of future economic benefits embodied in the development. The amortisation expense is recognised in profit or loss. During the period of development, the asset is tested for impairment annually.

##### (iii) Technology know-how

Technology know-how is amortised on a straight line basis over its finite useful life of 10 years.

##### (iv) Club membership

Club membership was acquired separately and is amortised on a straight-line basis over its finite useful life of 10 years.

##### (v) Computer softwares

Computer softwares have a finite useful life and are amortised over the period of estimated useful life of 5 years on a straight-line basis.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.14 Financial instruments

#### (a) **Financial assets**

##### Initial recognition and measurement

Financial assets are recognised when, and only, when the Group becomes a party to the contractual provisions of the financial instrument.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

##### Subsequent measurement

##### **Investments in debt instruments**

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are:

#### (i) Amortised cost

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through the amortisation process.

#### (ii) Fair value through other comprehensive income (FVOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Financial assets measured at FVOCI are subsequently measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except for impairment losses, foreign exchange gains and losses and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.14 Financial instruments (cont'd)

#### (a) *Financial assets (cont'd)*

##### Subsequent measurement (cont'd)

##### (iii) Fair value through profit or loss

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instrument that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss in the period in which it arises.

##### ***Investments in equity instruments***

On initial recognition of an investment in equity instrument that is not held for trading, the Group may irrevocably elect to present subsequent changes in fair value in OCI. Dividends from such investments are to be recognised in profit or loss when the Group's right to receive payments is established. For investments in equity instruments which the Group has not elected to present subsequent changes in fair value in OCI, changes in fair value are recognised in profit or loss.

##### ***Derivatives***

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. Changes in fair value of derivatives are recognised in profit or loss.

##### Derecognition

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

#### (b) *Financial liabilities*

##### Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.14 Financial instruments (cont'd)

#### (b) *Financial liabilities (cont'd)*

##### Subsequent measurement

The measurement of financial liabilities depends on their classification as follows:

##### (i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. Financial liabilities are classified as held for trading if they are acquired for the purpose of selling in the near term. This category includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships.

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

##### (ii) Financial liabilities at amortised cost

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

##### Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

#### (c) *Offsetting of financial instruments*

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheets when, and only when, there is a currently enforceable legal right to set off the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### 2.15 Share capital and share issuance expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.16 Financial guarantee

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are measured at the higher of the amount of expected credit loss determined in accordance with the policy set out in Note 2.19 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised over the period of the guarantee.

### 2.17 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is calculated using the weighted average cost formula and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. In the case of manufactured inventories and work-in-progress, cost includes an appropriate share of production overheads based on normal operating capacity but exclude borrowing costs.

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### 2.18 Development properties

Development properties are properties acquired or being constructed for sale in the ordinary course of business, rather than to be held for the Group's own use, rental or capital appreciation.

Development properties are held as inventories and are measured at the lower of cost and net realisable value.

Non-refundable commissions paid to sales or marketing agents on the sale of real estate units are expensed when incurred. Costs to complete development include cost of land and other direct and related development expenditure, including borrowing costs incurred in developing the properties.

Net realisable value of development properties is the estimated selling price in the ordinary course of business, based on market prices at the reporting date and discounted for the time value of money if material, less the estimated costs of completion and the estimated costs necessary to make the sale.

The costs of development properties recognised in profit or loss on disposal are determined with reference to the specific costs incurred on the property sold and an allocation of any non-specific costs based on the relative size of the property sold.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.19 Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables and capitalised contract costs, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For bill receivables at fair value through OCI, the Group assesses the credit risk of the financial institution, which issue the bills, at every reporting date. The Group evaluates whether the bills are considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort.

The Group considers a financial asset in default when contractual payments are more than 360 days from the invoice date. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

### 2.20 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.20 Impairment of non-financial assets (cont'd)

In assessing value in use, the estimated future cash flows expected to be generated by the asset are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Group's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses of continuing operations are recognised in profit or loss.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

### 2.21 Employee benefits

#### (a) *Defined contribution plans*

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. The Singapore and Malaysia companies in the Group make contributions to the Central Provident Fund scheme in Singapore and the Employee Provident Fund in Malaysia respectively, a defined contribution pension scheme. The companies in the People's Republic of China ("PRC") participate in and make contributions to the national pension schemes at a fixed proportion of the basic salary of the employee. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

#### (b) *Short-term benefits*

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A provision is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. Employment benefits are classified as short term or non-current based on expected timing of settlement.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.21 Employee benefits (cont'd)

#### (c) *Share-based payments*

The share option programme allows Group employees to acquire shares of the Group companies. The fair value of options granted is recognised as an employee expense with a corresponding increase in equity. The fair value is measured at grant date and spread over the period during which the employees become unconditionally entitled to the options.

At each balance sheet date, the Group revises its estimates of the number of options that are expected to become exercisable. It recognises the impact of the revision of original estimates in employee expense with a corresponding adjustment to equity over the remaining vesting period.

### 2.22 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

#### (a) *Claims*

A provision for claims is recognised when delays arise or complaints from customers are received as the contract progresses. The provision is made based on management estimates from prior experience on similar projects with customers.

#### (b) *Restoration costs*

A provision is recognised for restoration costs associated with the obligations to restore the lands at the end of the tenancy period.

#### (c) *Warranties*

A provision for warranties is recognised when the product is sold or service provided. The provision is based on historical warranty data and a weighting of all possible outcomes against their associated probabilities.

Costs incurred are charged against the provision and any over or under provision is recognised in profit or loss.

#### (d) *Onerous contracts*

A provision for onerous contracts is recognised when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits expected to be received under it.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.23 Revenue from contracts with customers

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point of time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

#### (a) *Sale of engines*

Revenue from sale of engines is recognised when the engines are delivered to the customer and all criteria for acceptance have been satisfied.

The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated (e.g. warranties).

#### - Service-type warranty

The Group provides certain warranties for both repairs and maintenance service as part of the sales of engines. For general repairs, such warranties will be assurance-type warranties which will continue to be accounted for under SFRS(I) 1-37 *Provisions, Contingent Liabilities and Contingent Assets*. Warranty for maintenance service is a distinct service to the customer in addition to the assurance that the product complies with agreed-upon specifications. Under SFRS(I) 15, the Group accounts for service-type warranty as a separate performance obligation to which the Group allocates a portion of the transaction price. The portion of the consideration allocated to the service-type warranty is initially recorded as a contract liability and recognised as revenue upon the service rendered.

#### - Variable consideration

The Group provides certain customers with rebates based on the quantity of products sold during the period. To estimate the variable consideration for the expected future rebates, the Group applies the most likely amount method for each individual contract. The Group then applies the requirements on constraining estimates of variable consideration and recognises a liability in "Trade and other payables" for the expected future rebates to be utilised by the customers.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.23 Revenue from contracts with customers (cont'd)

#### (b) *Sale of cement and related products*

Revenue from sale of cement and related products is recognised at the point in time when control of the goods is transferred to the customer. Sale of cement and related products are generally on 30 to 90 days terms.

The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price for the sale of cement and related products, the Group considers the effects of variable consideration.

- Variable consideration

If the consideration in a contract includes a variable amount, the Group estimates the amount of consideration to which they will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Some contracts for the sale of cement and related products provide customers with prompt payment rebates and volume rebates. The prompt payment rebates and volume rebates give rise to variable consideration.

- Early payment rebates

The Group provides prompt payment rebates to customers who settle the payments within certain period of time specified in the contract.

- Volume rebates

The Group provide retrospective volume rebates to certain customers once the quantity of products purchased during the period exceeds a threshold specified in the contract.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.23 Revenue from contracts with customers (cont'd)

(c) ***Sale of rigid plastic packaging products and air-conditioning systems***

Revenue from sale of rigid plastic packaging products and air-conditioning systems is recognised at the point in time when control of the goods is transferred to the customer.

(d) ***Rendering of services***

Revenue from rendering services relates to project management contracts, and hotel room and restaurant operations. Revenue is recognised over the period in which the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be performed.

(e) ***Development properties for sale***

Revenue is recognised when control over property has been transferred to the customer, either over time or at a point in time, depending on the contractual terms and practices in the legal jurisdiction.

(f) ***Rental income***

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.

(g) ***Dividend income***

Dividend income from unquoted investments is recognised when the Group's right to receive payment is established.

Dividend income from quoted investments is recognised when dividends are received.

(h) ***Interest income***

Interest income is recognised using the effective interest method.

#### Contract balances

##### ***Capitalised contract costs***

The capitalised contract costs are costs which have been capitalised and are directly related to a contract, for which resources were used in satisfying the contract and are expected to be recovered.

##### ***Trade receivables***

A receivable represents the Group's right to an amount of consideration that is unconditional. Refer to Note 2.14 for details.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.23 Revenue from contracts with customers (cont'd)

#### Contract balances (cont'd)

#### **Contract liabilities**

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

### 2.24 Land use rights

Land use rights are initially measured at cost. Following initial recognition, land use rights are measured at cost less accumulated amortisation. The land use rights are amortised on a straight-line basis over the lease term of 15 to 50 years.

### 2.25 Leases

#### *Policy applicable from 1 January 2019*

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### (a) **As lessee**

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.25 Leases (cont'd)

*Policy applicable from 1 January 2019 (cont'd)*

#### (a) **As lessee (cont'd)**

##### Right-of-use assets (cont'd)

Leasehold land and land use rights	1 to 64 years
Building and office space	1 to 6 years
Plant and machinery	2 to 3 years
Office furniture, fittings and equipment	2 to 5 years

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to accounting policies in Note 2.20.

##### Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

##### Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.25 Leases (cont'd)

*Policy applicable from 1 January 2019 (cont'd)*

#### (b) **As lessor**

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in other income in the income statement. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as income in the period in which they are earned.

*Policy applicable before 1 January 2019*

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date: whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 January 2005, the date of inception is deemed to be 1 January 2005 in accordance with the transitional requirements of INT FRS 104.

#### (a) **As lessee**

Finance leases which transfer to the Group substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Any initial direct costs are also added to the amount capitalised. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit or loss. Contingent rents, if any, are charged as expenses in the periods in which they are incurred.

Capitalised leased assets are depreciated over the shorter of the estimated useful life of the asset and the lease term, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term.

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.25 Leases (cont'd)

*Policy applicable before 1 January 2019 (cont'd)*

#### (b) **As lessor**

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. The accounting policy for rental income is set out in Note 2.23 (f). Contingent rents are recognised as revenue in the period in which they are earned.

### 2.26 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

### 2.27 Taxes

#### (a) **Current income tax**

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.27 Taxes (cont'd)

#### (b) *Deferred tax*

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.27 Taxes (cont'd)

#### (b) *Deferred tax (cont'd)*

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognised subsequently if new information about facts and circumstances change. The adjustment is either treated as a reduction to goodwill (as long as it does not exceed goodwill) if it was incurred during the measurement period or recognised in profit or loss.

#### (c) *Sales tax*

Revenue, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

### 2.28 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits, and short-term, highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value. These also include bank overdrafts that form an integral part of the Group's cash management.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 2. Summary of significant accounting policies (cont'd)

### 2.29 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
  - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - (ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the balance sheet of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

### 2.30 Earnings per share

The Group presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the year, adjusted for own shares held. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares, which comprise share options granted to employees.

### 2.31 Segment reporting

For management purposes, the Group is organised into operating segments based on their products and services which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Company who regularly review the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in Note 37, including the factors used to identify the reportable segments and the measurement basis of segment information.

### Assets held under finance leases

The carrying amount of plant and equipment held under finance leases as at 31 December 2018 was \$7,000. Upon the adoption of SFRS(I) 16 on 1 January 2019, the Group has reclassified the carrying amount of this asset to right-of-use assets (Note 21).

Leased assets are pledged as security for the related finance lease liabilities.

### Assets pledged as security

As at 31 December 2019, there was no fixed asset pledged to secure the Group's loans and borrowings (2018: \$7,000).

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 5. Intangible assets (cont'd)

### Patents and development expenditure

Patents and development expenditure relate to costs incurred for the following:

- exploration and evaluation expenditure of quarries.
- removal of waste to enable access to the mineral ore.
- design, construction and testing of new diesel engines.

The patents and development expenditure have remaining amortisation period of 1 to 5 years (2018: 1 to 6 years). Development expenditure amounting to \$108,596,000 (2018: \$38,902,000) was not amortised as the development has not been completed and is not available for use.

### Technology know-how

Technology know-how relates to an intellectual property right of a technology for building of new heavy duty diesel engines and has remaining amortisation period of 10 years.

### Trademarks

Trademarks belonging to the Group's diesel engines segment, consumer product segment (discontinued operation – see Note 7(e)) and lifestyle appliances unit are estimated to have an indefinite useful life because management believes that there is no foreseeable limit to the period over which the trademarks are expected to generate net cash inflows for the Group. Trademark acquired in respect of the Group's air-conditioning systems segment are estimated to have remaining useful life of 13 years (2018: 14 years).

### Amortisation expense

The amortisation of trademark with finite useful lives and club membership are included in the "Selling and distribution expenses" and "General and administrative expenses" line items in the income statement respectively. The amortisation of patents and development expenditure and computer software is included mainly in the "Cost of sales" and "General and administrative expenses" line items in the income statement.

## 6. Impairment assessment of intangible assets and property, plant and equipment

*Diesel engines segment*

Technology know-how

The Group has an intangible asset representing technology development costs held by Jining Yuchai Engine Company Limited ("Jining Yuchai").

In 2018, the development of the engine platform was completed and the related technology development costs with carrying amount of \$2,010,000 as at 31 December 2018 were recognised as technology know-how. As at 31 December 2019, the carrying amount was \$1,759,000 (net of accumulated impairment losses, accumulated amortisation and exchange difference).

In late 2018, the Group had commenced production of the engines in view of the market demand. Management believed that there was no indicator for further impairment as at 31 December 2018.

In 2019, the production volume had been gradually ramped up to meet market demand. As such, management believed that there was no indicator for further impairment as at 31 December 2019. Given that this model of engines is in the process of penetrating the market, management is currently assessing the future demand and concluded that no reversal of impairment was necessary in 2019.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 6. Impairment assessment of intangible assets and property, plant and equipment (cont'd)

*Diesel engines segment (cont'd)*

### Development expenditure

During 2019, the Group capitalised technology development costs of \$70,811,000 (2018: \$38,902,000) (net of exchange difference) for new engines that comply with National VI and Tier 4 emission standards.

Annually, the Group performs an impairment test on the development costs that have not yet been brought into use. No impairment was identified in 2018 and 2019.

The recoverable amount was determined based on its value in use using the discounted cash flow approach. Cash flows were projected based on historical growth, past experience and management best estimation of future business outlook.

In 2018, the Group used an 11-year forecast which was based on the financial budgets approved by the management covering the 8-year period from 2019 to 2026, and a further 3-year forecast with no terminal value.

In 2019, the Group used a 10-year forecast which was based on the financial budgets approved by the management covering the 6-year period from 2020 to 2025, and a further 4-year forecast with no terminal value. Management has assessed the useful life of the development costs to be 10 years commencing after 2020, the year which National VI and Tier 4 emission standards are expected to be implemented.

The assumptions used in the assessment for the development costs in 2019 were:

- Profit from operation was based on management's estimate with reference to historical revenue generated, growth rate and estimation of future business outlook. The revenue was estimated to grow significantly from 2020 to 2022 due to enforcement of implementation of new emission standard. From 2023 to 2025, the growth was estimated to slow down and is expected to be in the range of 10% to 15%. It is expected to remain constant with a growth rate of 0% from 2026 to 2029 after the expected commercial deployment of technology (2018: The revenue growth rate was estimated to be 5% year on year).
- Discount rate of 13.3% (2018: 14.0%) which reflects management's estimate of the risks specific to the cash-generating unit ("CGU") and was estimated based on weighted average cost of capital.

A decrease in demand can lead to a decline in profit from operation. If the demand decreases by 4.5% (2018: 3.3%) from management's estimate, it would result in impairment of the development costs. If the pre-tax discount rate increases by 0.8% (2018: 12.3%) from management's estimate, it would result in impairment of the development costs.

With regard to the assessment of value in use, management believes that no reasonably possible change in any of the above key assumptions would cause the recoverable amount to materially fall below the carrying value.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 6. Impairment assessment of intangible assets and property, plant and equipment (cont'd)

*Diesel engines segment (cont'd)*

### Trademark

In 2019, the Group entered into a trademark licence agreement under which the Group was granted an exclusive and perpetual use of the trademarks listed in the trademark licence agreement for a one-time usage fee of \$32,791,000 (net of exchange difference).

Management has assessed the right to use of the trademark licence according to the clauses, terms and conditions in the agreement and is of the view that the right to use of the trademarks licence is indefinite.

Annually, the Group performs an impairment test on the trademark, which has been identified as a separate CGU for impairment testing purposes. No impairment was identified in 2019.

The recoverable amount of the unit was determined based on a value in use calculation using cash flow projections from financial budgets approved by the management covering a ten-year period.

The assumptions used in the assessment for the trademark in 2019 were:

- Profit from operation was based on management's estimate with reference to historical performance and future business outlook of Diesel engines segment.
- Discount rate of 13.3% which reflects management's estimate of the risks specific to the CGU and was estimated based on weighted average cost of capital.
- Growth rate was based on management's estimate with reference to general available indication of long-term gross domestic product growth rate of China. The long-term rates used to extrapolate the budget was 5.7%.

A decrease in demand can lead to a decline in profit from operation. If the demand decreases by 17.6% from management's estimate, it would result in impairment of the trademark. If the pre-tax discount rate increases by 1.5% from management's estimate, it would result in impairment of the trademark. Management recognised that the speed of technological change and the possibility of new entrants can have a significant impact on growth rate assumptions. If the long-term growth rate decreases by 3.3%, it would result in impairment of the trademark.

With regard to the assessment of value in use, management believes that no reasonably possible change in any of the above key assumptions would cause the recoverable amount to materially fall below the carrying value.

### Property, plant and equipment

Separately, the Group recognised an impairment loss of \$780,000 (2018: \$6,142,000) in the income statement under the line item "Cost of sales" in respect of specific plant and equipment which are no longer in use.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 6. Impairment assessment of intangible assets and property, plant and equipment (cont'd)

*Air-conditioning systems segment*

Trademark (air-conditioning appliances)

Trademark relates to the Group's air-conditioning systems unit, which has been identified as a separate CGU for impairment testing purposes.

The impairment test was triggered in 2018 and 2019 in view of losses incurred and a slowdown in the PRC economy.

The recoverable amount of trademark was determined based on the fair value less cost to sell using the relief-from-royalty method (income approach).

As at 31 December 2018, the carrying amount of trademark for this CGU was \$341,000 (net of accumulated impairment losses, accumulated amortisation and exchange difference).

In 2019, management performed an impairment assessment based on its updated business plans and projections. As a result, the Group recognised an impairment loss of \$312,000 (2018: \$1,784,000) in the income statement under the line item "General and administrative expenses". The trademark was fully impaired in 2019.

The assumptions used in the assessment for the trademark in 2019 were:

- Royalty rate of 0.5% (2018: 0.5%) based on assessment of royalty rates of similar trademarks.
- Discount rate of 20.0% (2018: 20.0%) which reflects the current market assessment of the risks specific to the CGU.
- Revenue growth rate of 3% (2018: 3%) per annum perpetually.

For 2018 and 2019, with regard to the valuation of the recoverable amount, management believes that no reasonably possible changes in any of the key assumptions would cause the carrying value of the trademark to materially exceed its recoverable amount.

Trademark (lifestyle appliances)

Trademark (lifestyle appliances) has been identified as a separate CGU for impairment testing purposes. The recoverable amount of the trademark was determined based on the value in use using the relief-from-royalty method.

In 2018, management performed an impairment assessment based on its updated business plans and projections. As a result, the Group recognised an impairment loss of \$784,000 in the income statement under the line item "General and administrative expenses". The trademark was fully impaired in 2018.

The recoverable amount of trademark was determined based on the value in use using the relief-from-royalty method (income approach). The Group used a revenue perpetual growth rate of 2% per annum from 2019 onwards. A royalty rate of 3% and a discount rate of 13% were used.

For 2018, with regard to the valuation of the recoverable amount, management believes that no reasonably possible changes in any of the key assumptions would cause the carrying value of the trademark to materially exceed its recoverable amount.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 6. Impairment assessment of intangible assets and property, plant and equipment (cont'd)

### Property, plant and equipment

In 2018 and 2019, management carried out a review of the recoverable amount of its property, plant and equipment, in view of losses incurred and a slowdown in the PRC economy. As a result, the Group recognised an impairment loss of \$1,136,000 (2018: Nil) in the income statement under the line item "General and administrative expenses". The recoverable amounts were based on its fair value less cost to sell.

Separately, in 2019, the Group recognised impairment loss of \$1,021,000 (2018: \$1,303,000) in the income statement under the line item "General and administrative expenses" in respect of plant and machineries, which are no longer in use or obsolete.

## 7. Investment in subsidiaries

	<b>Company</b>

	212,367	201,935

### *Impairment of investment in subsidiaries*

During the financial year ended 31 December 2019, management performed an impairment review of its investment in subsidiaries, which have been incurring operating losses. As a result of the review, the Company recognised an impairment loss of \$8,100,000 (2018: \$39,434,000).

The Company assessed the recoverable amount of its investment in subsidiaries based on the amounts estimated to be recoverable from the assets and liabilities of the subsidiaries.

### Assets pledged as security

As at 31 December 2019, the Group's investment in subsidiary with a carrying amount of \$107,000,000 (2018: Nil) are pledged to secure the Group's loans and borrowings (Note 20).

Ernst & Young LLP, Singapore, is the auditor of all significant Singapore-incorporated subsidiaries while other member firms of Ernst & Young Global are auditors of significant foreign incorporated subsidiaries.

<sup>(1)</sup> The directors consider CYI as a subsidiary of the Company as the Group owns 17,059,154 (2018: 17,059,154) or 41.75% (2018: 41.75%) of the ordinary shares and a special share of CYI that entitles the Group to elect a majority of directors in CYI. Accordingly, the Group is exposed to, and has rights, to variable returns from its involvement with CYI, and has the ability to affect those returns through its power over CYI.

<sup>(2)</sup> These companies are subsidiaries of CYI.

<sup>(3)</sup> The Group considers HLGE a subsidiary as it has the power to exercise effective control and direct the activities of HLGE that most significantly affect its economic performance and has the exposure or rights to receive benefits from HLGE from its involvement. CYI Group has effective equity interest in HLGE of 50.16% (2018: 50.16%), excluding the ordinary shares held by Amicorp Trustees (Singapore) Limited under the HL Global Enterprises Share Option Scheme 2006 Trust as of 31 December 2019.

<sup>(4)</sup> The effective equity interest was computed based on the total number of ordinary shares excluding treasury shares.

<sup>(5)</sup> Audited by Dongguan City Changxin Certified Public Accountants and is not considered a significant foreign incorporated subsidiary.

<sup>(6)</sup> Audited by Tianjin Dongsheng Accounting Agent Co., Ltd and is not considered a significant foreign incorporated subsidiary.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 7. Investment in subsidiaries (cont'd)

### (b) Interest in subsidiaries with material non-controlling interests (NCI)

The Group has the following subsidiaries that have NCI that are material to the Group.

Name of Subsidiary	Principal place of business	Proportion of ownership interest held by non-controlling interests	Profit/(loss) allocated to NCI during the reporting period \$'000	Accumulated NCI at the end of reporting period \$'000	Dividends paid to NCI \$'000
<b>31 December 2019:</b>					
Guangxi Yuchai Machinery Company Limited	The People's Republic of China	68.10%	118,926	1,451,152	40,071
Tasek Corporation Berhad	Malaysia	11.84%	(1,765)	20,276	–
<b>31 December 2018:</b>

## 7. Investment in subsidiaries (cont'd)

### (d) Acquisition of ownership in subsidiaries

As reported in the Company's announcement on 28 May 2019, HL Cement (Malaysia) Sdn Bhd and Ridge Star Limited, both wholly owned subsidiaries of the Company (collectively, the "Joint Offerors"), launched a voluntary unconditional take-over offer to acquire all the remaining ordinary shares ("Ordinary Shares") (excluding treasury shares) and the 6% cumulative participating preference shares ("Preference Shares") of Tasek Corporation Berhad ("Tasek") not already held by the Joint Offerors (the "Offer") at an offer price of Malaysian Ringgit ("RM") 5.50 per share. The offer price was subsequently revised on 2 August 2019 to RM 5.80 per share.

Following the close of the Revised Offer on 19 August 2019, the Joint Offerors acquired an additional 13.88% equity interest in Tasek from its non-controlling interests for a cash consideration of \$32,171,000.

The difference of \$8,263,000 between the consideration and the carrying value of the additional interest acquired has been recognised as "deficit on changes of non-controlling interests" within equity.

In 2018, the Group's subsidiary company, Well Summit Investments Limited, acquired an additional 1.71% equity interest in CYI from its non-controlling interests for a cash consideration of \$13,302,000.

The difference of \$15,901,000 between the consideration and the carrying value of the additional interest acquired has been recognised as "surplus on changes of non-controlling interests" within equity.

The following summarises the effect of the changes in the Group's ownership interest in subsidiaries on the equity attributable to owners of the Company:

	<b>2019</b>	<b>2018</b>
	\$'000	\$'000
Consideration paid for acquisition of non-controlling interests	(32,171)	(13,302)
Decrease in equity attributable to non-controlling interests	23,908	29,203
(Decrease)/Increase in equity attributable to owners of the Company	<u>(8,263)</u>	<u>15,901</u>

# NOTES TO THE FINANCIAL STATEMENTS

## 7. Investment in subsidiaries (cont'd)

### (e) De-consolidation of subsidiaries and discontinued operation

As reported in the Company's announcement on 26 June 2018, Xinfei Companies had ceased to be subsidiaries of the Group with effect from 21 May 2018. Accordingly, the Xinfei Companies, which constitute the Group's Consumer Products Unit ("Xinfei") were de-consolidated with effect from 21 May 2018. On 6 August 2018, the Company further announced the completion of the equity transfer of the shares in each of the Xinfei Companies.

As required by SFRS(I) 10 *Consolidated Financial Statements*, the Xinfei Companies were de-consolidated from the Group. The de-consolidation involved de-recognition of the assets and liabilities of the Xinfei Companies and recognition of other related obligations. The financial effect of the de-consolidation was a loss of \$9,303,000 which was recognised in the year ended 31 December 2018.

The value of assets and liabilities de-consolidated in the consolidated financial statements, and the cash flow effect and effects of the de-consolidation of the Xinfei Companies were:

	<b>2018</b> \$'000
Property, plant and equipment	67,345
Land use rights	18,106
Intangible asset	43,811
Inventories	38,103

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 12. Non-current receivables (cont'd)

### Group

Lease receivables relate to receivables from the lease of cement trucks to ownership drivers under the owner driver scheme. The lease receivables are unsecured and are to be settled in cash. Full payment of the purchase price of cement trucks will be made over a period of approximately five years.

	Group			
	2019		2018	
	Gross lease receivables	Present value of minimum lease payments receivables	Gross lease receivables	Present value of minimum lease payments receivables
	\$'000	\$'000	\$'000	\$'000
Within 1 year (Note 16)	421	396	967	903
After 1 year but within 5 years	75	70	422	401
Total gross lease receivables	496	466	1,389	1,304
Less: Amounts representing unearned finance income	(30)	–	(85)	–
Present value of minimum lease payments receivables	466	466	1,304	1,304

Other non-current receivables include non-trade amounts due from third parties for the disposal of vehicles under the lorry-owned driver schemes on a deferred payment basis.

### Company

The amounts due from subsidiaries are non-trade in nature, unsecured and non-interest bearing except for an amount of \$10,000,000 (2018: \$20,000,000) which bears interest at weighted average rate of 3.4% (2018: 3.4%) per annum and is due in 2021. The settlement of the other amounts is neither planned nor likely to occur in the foreseeable future.

During the year ended 31 December 2018, management has performed an impairment review of non-current amounts due from certain subsidiaries in view of continued operating losses incurred by these business units in the PRC. As a result of the review, the Company recognised an impairment loss on amounts due from subsidiaries of \$190,944,000 for the year ended 31 December 2018.

The impairment assessment process is complex and involved significant judgements and estimates of expected future market and economic conditions that may have an impact on the valuation of the business.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 12. Non-current receivables (cont'd)

### Company (cont'd)

#### Consumer products segment

As at 31 December 2018, in view of the Restructuring Exercise, management has assessed the recoverable amount of this subsidiary against the total debts of the consumer products segment and recognised an impairment loss of \$190,944,000 in the Company's income statement for the year ended 31 December 2018.

The impairment was made having considered the estimated recovery rate of the receivables by the Company. The estimated recovery rate was based on the net realisable amounts of the underlying assets and liabilities of the consumer products segment.

## 13. Deferred tax

Movements in deferred tax assets and liabilities during the year are as follows:

Group	At 1 January 2019 \$'000	Recognised in income statement \$'000	Withholding taxes paid on remittance of dividends \$'000	Translation differences \$'000	At 31 December 2019 \$'000

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 13. Deferred tax (cont'd)

The following table represents the classification of the Group's net deferred tax assets:

	<b>Group</b>	
	<b>2019</b>	<b>2018</b>
	\$'000	\$'000
Deferred tax assets	82,029	72,934
Deferred tax liabilities	(35,068)	(34,741)
	46,961	38,193

Deferred tax assets and liabilities of the Company (prior to offsetting of balances) are attributable to the following:

	<b>Company</b>	
	<b>2019</b>	<b>2018</b>
	\$'000	\$'000
<b>Deferred tax liabilities</b>		
Property, plant and equipment	(18)	(16)
Unremitted income	(2,623)	(2,325)
	(2,641)	(2,341)
<b>Deferred tax assets</b>		
Provisions	10	8
	10	8

Deferred tax liabilities and assets are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same taxation authority. The amounts determined after appropriate offsetting included in the balance sheet are as follows:

	<b>Company</b>	
	<b>2019</b>	<b>2018</b>
	\$'000	\$'000
Deferred tax assets	10	8
Deferred tax liabilities	(2,641)	(2,341)
	(2,631)	(2,333)

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 13. Deferred tax (cont'd)

Deferred tax assets have not been recognised in respect of the following items:

	Group	
	2019	2018
	\$'000	\$'000
Unutilised tax losses	136,039	140,495
Unutilised capital allowances and investment allowances	33,199	34,099
Other unrecognised temporary differences relating to provisions and deferred grants	41,573	44,262
	210,811	218,856

Unutilised tax losses and unabsorbed capital allowances for the Group are subject to agreement with the tax authorities and compliance with tax regulations in the respective countries in which the Group operates. The unabsorbed capital allowances do not expire under current tax legislation. The unutilised tax losses will expire within the next 5 to 7 years, except for an amount of \$10,691,000 (2018: \$11,239,000) with no expiry date. Deferred tax assets have not been recognised in respect of these items because it is not probable that future taxable profits will be available against which the Group can utilise the benefits.

## 14. Inventories

	Group	
	2019	2018
	\$'000	\$'000
Raw materials and consumables	324,844	289,893
Manufacturing work-in-progress	12,128	16,278
Finished goods	257,236	256,558
Total inventories at the lower of cost and net realisable value	594,208	562,729
	2019	2018
	\$'000	\$'000
Inventories recognised as an expense in cost of sales (Note 25)	2,827,255	2,530,848
Inclusive of the following charge/(credit):		
- Inventory obsolescence	11,558	5,566
- Reversal of inventory obsolescence	(3,167)	(6,888)
	(3,167)	(6,888)

The reversal of inventory obsolescence was made when the related inventories were sold above their carrying value.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 16. Trade and other receivables (cont'd)

### Group

Trade receivables are non-interest bearing and are generally on 30 to 90 days' terms. They are recognised at their original invoice amounts which represent their fair values on initial recognition.

Bill receivables have contractual maturities of up to 12 months from the date of bills issuance.

The non-trade balances due from ultimate and immediate holding companies, associates, joint ventures and other related corporations are unsecured, interest-free, repayable on demand and are to be settled in cash.

As at 31 December 2019, other receivables included an amount of approximately \$281,337,000 (2018: \$321,761,000) due from subsidiaries of the consumer products segment. Upon the de-consolidation of these subsidiaries in 2018 (Note 7(e)), the amount, which had been largely provided for, was reported as other receivables on the Group's balance sheet. As at 31 December 2019, the balance had been fully provided for, pending the outcome of the liquidation process in China.

The maximum exposure to credit risk for trade receivables at the reporting date is as follows:

	Group	
	2019	2018
	\$'000	\$'000
Diesel engines	1,495,037	1,467,477
Building materials	116,466	90,517
Rigid plastic packaging	5,877	6,457
Air-conditioning systems	–	492
	1,617,380	1,564,943

### Company

The non-trade balances due from subsidiaries include loans and advances of \$142,886,000 (2018: \$110,879,000) which bear interest at rates ranging from 2.41% to 3.64% (2018: 2.08% to 3.19%) per annum. The weighted average effective interest rate per annum at the balance sheet date in respect of the interest-bearing balances is 2.60% (2018: 2.30%) per annum. Interest rates will be repriced within 12 months. These balances are repayable on demand and are to be settled in cash.

The remaining non-trade balances are unsecured, interest-free, repayable on demand and are to be settled in cash.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 16. Trade and other receivables (cont'd)

### Ageing analysis

The ageing of trade and other receivables (excluding advances paid to suppliers, prepaid expenses, refundable deposits and tax recoverable), non-current receivables (Note 12) and amounts due from subsidiaries at reporting date is as follows:

	Group		Company	
	2019	2018	2019	2018
	\$'000	\$'000	\$'000	\$'000
Neither past due nor impaired	1,574,783	1,535,686	279,677	265,440
Past due but not impaired				
- Past due 0 to 30 days	35,692	26,726	-	-
- Past due 31 to 120 days	28,975	24,263	-	-
- Past due 121 days to one year	9,298	12,150	-	-
- More than one year	11,275	27,714	-	-
Impaired	303,661	302,536	313,890	313,903
	<u>1,963,684</u>	<u>1,929,075</u>	<u>593,567</u>	<u>579,343</u>

The Group's and Company's movement in allowances for trade and other receivables and non-current receivables at the end of the reporting period is as follows:

	Group		Company	
	2019	2018	2019	2018
	\$'000	\$'000	\$'000	\$'000
At 1 January	302,536	21,493	313,903	144,800
Impairment losses made/(written back)	7,418	(2,050)	-	206,103
Amounts written off	(170)	(475)	-	-
Transfer to investment in subsidiaries (Note 7)	-	-	-	(37,000)
Reclassified due to de-consolidation of subsidiaries	-	288,442	-	-
Translation differences	(5,428)	(4,874)	(13)	-
At 31 December	<u>304,356</u>	<u>302,536</u>	<u>313,890</u>	<u>313,903</u>

The Group's historical experience in the collection of trade and other receivables falls within the recorded allowances. Due to this factor, management believes that no additional credit risks beyond the amount provided for collection losses are inherent in the Group's trade and other receivables.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 16. Trade and other receivables (cont'd)

The Group receives financial guarantees given by banks, shareholders or directors of customers in managing exposure to credit risks. At the reporting date, the Group received financial guarantees up to a limit of \$13,515,000 (2018: \$29,972,000) for certain trade receivables. These guarantees included cash collateral held from certain customers of \$7,982,000 (2018: \$10,449,000). The remaining balance of trade receivables are not secured by any collateral or supported by any other credit enhancements.

As at 31 December 2019, outstanding bill receivables discounted with banks for which the Group retained a recourse obligation were \$438,021,000 (2018: \$252,703,000). All bill receivables discounted have contractual maturities of less than 12 months at the time of discounting.

As at 31 December 2019, outstanding bill receivables endorsed to suppliers with recourse obligation were \$216,403,000 (2018: \$323,216,000).

### Assets pledged as security

As at 31 December 2019, there were no bill receivables pledged to secure the Group's loans and borrowings (Note 20) (2018: \$104,092,000).

### Receivables subject to offsetting arrangements

The Company had certain counterparties with receivables and payables that are off-set as follows:

	Gross carrying amounts	Gross amounts offset in the balance sheet	Net amounts in the balance sheet
	\$'000	\$'000	\$'000
<b>Company</b>

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 17. Cash, short-term deposits and long-term deposits (cont'd)

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short-term deposits are made for varying periods of between one day and twelve months, depending on the immediate cash requirements of the Group and the Company, and earn interests at the respective short-term deposit rates.

Restricted deposits represent bank balances of certain subsidiaries placed with banks to obtain credit facilities and loans. Long-term deposits are placed with banks with tenure above 12 months and earn interest at the respective long-term deposit rates.

The weighted average effective interest rates per annum of the fixed deposits at the balance sheet date are as follows:

	Group		Company	
	2019	2018	2019	2018
	%	%	%	%
Fixed deposits	2.52	1.62	1.77	0.84

Interest rates will be repriced within 12 months.

## 18. Share capital

	Group and Company			
	2019		2018	
	No. of shares	Amount	No. of shares	Amount
	'000	\$'000	'000	\$'000
<b><i>Issued and fully paid ordinary shares, with no par value</i></b>				
At 1 January	747,817	467,890	373,908	266,830
Shares issued during the year	–	–	373,909	201,911
Share issuance expenses	–	–	–	(851)
At 31 December	747,817	467,890	747,817	467,890

In 2018, the Company allotted and issued 373,908,559 ordinary shares at \$0.54 per share for an aggregate cash consideration of \$201,911,000 pursuant to a Rights Issue exercise. During the year, there was no option exercised under its Hong Leong Asia Share Option Scheme 2000 (the "HLA Share Option Scheme") (Note 31).

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

## 19. Reserves

	Group		Company	
	2019	2018	2019	2018
	\$'000	\$'000	\$'000	\$'000
Capital reserve	4,351	4,351	9,199	9,199
Statutory reserve	15,801	15,425	–	–
Fair value reserve	8,378	2,192	–	–
Share option reserve	5,267	5,243	2,491	2,467
Translation reserve	(40,812)	(26,394)	–	–
Surplus on changes of non-controlling interests	43,035	51,298	–	–
Accumulated profits/(losses)	260,914	226,847	(264,769)	(273,718)
	296,934	278,962	(253,079)	(262,052)

(a) Capital reserve comprises:

	Group		Company	
	2019	2018	2019	2018
	\$'000	\$'000	\$'000	\$'000
Merger reserve	392	392	–	–
Business participation fee and realised capital gain on disposal of investments	3,046	3,046	9,199	9,199
Adjustment relating to shares of the Company issued to an associate for assets transferred to the Company	(11,380)	(11,380)	–	–
Others	12,293	12,293	–	–
	4,351	4,351	9,199	9,199

The merger reserve relates to reserve arising from certain acquisitions accounted for under the pooling of interests method.

(b) Statutory reserve comprises the Group's share of general reserves of its subsidiaries in the PRC which are not available for dividends or other payments. The transfers are required to be made at the rate of 10% (2018: 10%) of profit after tax of subsidiaries arrived at under generally accepted accounting principles applicable in the PRC. The transfer to the statutory reserve is mandatory until the cumulative total of the statutory reserve reaches 50% of the subsidiary's registered capital. Subject to the approval from the relevant PRC authorities, the statutory reserve may be used to offset any accumulated losses or increase the registered capital of the subsidiary. The statutory reserve is not available for dividend distribution to shareholders.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 19. Reserves (cont'd)

- (c) The fair value reserve includes:
- the cumulative net change in the fair value of equity instruments designated at fair value through OCI;
  - the cumulative net change in the fair value of debt instruments at fair value through OCI until the assets are derecognised or reclassified; and
  - the Group's share of the post-acquisition fair value adjustments arising from the allocation of purchase price to the identifiable net assets and contingent liabilities of subsidiaries.
- (d) The share option reserve comprises the cumulative value of employee services received for the issue of share options. The amount in the reserve is retained when the option is exercised or expired.
- (e) The translation reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations and the translation of monetary items used to form part of the Group's net investments in foreign entities.

## 20. Loans and borrowings

	Group		Company	
	2019	2018	2019	2018
	\$'000	\$'000	\$'000	\$'000
<b>Current liabilities</b>				
Unsecured bank loans	647,510	444,250	194,875	66,324
Secured bank loans	–	99,501	–	–
Obligations under finance leases (Note 32)	–	906	–	–
	<u>647,510</u>	<u>544,657</u>	<u>194,875</u>	<u>66,324</u>
<b>Non-current liabilities</b>				
Unsecured bank loans	100,000	229,900	100,000	226,900
Secured bank loans	13,789	–	–	–
Obligations under finance leases (Note 32)	–	408	–	–
	<u>113,789</u>	<u>230,308</u>	<u>100,000</u>	<u>226,900</u>
Total loans and borrowings	<u>761,299</u>	<u>774,965</u>	<u>294,875</u>	<u>293,224</u>

The obligations under finance leases are secured by a charge over the leased assets (Note 3). As at 31 December 2018, the average discount rate implicit in the leases is 1.32% per annum.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 20. Loans and borrowings (cont'd)

The secured bank loans are secured on assets with the following carrying values:

	Group	
	2019	2018
	\$'000	\$'000
Property, plant and equipment (Note 3)	–	7
Investment in a subsidiary (Note 7)	107,000	–
Bill receivables (Note 16)	–	104,092
	<hr/>	<hr/>

These loans and borrowings have externally imposed capital requirements on certain subsidiaries of the Group which have been complied with or waiver of compliance obtained by the respective subsidiaries before reporting dates for the financial years ended 31 December 2019 and 2018.

## 21. Leases

### As a lessee

The Group has lease contracts for various items of land, building, office spaces and equipment used in its operations. Leases generally have lease terms between 1 and 6 years. The Group's obligations under its leases are secured by the lessor's title to the leased assets.

The Group also has certain leases with lease terms of 12 months or less and leases of low-value assets. The Group applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 21. Leases (cont'd)

### As a lessee (cont'd)

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the period:

<b>Group</b>	<b>Leasehold land and land use rights</b>	<b>Building and office space</b>	<b>Plant and machinery</b>	<b>Office furniture, fittings and equipment</b>	<b>Total</b>

Lease liabilities	1.3 – 6.4	2020 - 2025	<u>23,012</u>
<b>Company</b>			
Lease liabilities	3.0	2020 - 2023	<u>57</u>

The following are the amounts recognised in profit or loss:

	<b>Group</b> <b>2019</b> \$'000
Depreciation expense of right-of-use assets	14,019
Interest expenses on lease liabilities	1,056
Expenses relating to short-term leases	2,830
Expenses relating to leases of low-value assets	2
Total amount recognised in profit or loss	<u>17,907</u>

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 21. Leases (cont'd)

### As a lessee (cont'd)

The Group had total cash outflows for leases of \$19,790,000 in 2019. The Group also had non-cash additions to right-of-use assets and lease liabilities of \$5,993,000 in 2019.

### As a lessor

The Group has entered into commercial property leases on its surplus office and manufacturing buildings. All leases include a clause to enable upward revision of the rental charge on an annual basis according to prevailing market conditions.

The future minimum rental receivable under non-cancellable operating leases as at 31 December are as follows:

	Group	
	2019	2018
	\$'000	\$'000
Within 1 year	1,037	982
After 1 year but within 5 years	2,450	2,300
After 5 years	1,261	1,932
	4,748	5,214

## 22. Trade and other payables

	Group		Company	
	2019	2018	2019	2018
	\$'000	\$'000	\$'000	\$'000
Trade payables	1,140,523	934,855	–	–
Accrued expenses	307,461	258,173	2,587	2,278
Other payables <sup>(i)</sup>	26,788	28,595	8	4,147

(i) As at 31 December 2018, other payables for the Company included an obligation to a bank on behalf of subsidiaries pursuant to a guarantee arrangement.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 22. Trade and other payables (cont'd)

	Group	
	2019	2018
	\$'000	\$'000
<b>Other payables (non-current)</b>		
Provision for bonus	34,044	31,794

### Trade payables/other payables

Current trade and other payables are normally settled on agreed credit terms ranging from 7 to 90 days' terms and are non-interest bearing.

### Refund liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Group ultimately expects it will have to return to the customer. The Group updates its estimates of refund liabilities at the end of each reporting period.

### Amounts due to related corporations

The balances with the immediate holding company, subsidiaries, associates, joint ventures and other related corporations are unsecured, interest-free, repayable on demand and are to be settled in cash.

Purchases from related corporations are made at terms agreed between the parties.

## 23. Provisions

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 23. Provisions (cont'd)

### Claims and restoration costs

The provision for claims consists of costs arising from delays in the completion of contracts or complaints from customers. The provision is made based on estimates from prior experience on similar projects with customers.

The provision for restoration costs relates to costs associated with the obligations to restore the lands at the end of the tenancy period.

### Warranties

The provision for warranties relates to products sold over the warranty period. The provision is made based on estimates from historical warranty data.

### Onerous contracts

The provision for onerous contracts relates to the expected losses arising from existing customers' contracts, whereby the unavoidable costs of meeting the obligations under the contracts exceed the economic benefits expected to be received.

## 24. Revenue

### Disaggregation of revenue

Set out below is the disaggregation of the Group's revenue from contracts with customers:

Segments	2019					Consolidated total

## 24. Revenue (cont'd)

### Disaggregation of revenue (cont'd)

Set out below is the disaggregation of the Group's revenue from contracts with customers (cont'd):

Segments	2018					Consolidated total \$'000
	Diesel engines	Building materials	Rigid plastic packaging	Air-conditioning systems	Others	
	\$'000	\$'000	\$'000	\$'000	\$'000	
<b>Geographical markets</b>						
The PRC	3,280,735	–	30,157	7,300	–	3,318,192
Singapore	–	238,937	1,575	–	3,300	243,812
Malaysia	166	189,254	766	–	7,444	197,630
Others	18,869	–	106	7,032	–	26,007
	<u>3,299,770</u>	<u>428,191</u>	<u>32,604</u>	<u>14,332</u>	<u>10,744</u>	<u>3,785,641</u>

### **Timing of revenue recognition**

Goods and services transferred at a point in time	3,299,770	428,191	32,604	14,332	–	3,774,897
Goods and services transferred over time	–	–	–	–	10,744	10,744
	<u>3,299,770</u>	<u>428,191</u>	<u>32,604</u>	<u>14,332</u>	<u>10,744</u>	<u>3,785,641</u>

### Contract balances

	Group	
	2019 \$'000	2018 \$'000
Trade receivables (Note 16)	264,505	178,209
Capitalised contract costs	26,350	8,825
Contract liabilities	<u>84,985</u>	<u>67,622</u>

The Group has recognised impairment losses on receivables arising from contracts with customers amounting to \$5,698,000 (2018: \$2,018,000).

Trade receivables are non-interest bearing and are generally on 30 to 90 days' terms.

Capitalised contract costs are the costs incurred in fulfilling a contract for the development of technology know-how for heavy-duty engines platforms for a joint venture company of the Group. Capitalised contract costs will be expensed off when the Group performs the contract.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 24. Revenue (cont'd)

### Contract balances (cont'd)

	Group	
	2019	2018
	\$'000	\$'000
<b>Capitalised contract costs relating to service fee charges on development of technology know-how</b>		
At 1 January	8,825	–
Addition	18,469	9,045
Utilisation	(301)	–
Translation differences	(643)	(220)
At 31 December	26,350	8,825

Contract liabilities comprise short-term advances from customers and unfulfilled maintenance services. The advances from customers are recognised as revenue upon the delivery of goods, and the contract liability arising from unfulfilled service-type warranty is recognised upon the completion of the maintenance services. According to the business customary practice, the remaining performance obligations (unfulfilled maintenance service) at the year-end is expected to be satisfied within 1-3 years.

	Group	
	2019	2018
	\$'000	\$'000
<b>Contract liabilities</b>		
Unfulfilled maintenance services	34,978	38,078
Advance from customer	50,007	29,544
At 31 December	84,985	67,622
Current	74,594	56,956
Non-current	10,391	10,666
At 31 December	84,985	67,622

Set out below was the amounts of revenue recognised from:

	Group	
	2019	2018
	\$'000	\$'000
Amounts included in contract liabilities at the beginning of the year	14,278	11,319

### Performance obligations

The transaction price allocated to the remaining performance obligation as at the end of the year are as follows:

	Group	
	2019	2018
	\$'000	\$'000
Within 1 year	24,587	27,412
More than 1 year	10,391	10,666

The remaining performance obligations expected to be recognised in more than one year related to the unfulfilled maintenance service that was to be satisfied within 3 years.

# NOTES TO THE FINANCIAL STATEMENTS

Deferred tax benefits not recognised	4,897	3,952
Tax credits for research and development expense	(6,291)	(4,561)
(Over)/under provision in respect of prior years:		
- current	(700)	(3,288)
- deferred	842	(353)
Withholding tax expense	6,065	7,938
Others	(881)	(1,854)
	<u>36,789</u>	<u>38,949</u>

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 28. Income tax expense (cont'd)

### Relationship between tax expense and accounting profit (cont'd)

Certain subsidiaries of the Group in the PRC have been granted a concessionary tax rate under the Corporate Income Tax ("CIT") Law of the PRC. Income from these entities is subject to tax at the concessionary rate of 15% instead of the national standard income tax rate of 25% (2018: 25%). This concession is available subject to certain conditions including these entities remain engaged in advanced and new technology.

The CIT law also provides for a tax of 10% to be withheld from dividends paid to foreign investors of the PRC enterprises. This withholding tax provision does not apply to dividends paid out of profits earned prior to 1 January 2008. Beginning on 1 January 2008, a 10% withholding tax is imposed on dividends paid to the Group, as a non-resident enterprise, unless an applicable tax treaty provides for a lower tax rate and the Group will recognise a provision for withholding tax payable for profits accumulated after 31 December 2007 for the earnings that the Group does not plan to indefinitely reinvest in the PRC enterprises. As of 31 December 2019, the amount of deferred tax liability recognised in respect of withholding tax payable was \$20,644,000 (2018: \$21,232,000). The amount of unrecognised deferred tax liability relating to undistributed earnings of the PRC enterprises is estimated to be \$48,941,000 (2018: \$49,496,000).

## 29. Earnings/(loss) per share

### **Basic earnings/(loss) per share**

The calculation of basic earnings/(loss) per share is based on:

	<b>Group</b>	
	<b>2019</b>	<b>2018</b>
	\$'000	\$'000
(i) Net profit/(loss) attributable to owners of the Company	34,443	(6,017)
Add back: Loss from discontinued operation, net of tax attributable to owners of the Company	–	30,776
Profit from continuing operations, net of tax, attributable to owners of the Company used in the computation of basic earnings per share from continuing operations	34,443	24,759
	<b>2019</b>	<b>2018</b>
	No. of shares	No. of shares
(ii) Number of issued ordinary shares at beginning of the year	747,817,118	373,908,559
Shares issued during the year	–	373,908,559
Number of issued ordinary shares at end of the year	747,817,118	747,817,118

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 29. Earnings/(loss) per share (cont'd)

### *Diluted earnings/(loss) per share*

The weighted average number of ordinary shares adjusted for the effect of unissued ordinary shares under the HLA Share Option Scheme is determined as follows:

	<b>Group</b>	
	<b>2019</b>	<b>2018</b>
	No. of shares	No. of shares
Weighted average number of shares issued, used in the calculation of basic earnings/(loss) per share	747,817,118	439,470,608
Dilutive effect of share options	21,982	–
Weighted average number of ordinary shares (diluted)	747,839,100	439,470,608

570,000 (2018: 570,000) share options granted to employees under the existing employee share option plans have not been included in the calculation of diluted earnings per share because they are anti-dilutive.

## 30. Dividends

There was no dividend declared and paid during the financial years ended 31 December 2019 and 2018.

	<b>Group</b>	
	<b>2019</b>	<b>2018</b>
	\$'000	\$'000
<b>Proposed but not recognised as a liability as at 31 December:</b>		
<i>Dividends on ordinary shares, subject to shareholders' approval at the AGM:</i>		
- First and final tax exempt (one-tier) dividend for 2019: 1 cent (2018: Nil) per share	7,478	–

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 31. Share options

### *By the Company*

#### **Hong Leong Asia Share Option Scheme 2000 (the "HLA Share Option Scheme")**

The HLA Share Option Scheme was approved by the shareholders at the extraordinary general meeting of the Company held on 30 December 2000 for an initial duration of 10 years (from 30 December 2000 to 29 December 2010). At the annual general meeting ("AGM") of the Company held on 29 April 2010, the shareholders approved the extension of the duration of the HLA Share Option Scheme for a further period of 10 years from 30 December 2010 to 29 December 2020. Other than the extension of the duration of the HLA Share Option Scheme, all other rules of the HLA Share Option Scheme remain unchanged.

The HLA Share Option Scheme is administered by a committee comprising the following members:

Ernest Colin Lee – Chairman  
Kwek Leng Peck  
Ng Sey Ming  
Tan Chian Khong

As the HLA Share Option Scheme remains an integral part of the Company's long-term incentive scheme, the Company will be seeking shareholders' approval at its annual general meeting to be held on 18 June 2020, for a further extension of the duration for 10-year period from 30 December 2020 to 29 December 2030 (please refer to the Letter to Shareholders dated 27 May 2020 for more details on the proposed further extension of the HLA Share Option 'Scheme).

All options granted under the HLA Share Option Scheme are subject to a vesting schedule as follows:

#### Market Price Options:

- (1) one year after the date of grant for up to 33% of the Shares over which the options are exercisable;
- (2) two years after the date of grant for up to 66% (including (1) above) of the Shares over which the options are exercisable; and
- (3) three years after the date of grant for up to 100% (including (1) and (2) above) of the Shares over which the options are exercisable.

#### Incentive Price Options:

- (1) two years after the date of grant for up to 33% of the Shares over which the options are exercisable;
- (2) three years after the date of grant for up to 66% (including (1) above) of the Shares over which the options are exercisable; and
- (3) four years after the date of grant for up to 100% (including (1) and (2) above) of the Shares over which the options are exercisable.

# NOTES TO THE FINANCIAL STATEMENTS

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 31. Share options (cont'd)

### *By the Company (cont'd)*

#### **Hong Leong Asia Share Option Scheme 2000 (the "HLA Share Option Scheme") (cont'd)**

The fair value of services received in return for share options granted are measured by reference to the fair value of share options granted. The estimate of the fair value of the services received is estimated at the date of the grant using the Black-Scholes model. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non transferability, exercise restrictions and behavioural considerations.

*Fair value of share options and assumptions:*

<b>Date of grant of options</b>	<b>On 5 January 2011</b>	<b>On 28 January 2014</b>	<b>On 3 June 2019</b>
Fair value at measurement date (\$)	1.18 – 1.44	0.13 – 0.25	0.14 – 0.17
Share price (\$)	3.17	1.31	0.52
Exercise price (\$)	3.17	1.31	0.53
Expected volatility (%)	72.0 – 79.0	21.1 – 34.0	40.6 – 48.4
Expected option life (years)	2 – 4	2 – 4	2 – 4
Expected dividends (%)	3.0	3.1	–
Risk-free interest rate (%)	0.9 – 1.4	0.6 – 0.8	1.7 – 1.8

The expected volatility is based on the historic volatility (calculated based on the weighted average expected life of the share options), adjusted for any expected changes to future volatility.

There are no market conditions associated with the share option grants. Service conditions and non-market performance conditions are not taken into account in the measurement of the fair value of the services to be received at the grant date.

The range of exercise prices for options outstanding at the end of the year was \$0.53 to \$3.17 (2018: \$1.31 to \$3.17). The weighted average remaining contractual life for these options is 4.85 years (2018: 3.03 years).

### *By Subsidiary*

#### **China Yuchai International Limited ("CYI") Equity Incentive Plan ("CYI Equity Plan")**

The CYI Equity Plan was approved by the shareholders at the annual general meeting of CYI held on 4 July 2014. It is administered by CYI's Compensation Committee comprising the following members:

Kwek Leng Peck – Chairman  
Neo Poh Kiat  
Raymond Ho Chi-Keung

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 31. Share options (cont'd)

### *By Subsidiary (cont'd)*

#### **China Yuchai International Limited ("CYI") Equity Incentive Plan ("CYI Equity Plan") (cont'd)**

The CYI Equity Plan contains the following key terms:

- (i) only share options, restricted stock and stock payments (the "Awards") may be granted to employees of CYI or a subsidiary of CYI ("CYI Group Employees");
- (ii) the maximum aggregate number of shares that may be issued under the CYI Equity Plan shall not exceed 1,800,000 ordinary shares of US\$0.10 each ("Ordinary Shares") subject to adjustment under the CYI Equity Plan;
- (iii) the maximum aggregate number of Ordinary Shares with respect to one or more Awards that may be granted to any one eligible person during any calendar year is 300,000;
- (iv) CYI's Compensation Committee shall administer the CYI Equity Plan and it has full power and authority to (a) select grantees from eligible individuals to receive the Awards and determine the time when Awards will be granted; (b) determine the number of Awards and the number of Ordinary Shares covered by each Award; (c) determine the terms and conditions of each Award; (d) approve the forms of agreement for use under the CYI Equity Plan; (e) establish, adopt, or revise any rules and regulations as it may deem necessary or advisable to administer the CYI Equity Plan; and (f) take any and all other action as it deems necessary or advisable for the operation or administration of the CYI Equity Plan and the Awards;
- (v) the price per Ordinary Share at which a holder may subscribe for the Ordinary Shares issuable upon the exercise of the option granted pursuant to the CYI Equity Plan shall be determined by CYI's Compensation Committee and shall not be less than:
  - the Fair Market Value of the Ordinary Shares on the date the option is granted; and
  - the par value of the Ordinary Shares;
- (vi) Options granted under the CYI Equity Plan shall become exercisable ("vest") in the manner and subject to such conditions provided by CYI's Compensation Committee and set forth in the written Award agreement with respect to such options; and
- (vii) the CYI Equity Plan shall terminate automatically ten years after its effective date unless terminated earlier. Awards outstanding at the time of the CYI Equity Plan's termination may continue to be exercised in accordance with their terms and shall continue to be governed by and interpreted consistent with the terms of the CYI Equity Plan.

# NOTES TO THE FINANCIAL STATEMENTS

After 5 years	534	–
	<u>34,603</u>	<u>1,319</u>

Annual rentals payable for the leases of land by the Group under non-cancellable operating leases are subjected to revision at fixed intervals ranging from one to three years. Any increase will not exceed 5.5% on an annualised basis, provided that any rent after such increase shall not exceed the prevailing market rent. The leases expire between 2019 and 2025.

The Group has various lease contracts that have not yet commenced as at 31 December 2019. The future lease payments for these non-cancellable lease contracts are \$20,000 within one year and \$16,000 within five years.

### *Finance lease commitments*

The Group has finance leases for various plant and machinery. The leases have terms of renewal but no purchase options and escalation clauses. Renewals are at the option of the specific entity that holds the lease. Future minimum lease payments under finance leases together with the present value of the net minimum lease payments are as follows:

	<b>Group</b>	
	<b>2018</b>	
	<b>Minimum payments</b>	<b>Present value of payments</b>
	\$'000	\$'000
Within 1 year	970	906
After 1 year but within 5 years	429	408
Total minimum lease payments	<u>1,399</u>	<u>1,314</u>
Less: Amounts representing finance charges	(85)	–
Present value of minimum lease payments	<u>1,314</u>	<u>1,314</u>

## 33. Related party transactions (cont'd)

### (a) *Compensation of key management personnel (cont'd)*

#### China Yuchai International Limited ("CYI") Equity Incentive Plan ("CYI Equity Plan")

Awards of share options, restricted stock and stock payments may be granted to key management personnel of the Group who are employees of CYI or a subsidiary of CYI pursuant to the CYI Equity Plan as described in Note 31. In 2019 and 2018, no award was granted to key management personnel under the CYI Equity Plan during the financial years under review. As at the end of the year, 430,000 (2018: 430,000) options granted to key management personnel were outstanding. These options are subject to a vesting period.

### (b) *Sale and purchase of goods and services*

During the year, the Group made payments to a firm, in which a director has an interest, in respect of professional services rendered. This amounted to \$208,412 (2018: \$299,152). No balance was outstanding at the balance sheet date (2018: nil).

Significant transactions with related parties made at terms agreed between the parties, other than those disclosed elsewhere in the financial statements, are as follows:

### (c) *Outstanding balances with a related party*

As at 31 December 2019, there is no fixed deposits held with a related party (2018: \$5,000,000).

## 34. Financial risk management objectives and policies

Risk management is integral to the whole business of the Group and the Company. The management continually monitors the Group's and the Company's risk management process to ensure that an appropriate balance between risk and control is achieved. The Group's and the Company's policies and financial authority limits are documented and reviewed periodically. The financial authority limits seek to limit and mitigate operational risk by setting threshold of approvals required for the entry into contractual obligations and investments.

### (a) *Credit risk*

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets, the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed for all customers requiring credit over a certain amount. The Group and the Company require collateral in respect of financial assets in certain circumstances.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Group has determined the default event on a financial asset to be when the customer is unlikely to pay its contractual obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 34. Financial risk management objectives and policies (cont'd)

### (a) *Credit risk (cont'd)*

The Group considers "low risk" to be an investment grade credit rating with at least one major rating agency for those investments with credit rating. To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Group considers available reasonable and supportive forward-looking information which includes the following indicators:

- Internal credit rating;
- External credit rating;
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligation;
- Actual or expected significant changes in the operating results of the debtor;
- Significant increases in credit risk on other financial instruments of the same debtor;
- Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements; and
- Significant changes in the expected performance and behaviour of the debtor, including changes in the payment status of debtors in the group and changes in the operating results of the debtor.

The Group determined that its financial assets are credit-impaired when:

- There is significant difficulties of the issuer or the debtor;
- A breach of contract, such as a default or past due event;
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation; and
- There is a disappearance of an active market for that financial asset because of financial difficulty.

The Group categorises a loan or receivable for potential write-off when a debtor fails to make contractual payments more than 360 days from the invoice date. Financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in a repayment plan with the Group. Where loans and receivables have been written off, the Group continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 34. Financial risk management objectives and policies (cont'd)

### (a) *Credit risk (cont'd)*

The following are credit risk management practices and quantitative and qualitative information about amount arising from expected credit losses for each class of financial assets.

#### Trade receivables and capitalised contract costs

The Group provides for lifetime expected credit losses for all trade receivables, and capitalised contract costs using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance to days past due. The expected credit losses incorporate forward looking information such as forecast of economic conditions where the gross domestic product will deteriorate over the next year, leading to an increased number of defaults.

Information regarding loss allowance movement of trade and other receivables and capitalised contract costs are disclosed in Note 16 and 24.

As at 31 December 2019 and 31 December 2018, there was no significant concentration of credit risk.

#### Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are with creditworthy debtors with good payment record with the Group. Cash and short-term deposits, investment securities and derivatives that are neither past due nor impaired are placed with or entered into with reputable financial institutions or companies with high credit ratings and no history of default.

### (b) *Interest rate risk*

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates. The Group's and the Company's exposure to interest rate risk arises primarily from their loans and borrowings and short-term deposits.

The Group's and the Company's policy is to maintain an efficient and optimal interest cost structure using a mix of fixed and variable rate debts. The Group's and the Company's debt obligations are mainly denominated in Singapore Dollar, United States Dollar, Chinese Renminbi, Ringgit Malaysia and Hong Kong Dollar, and at fixed and floating rates of interest. For variable rate financial instruments, a change of 100 bp in interest rate at the reporting date would increase/(decrease) profit before income tax by the amounts shown below.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 34. Financial risk management objectives and policies (cont'd)

### (b) *Interest rate risk (cont'd)*

	Profit before income tax	
	100 bp Increase \$'000	100 bp Decrease \$'000
<b>Group</b>

	<hr/>	<hr/>
31 December 2018		
Floating rate instruments	(2,789)	2,789
	<hr/>	<hr/>

### (c) *Liquidity risk*

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank credit facilities.

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and to mitigate the effects of fluctuations in cash flows, and having adequate amounts of committed credit facilities.

The Group assesses the concentration of risk with respect to refinancing its debt and concluded it to be low. Access to sources of funding is sufficiently available and debt maturing within 12 months can be rolled over with existing lenders.

The maturity profile of the Group's and the Company's financial liabilities based on contractual undiscounted cash outflows are disclosed in Note 20.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 34. Financial risk management objectives and policies (cont'd)

### (d) Foreign currency risk

The Group is exposed to foreign currency risk on sales, purchases and borrowings that are denominated in currencies other than the respective functional currencies of entities within the Group. The currencies giving rise to this risk are primarily the Singapore Dollar, Chinese Renminbi, United States Dollar, Ringgit Malaysia, Euro and Hong Kong Dollar.

Foreign currency translation exposure is managed by incurring debt in the operating currency so that where possible operating cash flows can be primarily used to repay obligations in the local currency. This also has the effect of minimising the exchange differences recorded against income, as the exchange differences on the net investment are recorded directly against equity.

The Group does not apply hedge accounting for such foreign currency denominated sales, purchases and borrowings.

The Group's and the Company's financial assets and liabilities balances that have exposures to foreign currencies are as follows:

Group	2019					
	Singapore Dollar	Chinese Renminbi	United States Dollar	Ringgit Malaysia	Euro	Hong Kong Dollar
	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
Other investments	1,785	–	–	–	–	–

## 34. Financial risk management objectives and policies (cont'd)

### (d) Foreign currency risk (cont'd)

Company	2019		2018	
	Chinese Renminbi \$'000	United States Dollar \$'000	Chinese Renminbi \$'000	United States Dollar \$'000
Trade and other receivables	–	55,940	–	49,429
Cash and bank balances	63	660	63	660
Loans and borrowings	–	(6,037)	–	(464)
Trade and other payables	–	(1)	–	(4)
	63	50,562	63	49,621

#### Sensitivity analysis

A 10% strengthening of the following major currencies against the functional currency of each of the Group's entities at the reporting date would increase/(decrease) profit before income tax by the amount shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

Group	Profit before income tax	
	2019 \$'000	2018 \$'000
Singapore Dollar	1,853	2,340
Chinese Renminbi	230	1,633
United States Dollar	(5,841)	(11,921)
Ringgit Malaysia	539	(1)
Euro	(508)	204
Hong Kong Dollar	(94)	(94)
<b>Company</b>		
Chinese Renminbi	6	6
United States Dollar	5,056	4,962

A 10% weakening of the above would have equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 35. Fair value of assets and liabilities

### (a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 – Unobservable inputs for the assets or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

### (b) Assets and liabilities measured at fair value

The following table shows an analysis of each class of assets and liabilities measured at fair value at the end of the reporting period:

	Group			Total
	Quoted prices in active markets for identical instruments (Level 1)	Significant observable inputs other than quoted prices (Level 2)	Significant unobservable inputs (Level 3)	
31 December 2019	\$'000	\$'000	\$'000	\$'000

## 35. Fair value of assets and liabilities (cont'd)

### (b) *Assets and liabilities measured at fair value (cont'd)*

	Group			Total
	Quoted prices in active markets for identical instruments	Significant observable inputs other than quoted prices	Significant unobservable inputs	
31 December 2018	(Level 1)	(Level 2)	(Level 3)	
	\$'000	\$'000	\$'000	\$'000
<b>Financial assets</b>				
Other investments	7,267	–	–	7,267
Derivatives	–	899	–	899
Bill receivables	–	1,386,734	–	1,386,734
<b>At 31 December 2018</b>	<b>7,267</b>	<b>1,387,633</b>	<b>–</b>	<b>1,394,900</b>

### (c) *Level 2 fair value measurements*

The Group's derivatives at the end of the reporting period consist of the following:

- i. On 19 September 2018, the Group entered into a non-deliverable forward foreign exchange contract ("NDF") with a bank to purchase US\$73.0 million at the forward exchange rate (RMB/USD) of 6.8599 on 13 September 2019. The Group accounted for this NDF at fair value through "Other income" in the income statement.
- ii. On 11 December 2019, the Group entered into a NDF with a bank to purchase US\$20.0 million at the forward exchange rate (RMB/USD) of 7.0901 on 8 December 2020. The Group accounted for this NDF at fair value through "Other income" in the income statement.
- iii. In 2019, the Group entered into forward currency contracts which were used for the Group's sales and purchases denominated in USD and EURO for which firm commitments existed at the reporting date, extending to 2020. The Group accounted for this forward currency contract at fair value through "Other income" in the income statement.

Forward currency contracts are valued using a valuation technique with market observable inputs. The most frequently applied valuation techniques include forward pricing and swap models, using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates, interest rate curves and forward rate curves.

The fair value of the Group's bill receivables are measured based on quoted market interest rates of similar instruments.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 35. Fair value of assets and liabilities (cont'd)

- (d) ***Fair value of financial instruments by classes that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value***

The carrying amounts of current trade and other receivables (Note 16), cash and short-term deposits (Note 17), trade and other payables (Note 22), and current loans and borrowings (Note 20) are reasonable approximation of fair values due to their short-term nature.

The carrying amounts of non-current receivables (Note 12) and other non-current payables (Note 22) are reasonable approximation of fair values as the consideration of time value of money is not material.

The carrying amounts of long term deposits (Note 17) and non-current loans and borrowings (Note 20) are reasonable approximation of fair values as they are floating rate instruments that are re-priced to market interest rates on or near the reporting period or their interest rates approximate the market lending rate.

Set out below is a comparison by category of carrying amounts of the Group's and the Company's financial instruments that are carried in the financial statements:

## 36. Capital management

Capital includes debt and equity items as disclosed in the table below.

The primary objective of the Group's capital management is to ensure that it maintains healthy capital structure in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31 December 2019 and 2018.

As disclosed in Note 19(b), the Group's subsidiaries in the PRC are required by the Foreign Enterprise Law of the PRC to contribute to and maintain a non-distributable statutory reserve fund whose utilisation is subject to approval by the relevant PRC authorities. This externally imposed capital requirement has been complied with by the above mentioned subsidiaries for the financial years ended 31 December 2019 and 2018.

There were no changes in the Group's approach to capital management during the year.

## 37. Segment information

For management purpose, the Group is organised into business units based on their products and services and has five reportable operating segments as follows:

### **Reportable segments**

- (i) Diesel engines: diesel engines and automobile spare parts.
- (ii) Consumer products (discontinued operation – see Note 7(e)): refrigerators, freezers and washing machines.
- (iii) Building materials: cement, precast concrete products, ready-mix concrete and quarry products.
- (iv) Rigid plastic packaging: plastic packaging related products and container components.
- (v) Air-conditioning systems: commercial and residential air-conditioning products and lifestyle consumer appliances.

Other operations include hospitality and property development. None of these segments meets any of the quantitative thresholds for determining reportable segments in 2019 or 2018.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before income tax, as included in the internal management reports that are reviewed by the Group's Chief Operating Decision Maker. Segment report is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 37. Segment information (cont'd)

### Geographical segments

The Group operations are primarily in the PRC, Singapore and Malaysia.

In presenting information on the basis of geographical segments, segment revenue is based on the geographical location of customers. Segment assets are based on the geographical location of the assets.

	The PRC \$'000	Singapore \$'000	Malaysia \$'000	Others \$'000	Consolidated total \$'000
<b>2019</b>					
Total revenue from external customers	3,573,020	308,376	205,887	16,806	4,104,089
Non-current assets #	1,041,499	34,345	150,744	2	1,226,590
<b>2018</b>					
Total revenue from external customers	3,318,192	243,812	197,630	26,007	3,785,641
Non-current assets #	869,122	22,709	152,815	4	1,044,650

# Exclude interests in associates and joint ventures, other investments, capitalised contract costs, deferred tax assets, long-term deposits and non-current receivables.

### Major customer

Revenue from one customer group of the Group's diesel engines segment in the PRC amounted to approximately \$1,027,686,000 (2018: \$908,656,000).

## 38. Significant accounting judgements and estimates

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

### (a) Judgements made in applying accounting policies

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the consolidated financial statements:

#### (i) Derecognition of bill receivable

The Group sells bill receivable to banks on an ongoing basis depending on funding needs and money market conditions. While the buyer is responsible for servicing the receivables upon maturity of the bill receivable, Chinese law governing bills allows recourse to be traced to all the parties in the discounting process. In relation to the de-recognition of bill receivable when discounted, the management believes that the contractual right to receive the cash flows from the asset have terminated with the Group, but transferred to the banks. Accordingly, bill receivable are derecognised, and a discount equal to the difference between the carrying value of the bill receivable and cash received is recorded in the statement of profit or loss. Please refer to Note 16 to the financial statements.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 38. Significant accounting judgements and estimates (cont'd)

### (a) Judgements made in applying accounting policies (cont'd)

#### (ii) *Identifying performance obligations in sales of engines*

The Group provides certain warranties for both general repairs and maintenance service as part of the sales of diesel engines. For general repairs, such warranties will be assurance-type warranty that will continue to be accounted for under SFRS(I) 1-37 *Provisions, Contingent Liabilities and Contingent Assets*. For maintenance services, it will be accounted for as a service-type warranties that are capable of being distinct and customers can benefit from the service on its own. Hence, the Group identified two separate performance obligation, one is the promise to transfer the engine and the other one is to provide maintenance services after reaching certain on-road mileage or running hours. Consequently, the Group allocated a portion of the transaction price to the engines and the maintenance services based on relative stand-alone selling prices that are determined by a combination of expected cost plus margin and residual approaches.

#### (iii) *Capitalisation of development costs*

Development costs are capitalised in accordance with the accounting policy in Note 2.13. Initial capitalisation of costs is based on management's judgement that technological and economic feasibility is confirmed, usually when a product development project has reached a defined milestone according to an established project management model.

The carrying amount of development costs capitalised is disclosed in Note 5 to the financial statements.

### (b) Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

#### (i) *Impairment of non-financial assets*

An impairment exists when the carrying value of an asset or cash-generating unit exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its value in use. The fair value less costs to sell calculation is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing the asset. Where applicable, the Group considers independent valuation reports of valuation specialists. The value in use calculation is based on a discounted cash flow model or relief-from-royalty method depending on the nature of the non-financial asset. The cash flows are derived from the budget for the next five years or the commercial useful life of the assets and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the asset's performance of the cash-generating unit being tested. The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash inflows and the growth rate used for extrapolation purposes.

Further details of the key assumptions applied in the impairment assessment of property, plant and equipment and intangible assets are disclosed in Note 6 to the financial statements.

Further details of the key assumptions applied in the impairment assessment of investment in subsidiaries are disclosed in Note 7 to the financial statements.

# NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2019

## 38. Significant accounting judgements and estimates (cont'd)

### (b) Key sources of estimation uncertainty (cont'd)

#### (ii) Allowance for inventory obsolescence

Where necessary, allowance for inventory obsolescence would be set up for estimated losses which may result from obsolete inventories held. The Group estimates the level of allowance based on the prevailing market conditions and historical provisioning experience. The required level of allowance could change significantly as a result of changes in market conditions.

The amounts of allowance recognised are disclosed in Note 14 to the financial statements.

## 39. Events occurring after the reporting period

### *Coronavirus disease ("COVID-19") outbreak*

Subsequent to the reporting period, the COVID-19 outbreak halted almost all economic activities, save for essential services, and disrupted global supply chains. Various measures (which included city lockdowns, travel restrictions and quarantine measures) have been implemented by governments in the countries that the Group operates in, to contain the spread of COVID-19.

The COVID-19 outbreak is expected to have an impact on the performance of the Group's businesses in China, Singapore and Malaysia for 2020.

The Group's diesel engines unit in China resumed operations in mid-February 2020 at a relatively small scale due to the shortage of engine components and materials as a result of continuing supply chain disruptions as well as lack of manpower. By mid-March 2020, utilisation rate surpassed 50% and has continued to increase since then.

In Malaysia, the Movement Control Order ("MCO") imposed since 18 March 2020 is still in force. During the MCO period, factories producing non-essential goods are not permitted to operate and no deliveries may be made. While the Group's integrated cement plant is not considered as essential goods, it had since received approval to resume operation. However, its ready-mix batching plants have yet to resume operations.

The Circuit Breaker ("CB") measures in Singapore came into force on 7 April 2020 and businesses which are deemed as non-essential have to cease operations including the Group's building materials unit during this period. The Singapore government has put in place schemes and made certain policy changes to help companies deal with financial difficulties caused by the imposition of the CB. Laws have been passed to temporarily put on hold certain contractual obligation of parties during the CB period including those relating to deliveries of building materials and project and project delays in the construction industry.

The COVID-19 situation is still evolving. The Group is closely monitoring and assessing the overall impact on the Group's businesses and financial performance for 2020 and will take the necessary remedial measures, where possible.

### *Acquisition of additional interest in a subsidiary*

On 21 April 2020, the Group's subsidiary company, Well Summit Investments Limited, acquired an additional 0.97% equity interest in CYI from the open market for a cash consideration of US\$4,702,395.37, thereby increasing the Group's interest in CYI to 42.72%.

## 40. Authorisation of financial statements

The financial statements of Hong Leong Asia Ltd. for the year ended 31 December 2019 were authorised for issue in accordance with a resolution of the directors passed on 30 April 2020.

此报告中的附注是组成这些财务报表不可或缺的内容

# ANALYSIS OF SHAREHOLDINGS

as at 14 May 2020

Class of Shares	:	Ordinary shares
Number of Ordinary Shares in issue	:	747,817,118
Number of Ordinary Shareholders	:	5,510
Voting Rights	:	1 vote for 1 share

As at 14 May 2020, there were no shares held as treasury shares or subsidiary holdings<sup>^</sup> in the Company.

<sup>^</sup> 'Subsidiary holdings' is defined in the Listing Manual issued by Singapore Exchange Securities Trading Limited ("Listing Manual") to mean shares referred to in Sections 21(4), 21(4B), 21(6A) and 21(6C) of the Companies Act, Chapter 50.

Range of Shareholdings	No. of Shareholders	%	No. of Shares Held	%
1 – 99	12	0.22	143	0.00
100 – 1,000	653	11.85	618,417	0.08
1,001 – 10,000	3,028	54.95	16,443,440	2.20
10,001 – 1,000,000	1,796	32.60	84,006,335	11.23
1,000,001 and above	21	0.38	646,748,783	86.49
	5,510	100.00	747,817,118	100.00

Based on information available to the Company as at 14 May 2020, approximately 24.15% of the total number of issued Shares of the Company is held by the public and therefore Rule 723 of the Listing Manual is complied with.

## MAJOR SHAREHOLDERS LIST - TOP 20 AS AT 14 May 2020

\* The percentage of Shares held is based on the total number of issued Shares of the Company as at 14 May 2020.

### Notes:

- (1) Hong Leong Corporation Holdings Pte Ltd ("HLCH") is deemed under Section 4 of the Securities and Futures Act, Chapter 289 of Singapore (the "SFA") to have an interest in the Shares held directly by its wholly-owned subsidiary, Starich Investments Pte. Ltd. ("Starich").
- (2) Hong Leong Enterprises Pte. Ltd. is deemed under Section 4 of the SFA to have an interest in the Shares held directly by HLCH and Starich, in which it is entitled to exercise or control the exercise of not less than 20% of the voting shares in the latter companies.
- (3) Hong Leong Investment Holdings Pte. Ltd. ("HLIH") is deemed under Section 4 of the SFA to have an interest in the Shares held directly by its subsidiaries, HLCH, Starich, Millennium Securities Pte Ltd and Welkin Investment Pte Ltd.
- (4) Davos Investment Holdings Private Limited and Kwek Holdings Pte Ltd are deemed under Section 4 of the SFA to have interests in the Shares referred to in Note 3 above held indirectly by HLIH, in which each of them is entitled to exercise or control the exercise of not less than 20% of the voting shares in HLIH.

# NOTICE OF ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN that the Fifty-Ninth Annual General Meeting (the "**Meeting**") of HONG LEONG ASIA LTD. (the "**Company**") will be convened and held by way of electronic means on Thursday, 18 June 2020 at 10.00 a.m. for the following purposes:

## A. ORDINARY BUSINESS:

1. To receive and adopt the Directors' Statement and Audited Financial Statements for the year ended 31 December ("**FY**") 2019 and the Auditors' Report thereon.
2. To declare a first and final one-tier tax exempt dividend of 1 cent per ordinary share for FY 2019 ("**First and Final Dividend**").
3. To approve Directors' Fees of \$414,685 for FY 2019 (FY 2018: \$426,866) and Audit and Risk Committee ("**ARC**") Fees comprising \$58,000 payable to the ARC chairman and \$38,000 payable to each ARC member for FY 2020 (FY 2019: \$58,000 payable for the ARC chairman and \$38,000 for each ARC member).
4. To re-elect the following Directors who would be retiring in accordance with the Company's Constitution and who, being eligible, offer themselves for re-election as Directors of the Company:
  - (a) Mr Kwek Leng Peck
  - (b) Mr Ng Sey Ming

*Detailed information on the Directors who are proposed to be re-elected can be found under the sections on "Board of Directors" and "Additional Information on Directors Seeking Re-election" of the 2019 Annual Report.*

5. To re-appoint Ernst & Young LLP as Auditor of the Company and to authorise the Directors to fix their remuneration.

## B. SPECIAL BUSINESS:

To consider and, if thought fit, to pass, with or without any modifications, the following resolutions as Ordinary Resolutions:

6. That authority be and is hereby given to the Directors to:
  - (a) (i) issue shares of the Company ("**shares**") whether by way of rights, bonus or otherwise; and/or
  - (ii) make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may, in their absolute discretion, deem fit; and
- (b) (notwithstanding the authority conferred by this Ordinary Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors while this Ordinary Resolution is in force,

## NOTICE OF ANNUAL GENERAL MEETING

provided that:

- (1) the aggregate number of shares to be issued pursuant to this Ordinary Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Ordinary Resolution but excluding shares which may be issued pursuant to any adjustments effected under any relevant Instrument) does not exceed 100% of the total number of issued shares, excluding treasury shares and subsidiary holdings, of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a *pro rata* basis to shareholders of the Company (including shares to be issued in pursuance of Instruments made or granted pursuant to this Ordinary Resolution but excluding shares which may be issued pursuant to any adjustments effected under any relevant Instrument) does not exceed 20% of the total number of issued shares, excluding treasury shares and subsidiary holdings, of the Company (as calculated in accordance with sub-paragraph (2) below);
  - (2) (subject to such manner of calculation as may be prescribed by Singapore Exchange Securities Trading Limited (“**SGX-ST**”)) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the percentage of issued shares, excluding treasury shares and subsidiary holdings, shall be based on the total number of issued shares, excluding treasury shares and subsidiary holdings, of the Company at the time this Ordinary Resolution is passed, after adjusting for:
    - (i) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this Ordinary Resolution is passed; and
    - (ii) any subsequent bonus issue, consolidation or subdivision of shares; and, in sub-paragraph (1) above and this sub-paragraph (2), “subsidiary holdings” has the meaning given to it in the Listing Manual of SGX-ST;
  - (3) in exercising the authority conferred by this Ordinary Resolution, the Company shall comply with the provisions of the Listing Manual of SGX-ST for the time being in force (unless such compliance has been waived by SGX-ST) and the Constitution for the time being of the Company; and
  - (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Ordinary Resolution shall continue in force until the conclusion of the next annual general meeting (“**AGM**”) of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is the earlier.
7. That approval be and is hereby given to the Directors to offer and grant options in accordance with the provisions of the Hong Leong Asia Share Option Scheme 2000 (the “**SOS**”) to eligible participants under the SOS other than Parent Group Employees and Parent Group Non-Executive Directors (each as defined under the terms of the SOS) and to allot and issue from time to time such number of shares of the Company as may be required to be issued pursuant to the exercise of the options granted under the SOS, provided that the aggregate number of shares to be issued pursuant to the SOS shall not exceed 15% of the total number of issued shares excluding treasury shares of the Company and subsidiary holdings (as defined in the Listing Manual of the SGX-ST) from time to time.
8. That approval be and is hereby given, pursuant to Rule 16.1 of the rules of the SOS, for the extension of the duration of the SOS for a further period of 10 years from 30 December 2020 to 29 December 2030.

# NOTICE OF ANNUAL GENERAL MEETING

9. That:

(a) for the purposes of Sections 76C and 76E of the Companies Act, Chapter 50 of Singapore (the "**Companies Act**"), the exercise by the Directors of the Company of all the powers of the Company to purchase or otherwise acquire issued ordinary shares of the Company (the "**Shares**") not exceeding in aggregate the Maximum Limit (as hereinafter defined), at such price or prices as may be determined by the Directors from time to time up to the Maximum Price (as hereinafter defined), whether by way of:

- (i) market purchase(s) on SGX-ST and/or any other stock exchange on which the Shares may for the time being be listed and quoted ("**Other Exchange**"); and/or
- (ii) off-market purchase(s) (if effected otherwise than on SGX-ST or, as the case may be, Other Exchange) in accordance with any equal access scheme(s) as may be determined or formulated by the Directors as they may, in their absolute discretion, deem fit, which scheme(s) shall satisfy all the conditions prescribed by the Companies Act,

and otherwise in accordance with all other laws, regulations and rules of SGX-ST or, as the case may be, Other Exchange as may for the time being be applicable, be and is hereby authorized and approved generally and unconditionally (the "**Share Purchase Mandate**");

(b) the authority conferred on the Directors of the Company pursuant to the Share Purchase Mandate may be exercised by the Directors at any time and from time to time during the period commencing from the date of the passing of this Ordinary Resolution and expiring on the earliest of:

- (i) the date on which the next AGM of the Company is held or required by law to be held;
- (ii) the date on which the authority conferred by the Share Purchase Mandate is varied or revoked in general meeting; or
- (iii) the date on which the purchases or acquisitions of Shares pursuant to the Share Purchase Mandate are carried out to the full extent mandated;

(c) in this Ordinary Resolution:

"Average Closing Price" means the average of the closing market prices of a Share for the five consecutive market days on which the Shares are transacted on SGX-ST or, as the case may be, Other Exchange immediately preceding the date of market purchase by the Company or, as the case may be, the date of the making of the offer pursuant to the off-market purchase, and deemed to be adjusted in accordance with the listing rules of SGX-ST for any corporate action which occurs during the relevant five-day period and the day on which the purchase is made;

"date of the making of the offer" means the date on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from holders of Shares, stating therein the purchase price (which shall not be more than the Maximum Price) for each Share, and the relevant terms of the equal access scheme for effecting the off-market purchase;

"Maximum Limit" means that number of issued Shares representing 10% of the total number of issued Shares of the Company (excluding treasury shares and subsidiary holdings (as defined in the Listing Manual of SGX-ST)) as at the date of the passing of this Ordinary Resolution; and

"Maximum Price" in relation to a Share to be purchased or acquired, means the purchase price (excluding brokerage, stamp duties (if applicable), commission, applicable goods and services tax and other related expenses (if applicable)) which shall not exceed:

- (i) in the case of a market purchase of a Share, 105% of the Average Closing Price of the Shares; and
- (ii) in the case of an off-market purchase of a Share pursuant to an equal access scheme, 110% of the Average Closing Price of the Shares; and

## NOTICE OF ANNUAL GENERAL MEETING

10. (a) That approval be and is hereby given for the purpose of Chapter 9 of the Listing Manual of SGX-ST, for the Company, its subsidiaries and its associated companies that are not listed on SGX-ST, or an approved exchange, over which the Company, its subsidiaries and/or its interested person(s), have control, or any of them, to enter into any of the transactions falling within the category of Interested Person Transactions, particulars of which are set out in the Letter to Shareholders dated 27 May 2020 (the “**Letter to Shareholders**”) with any party who is of the class or classes of Interested Persons described in the Letter to Shareholders; provided that such transactions are entered into in accordance with the review procedures for Interested Person Transactions as set out in the Letter to Shareholders, and that such approval (the “**IPT Mandate**”), shall unless revoked or varied by the Company in general meeting, continue in force until the next AGM of the Company; and
- (b) That the Directors and each of them be and are hereby authorised to complete and do all such acts and things (including executing all such documents as may be required) as they or he may consider expedient or necessary or in the interests of the Company to give effect to the IPT Mandate and/or this Ordinary Resolution.

### C. TO TRANSACT ANY OTHER ORDINARY BUSINESS

#### BY ORDER OF THE BOARD

Ng Siew Ping, Jaslin  
Yeo Swee Gim, Joanne  
Company Secretaries

Singapore, 27 May 2020

#### Explanatory Notes:

1. With reference to item 2 of the Ordinary Business above, the Share Transfer Books and Register of Members will be closed from 5.00 p.m. on 25 June 2020 up to (and including) 26 June 2020. Registrable transfers received up to 5.00 p.m. on 25 June 2020 will be registered to determine shareholders' entitlement to the First and Final Dividend. If approved at the Meeting, it will be paid on 8 July 2020.
2. With reference to item 3 of the Ordinary Business above, the Directors' Fees of \$414,685 for FY 2019 excludes the ARC Fees of \$58,000 per annum paid to the ARC chairman and \$38,000 per annum paid to each ARC member for FY 2019 which had been approved by shareholders at the 2019 AGM of the Company. The payment of the ARC Fees for FY 2020 shall be made on a quarterly basis in arrears at the end of each calendar quarter (except for the first quarter of 2020 which shall be made upon the approval by the shareholders at the Meeting). Further information on the Directors' Fees structure can be found on page 31 of the Annual Report.
3. With reference to item 4(a) of the Ordinary Business above, Mr Kwek Leng Peck will, upon re-election as a Director of the Company, remain as Chairman of the Board and a member of the Nominating Committee, and SOS Committee (“**SOSC**”).  
  
Key information on Mr Kwek can be found on page 15 and pages 234 to 237 of the Annual Report.
4. With reference to item 4(b) of the Ordinary Business above, Mr Ng Sey Ming will, upon re-election as a Director of the Company, remain as a member of the ARC, Remuneration Committee and SOSC. Mr Ng is considered an Independent Director.

Key information on Mr Ng can be found on page 17 and pages 234 to 237 of the Annual Report.

## NOTICE OF ANNUAL GENERAL MEETING

5. The Ordinary Resolution set out in item 6 of the Special Business above, if passed, will empower the Directors of the Company from the date of the Meeting until the next AGM (unless such authority is revoked or varied at a general meeting), to issue shares and/or make or grant Instruments that might require shares to be issued up to a number not exceeding 100% of the total number of issued shares, excluding treasury shares and subsidiary holdings, of the Company, of which up to 20% may be issued other than on a *pro rata* basis to shareholders. The aggregate number of shares which may be issued under this Ordinary Resolution will be calculated based on the total number of issued shares, excluding treasury shares and subsidiary holdings, of the Company at the time that this Ordinary Resolution is passed, after adjusting for new shares arising from the conversion or exercise of any convertible securities or share options which are outstanding or subsisting at the time this Ordinary Resolution is passed and any subsequent bonus issue, consolidation or subdivision of shares.

On 8 April 2020, SGX RegCo issued a news release which introduced measures to support issuers amid the challenging business and economic climate due to COVID-19, including enabling the acceleration of fund-raising efforts by allowing Mainboard issuers to seek a general mandate for an issue of shares and convertible securities of up to an aggregate of 100% of its issued shares (excluding treasury shares and subsidiary holdings), versus up to 50% previously (the “**Enhanced Share Issue Limit**”), of which the aggregate number of shares and convertible securities issued other than on a *pro rata* basis remains at not more than 20% to shareholders. The Enhanced Share Issue Limit may be renewed at the 2021 AGM and is only valid until 31 December 2021, by which date any shares issued pursuant to the Enhanced Share Issue Limit must be listed, and no further shares may be issued under this limit.

The Company is proposing to avail itself to the Enhanced Share Issue Limit and accordingly is seeking shareholders’ approval for the same at the Meeting. The Board of Directors is of the view that it would be in the interests of the Company and its shareholders to do so in the event that circumstances evolve before the 2021 AGM amid the COVID-19 situation to such an extent that a 50% limit for *pro rata* issue of shares is not sufficient to meet the Company’s needs. Under such circumstances, fund raising efforts would be unnecessarily hampered and compromised in view of the time needed to obtain shareholders’ approval for the issue of shares above the 50% threshold.

6. The Ordinary Resolution set out in item 7 of the Special Business above, if passed, will empower the Directors to offer and grant options in accordance with the SOS to eligible participants under the SOS other than Parent Group Employees and Parent Group Non-Executive Directors and to issue from time to time such number of shares of the Company pursuant to the exercise of such options under the SOS subject to such limits as prescribed in the SOS (see *note below on voting restrictions*).
7. The Ordinary Resolution set out in item 8 of the Special Business above, if passed, will extend the duration of the SOS for a further period of 10 years from 30 December 2020 to 29 December 2030. Please refer to Annexures I and II of the Letter to Shareholders (see *note below on voting restrictions*).

*Voting restrictions pursuant to Rule 859 of the Listing Manual of SGX-ST*

*Please note that the following persons should abstain from voting at the Meeting in respect of the Ordinary Resolution set out in item 7 or, as the case may be, item 8 in relation to the SOS, and accordingly should not appoint the Chairman of the Meeting to vote on their behalf :*

- (a) *in the case of the Ordinary Resolution set out in item 7: a shareholder who is eligible to participate in the SOS (other than as a director and/or employee of Hong Leong Investment Holdings Pte. Ltd. (the “Parent Company”) and its subsidiaries (but not including the Company and its subsidiaries)), and*
- (b) *in the case of the Ordinary Resolution set out in item 8: a shareholder who is eligible to participate in the SOS.*
8. The Ordinary Resolution set out in item 9 of the Special Business above, if passed, will empower the Directors to make purchases or otherwise acquire the Company’s issued Shares from time to time subject to and in accordance with the guidelines set out in Annexure III of the Letter to Shareholders. This authority will expire at the conclusion of the next AGM of the Company, unless previously revoked or varied at a general meeting or when such purchases or acquisitions are carried out to the full extent mandated.

## NOTICE OF ANNUAL GENERAL MEETING

9. The Ordinary Resolution set out in item 10 of the Special Business above, if passed, will renew the IPT Mandate first approved by Shareholders on 30 May 2003 to facilitate the Company, its subsidiaries and its associated companies, to enter into Interested Person Transactions, the details of which are set out in Annexures IV and V of the Letter to Shareholders. The IPT Mandate will continue in force until the conclusion of the next AGM of the Company, unless previously revoked or varied at a general meeting.

*Voting restrictions pursuant to Rule 921(7) of the Listing Manual of SGX-ST*

*The Parent Company and its subsidiaries, the Directors of the Company and their associates, who are also shareholders of the Company and being Interested Persons under the IPT Mandate, are required to abstain from voting at the Meeting in respect of the Ordinary Resolution set out in item 10 in relation to the proposed renewal of the IPT Mandate.*

### Meeting Notes:

1. The Meeting is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed copies of this Notice will not be sent to members, instead, this Notice will be sent to members by electronic means via publication on the Company's website at URL <http://www.hlasia.com.sg/agm>. This Notice will also be made available on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.
2. Alternative arrangements relating to the attendance at the Meeting via electronic means (including arrangements by which the Meeting can be electronically accessed via live audio-visual webcast or live audio-only stream), submission of questions to the Chairman of the Meeting in advance of the Meeting, addressing of substantial and relevant questions at the Meeting and voting by appointing the Chairman of the Meeting as proxy at the Meeting, are set out in the accompanying Company's announcement dated 27 May 2020. The announcement may be accessed at the Company's website at URL <http://www.hlasia.com.sg/agm>, and will also be made available on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.
3. Due to the current COVID-19 restriction orders in Singapore, a member will not be able to attend the Meeting in person. A member (whether individual or corporate) must appoint the Chairman of the Meeting as his/her/its proxy to attend, speak and vote on his/her/its behalf at the Meeting if such member wishes to exercise his/her/its voting rights at the Meeting. The accompanying Proxy Form for the Meeting may be accessed at the Company's website at the URL <http://www.hlasia.com.sg/agm>, and also be made available at the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.

Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to the voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.

CPF or SFRS investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes by 5.00 p.m. on 8 June 2020.

4. The Chairman of the Meeting, as proxy, need not be a member of the Company.

# NOTICE OF ANNUAL GENERAL MEETING

5. The form appointing the Chairman of the Meeting as proxy must be submitted to the Company in the following manner:
- (a) if submitted by post, be lodged with the Company's Share Registrar, M & C Services Private Limited at 112 Robinson Road, #05-01, Singapore 068902; or
  - (b) if submitted electronically, via email to the Company's Share Registrar at [gpb@mncsingapore.com](mailto:gpb@mncsingapore.com),
- in either case, at least 72 hours before the time for holding the Meeting.

A member who wishes to submit an instrument of proxy must complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

**In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult for members to submit completed proxy forms by post, members are strongly encouraged to submit completed proxy forms electronically via email.**

6. The Annual Report for the financial year ended 31 December 2019 ("**2019 Annual Report**") and the Letter to Shareholders dated 27 May 2020 ("**Letter to Shareholders**") are available on the Company's website as follows:
- (a) the 2019 Annual Report may be accessed at the URL <http://www.hlasia.com.sg/agm>; and
  - (b) the Letter to Shareholders may be accessed at the URL <http://www.hlasia.com.sg/agm>

#### **Personal data privacy:**

By (a) submitting a form appointing the Chairman of the Meeting as proxy to attend, speak and vote at the Meeting and/or any adjournment thereof, or (b) submitting details for the registration to observe the proceedings of the Meeting via a live audio-visual webcast or a live audio-only stream (via telephone) ("**Virtual Meeting**"), or (c) submitting any question prior to the Meeting in accordance with this Notice, a member of the Company consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the following purposes:

- (a) processing and administration by the Company (or its agents or service providers) of the appointment of the Chairman of the Meeting as proxy for the Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, proxy lists, minutes and other documents relating to the Meeting (including any adjournment thereof);
- (b) processing of the registration for purpose of granting access to members (or their corporate representatives in the case of members which are legal entities) to observe the proceedings of the Virtual Meeting and providing them with any technical assistance where necessary;
- (c) addressing relevant and substantial questions from members received before the Meeting and if necessary, following up with the relevant members in relation to such questions; and
- (d) enabling the Company (or its agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines by the relevant authorities.

**IMPORTANT:**  
Alternative Arrangements for Annual General Meeting ("Meeting")

- The Meeting is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed copies of the Notice of Meeting will not be sent to members. Instead, the Notice of Meeting will be sent to members by electronic means via publication on the Company's website at the URL <http://www.hlasia.com.sg/agm>. The Notice of Meeting will also be made available on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.
- Alternative arrangements relating to attendance at the Meeting via electronic means (including arrangements by which the Meeting can be electronically accessed via live audio-visual webcast or live audio-only stream), submission of questions to the Chairman of the Meeting in advance of the Meeting, addressing of substantial and relevant questions at the Meeting and voting by appointing the Chairman of the Meeting as proxy at the Meeting, are set out in the accompanying Company's announcement dated 27 May 2020. The announcement may be accessed at the Company's website at the URL <http://www.hlasia.com.sg/agm>, and will also be made available on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>.
- Due to the current COVID-19 restriction orders in Singapore, a member will not be able to attend the Meeting in person. A member (whether individual or corporate) must appoint the Chairman of the Meeting as his/her/its proxy to attend, speak and vote on his/her/its behalf at the Meeting if such member wishes to exercise his/her/its voting rights at the Meeting.**
- Please read the notes overleaf which contain instructions on, *inter alia*, the appointment of the Chairman of the Meeting as a member's proxy to attend, speak and vote on his/her/its behalf at the Meeting.

CPF/SRS Investors  
5. CPF/SRS Investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks/SRS Operators to submit their votes by 5.00 p.m. on 8 June 2020.

Personal Data  
6. By submitting a form appointing the Chairman of the Meeting as proxy, the member accepts and agrees to the personal data privacy terms set out in the Notice of Meeting dated 27 May 2020.

I/We, (name) \_\_\_\_\_ with NRIC/Passport/Co. Reg. No.: \_\_\_\_\_  
of (address) \_\_\_\_\_

being a member/members of HONG LEONG ASIA LTD. (the "Company"), hereby appoint:  
the Chairman of the Meeting

as my/our proxy/proxies to attend, speak and vote for me/us on my/our behalf at the Fifty-Ninth Annual General Meeting of the Company (the "Meeting") to be convened and held by way of electronic means on Thursday, 18 June 2020 at 10.00 a.m., and at any adjournment thereof.

I/We have indicated with an 'X' in the appropriate box against each item below how I/we wish the Chairman of the Meeting as my/our proxy to vote, or to abstain from voting.

**NOTE:** Voting on all resolutions will be conducted by poll. If you wish the Chairman of the Meeting as your proxy to cast all your votes "For" or "Against" a resolution, please indicate with an 'X' in the "For" or "Against" box provided in respect of that resolution. Alternatively, please indicate the number of votes "For" or "Against" in the "For" or "Against" box provided in respect of that resolution. If you wish the Chairman of the Meeting as your proxy to abstain from voting on a resolution, please indicate with an "X" in the "Abstain" box provided in respect of that resolution. Alternatively, please indicate the number of shares that the Chairman of the Meeting as your proxy is directed to abstain from voting in the "Abstain" box provided in respect of that resolution. **In the absence of specific directions in respect of a resolution, the appointment of the Chairman of the Meeting as your proxy for that resolution will be treated as invalid.**

## NOTES:

1. Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (maintained by The Central Depository (Pte) Limited), you should insert that number of shares. If no number is inserted, this form of proxy will be deemed to relate to all the shares held by you.
2. Due to the current COVID-19 restriction orders in Singapore, a member will not be able to attend the Meeting in person. A member (whether individual or corporate) must appoint the Chairman of the Meeting as his/her/its proxy to attend, speak and vote on his/her/its behalf at the Meeting if such member wishes to exercise his/her/its voting rights at the Meeting. This proxy form may be accessed at the Company's website at the URL <http://www.hlasia.com.sg/agm>, and will also be made available on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>. Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.

CPF/SRS investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes by 5.00 p.m. on 8 June 2020.

3. The Chairman of the Meeting, as proxy, need not be a member of the Company.
4. The form appointing the Chairman of the Meeting as proxy must be submitted to the Company in the following manner:
  - (a) if submitted by post, be deposited at the office of the Company's Share Registrar, M & C Services Private Limited at 112 Robinson Road, #05-01, Singapore 068902; or
  - (b) if submitted electronically, be submitted via email to the Company's Share Registrar at [gpb@mncsingapore.com](mailto:gpb@mncsingapore.com), in either case not less than 72 hours before the time appointed for holding the Meeting.

A member who wishes to submit a form of proxy must first download, complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult for members to submit completed proxy forms by post, members are strongly encouraged to submit completed proxy forms electronically via email.

5. The form appointing the Chairman of the Meeting as proxy must be signed by the appointor or his attorney duly authorized in writing. Where the form appointing the Chairman of the Meeting as proxy is executed by a corporation, it must be executed either under its seal or signed by a director or an officer or an attorney duly authorized.
6. The Company shall be entitled to reject the form of proxy if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the form of proxy (including any related attachment). In addition, in the case of a member whose shares are entered in the Depository Register, the Company may reject any form of proxy lodged if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.
